The Spirit's Journey Dave McKenzie, 2011-02-01 Dave is a man of determination and dedication in overcoming a challenge a man who will not take no for an answer After a near fatal airplane accident Dave's doctors told him he would never walk again But he did They told him he would never return to his job at Ford Motor Company But he did And they told

him he would never fly an airplane again But he did The Spirits Journey describes Daves lifelong involvement in aviation with many interesting and humorous anecdotes Bob Pauley private and glider pilot aviation photographer and author There is a story buried in this manuscript of when Mac McKenzie flew my mother and me for my first airplane ride After the flight I must have been three or four years old Dave and I sat in the airplane and talked He explained all the controls instruments and how they related to flying an airplane I was hooked for life He is responsible for my start in what turned out to be a very great and successful career in aviation Captain John D Patten Delta Airlines Retired Theres little doubt in my mind theres something we learn about ourselves from the people that enter our lives After reflecting on Dave McKenzies determination to succeed courage and will to overcome the adversities as told in his book I hope you gain insight to your lifes perspective its experiences and that you become the person you truly wish to be John O Maxfield corporate pilot In the heartwarming memoir The Spirits Journey Dave McKenzie shares the inspiring story of how he overcame lifelong pressures family opposition and incredible personal hurdles in order to follow his dream of flying an airplane As a young boy he felt there could never be any odor more pleasant than the exhaust fumes that emitted from a small airplane engine As each airplane he rode in started its take off run Dave would revel in the sensation of freedom he felt even as a passenger He shares how both his mother and his teachers opposed his preferred career choice of becoming a pilot but he also details how he relied on his determination effort and intelligence to make the most of his love of aviation while still enjoying a career as an automobile chassis designer Yet his adventuresome choices were not without challenges After he becomes an aerobatic pilot he chronicles the disastrous air show and subsequent injuries that nearly ended his life and his dreams Dave McKenzies story proves that the human spirit is a much stronger force than we ever imagined even when faced with seemingly insurmountable obstacles
