Prudent Speculator Al Frank On Investing:

The Prudent Speculator Al Frank, 1990 Novice and veteran stock speculators alike can profit from the sound financial advice presented in a practical guide to investing written by the publisher of *The Prudent Speculator* Al Frank's *New Prudent Speculator* Al Frank, 1995 In this revised edition of his classic book *The Prudent Speculator* Frank discusses his investment philosophy and reveals precisely how he goes about picking stocks and managing a portfolio Both part time and seasoned investors will find a unique but proven strategy in Frank's investment strategy Based on systematic fundamental principles market timing and the use of margin his system for finding undervalued investment opportunities will help you make more informed and profitable money management decisions Completely revised and updated Al Frank's *New Prudent Speculator* now includes a new Chapter 10 where he discusses What's Wrong with Mutual Funds In addition he provides advice on an important but often neglected subject the psychological aspects of investing **The Stock Option Income**

Generator Harvey C. Friedentag, 2009-10-05 A straightforward guide to generating consistent income by selling call options on selected stocks *The Stock Option Income Generator* outlines a low stress approach to making predictable profits no matter what the state of the overall market Harvey Friedentag a registered investment advisor who has been successfully using this strategy for more than thirty six years shows how to pick stocks and then sell call options against those stocks to generate a constant source of income With this book you'll quickly learn to Make consistent profits in the stock market and increase your gains Protect stock holdings from price declines cutting your losses Profit from big market moves as well as sideways moves Receive a controllable tax shelter from an option income portfolio Buy more stocks for less money Friedentag's strategy is ideal for anyone who wants to generate better returns than the overall market averages with less risk and receive the benefits of tax advantaged investing **Magnet Investing** Jordan L. Kimmel, 2000 The secrets of

building a successful stock portfolio involve joining the resources of this stock selection program with a home PC This guide describes the key characteristics common in companies when their stock undergoes a major surge and provides the foundation for individuals to develop a personalized portfolio and money management skills to vastly increase investment success *The Valley of the Fallen* Donald Katz, 2001-10-09 Few writers can match journalist Donald Katz's ability to make an exotic locale familiar or transform an ordinary place into something peculiar if not completely weird *The Valley of the Fallen* and *Other Places* gathers a pastiche of stories from around the world each of which subtly underlines the relationship between geography and politics Locations counties regions of the world emerge as characters in Katz's panoramic cast as fully drawn as the unusual people that occupy them so that one realizes of each particular account that this could only happen in a place like this The setting for each of these pieces whether home or abroad provides a resonant backdrop for Katz's startling perceptions and cultural acumen He paints a portrait of Spain in which people are dying of political repression and vividly depicts Italy in the throes of a postwar capitalist hangover Katz describes Arkansas its history of racial

strife notwithstanding as an American cultural ark where respect for old fashioned gumption and the tolerance for human eccentricity have fostered a renaissance of spirit He captures the poignant ruin of political ideals gone amuck in the image of columns of Ethiopian children being herded through the night at gunpoint undergoing political re education Katz s observations of the Sinai where beliefs convictions even hunches become howling zeal contrast with Santa Fe s philosophical cogitating and quality of life improvement projects in a New Age mecca that breeds tamer but equally fervent faiths The cumulative effect of reading this eclectic collection is one of wonder about the mysterious and dazzling world in which we live and the way our lives are shaped by our place in it
