Howard (Jr.),1997 Revision of the author s thesis doctoral University of Michigan 1986 *Psalms for Preaching and Worship* Roger E. Van Harn,Brent A. Strawn,2009-04-10 Psalms for Preaching and Worship a key addition to the critically acclaimed three volume Lectionary Commentary Despite the rich resources available for studying the Psalms few are as focused on their place in worship and preaching as is this volume The responsorial Psalms of the Revised Common Lectionary are here taken up in careful and often illuminating interpretation with attention also to their interaction with other lectionary texts The many ways that psalms can function meaningfully in the liturgical life of congregations are explored especially in John Witvliet s concluding section I know of no work that combines practice and substance better than this lectionary commentary Patrick D Miller Princeton Theological Seminary A fascinating book well organized well written and edited thorough and informative An excellent resource not only for preachers using the Revised Common Lectionary but also for those wishing to preach a series of sermons on the Psalms In addition worship leaders and worship committees will appreciate the many excellent ideas for using the Psalms in worship Highly recommended Sidney Greidanus author of Preaching Christ from the Old Testament and Preaching Christ from Genesis Here is something even better than a simple completion of The Lectionary Commentary which would be cause enough for gratitude Serious attention paid to this one book could go a long way toward remedying the scandalous neglect of the treasure of the Psalms in too much contemporary worship Marguerite Shuster Fuller Theological Seminary Contributors Nancy R Bowen William P Brown Walter Brueggemann Richard J Clifford Nancy L deClaiss Walford Jennifer S Green Karl N Jacobson Rolf A Jacobson Melody D Knowles Eunny P Lee Joel M LeMon James Limburg J Clinton McCann James K Mead Carol A Miles Luke A Powery Stephen Breck Reid Sandra L Richter Cynthia L Rigby Kathryn L Roberts Brent A Strawn Beth LaNeel Tanner Roger E Van Harn Raymond C Van Leeuwen J Ross Wagner Gerald H Wilson John Witvliet Christine Roy Yoder *Psalms* Walter Brueggemann,William H. encounters between the world of the psalm and the world of contemporary readers The exposition of each psalm provides a reader's guide to the text in conversation with relevant theological issues

A Hermeneutic of Curiosity and Readings of Psalm 61 W. H. Bellinger, 1995

The Design of the Psalter Peter C. W. Ho, 2019-10-04 Good poetry is like a good painting the more you linger over it the more it reveals It is a deep well that never runs dry And that is why the Psalter like a good painting keeps giving In the last four decades Psalms scholarship has found remarkable fruitfulness in reading the Psalter as a book that is in reading the Psalms as a unified composition with a metanarrative across its 150 poems Pivotal questions associated with this approach really boil down to two questions how and why How are individual psalms sequenced if at all and what is the design logic behind that macrostructure This volume seeks to answer those questions In essence the Psalter unfurls the story of the Davidic covenant While interest in the editing of the Psalter remains high in recent Psalms scholarship this interest has not led to clear consensus The specific and timely contribution of this volume is twofold First it consolidates the results of studies on groups of psalms Second it integrates poetic and thematic approaches that are typically separated in Psalms scholarship Readers will find results of this study surprising and their implications sobering

How to Read the Psalms Tremper Longman III, 2025-01-07 The Psalms are well loved by Christians yet they also challenge us when we look at them closely In the second edition of this popular How to Read volume Tremper Longman III offers practical study exercises and suggestions for interpreting the psalms helping us overcome the distance between the psalmists world and ours

From Creation to the Cross Albert H. Baylis, 2010-06-01 Most Christians don't quite know what to do with the first half of the Bible Some are fascinated by the historical sweep of the Old Testament Others are blessed by its poetry Still others focus on its prophecies But what are the heart and soul of the Old Testament In *From Creation to the Cross* Al Baylis is a guide who shares with us his love for and profound understanding of the Old Testament He walks us through the Old Testament pointing out along the way perspectives and insights that leave us with a new personal understanding of these thirty nine books and more importantly of the God of the Old Testament who lovingly prepared the way before sending his Son As Bruce Wilkinson puts it in the Foreword I could almost picture Baylis as a seasoned rabbi surrounded by a huddle of eager listeners He doesn't simply teach the Old Testament it's as if he personally reminisces through it *From Creation to the Cross* is one of those rare books that speaks to a wide range of readers from high school students to homemakers to college professors This revised and expanded edition of *On the Way to Jesus* makes this unique and highly readable approach to the first half of the Bible available once again It is ideally suited for use in Bible study groups

Soundings in the Theology of Psalms Rolf A. Jacobson, 2010-11 The many introductions to the psalms available to readers tend to focus on various types and forms of psalms but overlook different theological approaches to the Psalter This volume brings together leading psalms scholars from Catholic and Protestant traditions and takes into account recent scholarship on the shape and shaping of the Psalter and on the rhetorical interpretation of the Psalms
