Pseudo-Philo Frederick James Murphy, 2023 This is a systematic literary treatment of Pseudo Philo DS which is a reinterpretation of the Hebrew Bible by a Palestinian Jew of the 1st century AD and an important source of information about Jews of that period The volume includes a concordance of the original Latin text

Rewritten Gospel Jonathan M. Potter, 2024-12-30 How early Christian gospels were written is an old question that continues to engage scholars Moving beyond the traditional approach of reading Luke as a gentile gospel composed primarily using Greco Roman methods of history and biography writing this book argues that Luke s use of the earlier Gospel of Mark should be understood in the context of contemporaneous early Jewish writings known as Rewritten Scripture Texts like the Book of Jubilees and Josephus s Antiquities interpret Scripture by rewriting it in such a way that ambiguities and contradictions are diminished while also adapting it to contemporary beliefs and practices A similar strategy of interpretation through rewriting best explains Luke s reworking of Mark Even if Mark is not yet Scripture Luke s manner of rewriting Mark suggests that Luke views the earliest gospel as an authoritative narrative about Jesus that merits interpretive clarification and expansion rather than rejection or critique This approach offers solutions to various problems in the composition of Luke such as the combination of expansion and omission verbatim repetition and free paraphrase and it also places Luke s compositional process within a plausible ancient literary context

The Jewish Pseudepigrapha Susan Docherty, 2015 An understanding of the Jewish Pseudepigrapha forms an integral part of all courses on New Testament background and Christian origins This will be the first student introduction to appear for over thirty years Highlights the key theological themes and significance of each text Reviews the texts on their own merits as examples of early Jewish religious literature as well as looking at the light they shed on NT theology and scriptural interpretation This is a concise yet comprehensive guide to the Pseudepigrapha the Jewish texts of the late Second Temple Period circa 250 BCE 100 CE that are not included in the Hebrew Bible or standard collections of the Apocrypha Each chapter deals with a specific literary genre e g apocalyptic

testaments rewritten Bible encouraging readers to appreciate the texts as literature as well as furthering their understanding of the content and significance of the texts themselves As well as providing helpful introductions to the different genres the book surveys key issues such as date authorship original language purpose overview of contents key theological themes and significance Amazon com viewed on November 20 2014

The New Isaac Leroy Huizenga, 2009-09-14 Gospel scholarship has long recognized that Matthean Christology is a rich multifaceted tapestry weaving multifold Old Testament figures together in the person of Jesus It is somewhat strange therefore that scholarship has found little role for the figure of Isaac in the Gospel of Matthew Employing Umberto Eco's theory of the Model Reader as a theoretical basis to ground the phenomenon of Matthean intertextuality this work contends that when read rightly as a coherent narrative in its first century setting with proper attention to both biblical texts and extrabiblical traditions about Isaac the Gospel of Matthew evinces a significant Isaac typology in service of presenting Jesus as new temple and decisive sacrifice *Babel's Tower Translated* Phillip Michael Sherman, 2013-04-15 In *Babel's Tower Translated* Phillip Sherman explores the narrative of Genesis 11 and its reception and interpretation in several Second Temple and Early Rabbinic texts e.g. Jubilees Philo Genesis Rabbah The account of the Tower of Babel Genesis 11:1-9 is famously ambiguous The meaning of the narrative and the actions of both the human characters and the Israelite deity defy any easy explanation This work explores how changing historical and hermeneutical realities altered and shifted the meaning of the text in Jewish antiquity

Jairus's Daughter and the Female Body in Mark Janine E. Luttick, 2023-11-17 *Jairus's Daughter and the Female Body in Mark* demonstrates that ubiquitous and significant depictions of children in the literature and material culture of the first century CE shaped the mindsets of the Gospel of Mark's original audience Through a detailed analysis of the story of Jairus's daughter in Mark 5 and of the archaeological remains depicting female children Janine E. Luttick reveals how ancient hearers of this story encountered an image of a female child that communicated ideas of hope to Jesus's followers and in turn how readers today can understand the authority of Jesus the domestic structures of early Christianity and the suffering and loss experienced by some early Christians

The Resurrection of Jesus in the Gospel of Peter Jeremiah J. Johnston, 2016-01-28 All four canonical gospels identify the resurrection of Jesus yet none detail the exact moment of its happening The absence of this narrative detail was hotly contested in the second century when critics derided a resurrection account without credible witness Thus the discovery of the Akhmim fragment at the end of the 19th century which purports to provide exactly that detail is a huge and surprisingly under utilised addition to Biblical scholarship of the Apocryphal gospels Johnston examines both the impact of this discovery on the scholarship at the time and argues for the dating of the fragment to the second century AD He identifies shared characteristics with other documents from this period including a rise in anti-semitic feeling and developments in concepts of the afterlife and makes a claim for this fragment being the text that aided the development of these movements The Second Century was the key time in which the non-canonical Biblical texts were established It was

also the era in which theologies which would become orthodox in the third century were penned and defined. The significance then of dating the Akhmim fragment to the second century AD is huge. This work will be of great use to scholars of Second Temple Judaism and those with an interest in the creation of the ideas that surround scholarship of the Bible. *Metaphor and Ideology* Mary Therese Descamp, 2007-11-30 Contemporary scholars have sharply disagreed over the importance of the loquacious women of *Liber Antiquitatum Biblicarum*. Using the methods of contemporary Cognitive Linguistics, *Ideology and Metaphor* develops a systematic replicable reading of the text and its characters showing how Pseudo Philo uses these women's stories to articulate the text's theology and ideology. The analysis also explores how the author redefines the term mother in order to sanction the female authority to interpret and instruct. The conceptual blends that compose the text's distinctive and sometimes dissonant metaphors are analyzed in detail. This monograph also explores how a re-written Bible establishes its authority and awards authority to specific characters and how rhetorical and narrative methodologies fit within cognitive linguistics. **Luke-Acts and Jewish Historiography** Samson Uytanlet, 2014-05-14 In this book Samson Uytanlet states his observation that there is an unnecessary disjunction between Luke's theology and literature in previous studies on Luke Acts. Luke's theology is typically studied in light of Jewish writings while Luke's literature is studied in relation with Greco-Roman works. The author shows that there are theological literary and ideological elements that ancient Greco-Roman and Jewish writings share which are also present in Luke's work. In areas where they diverge however Luke Acts shows closer affinity to Jewish writings.
