Calvin was an influential French theologian and pastor during the Protestant Reformation and a principal figure in the development of the system of Christian theology later called Calvinism In 1543 he penned A Treatise on Relics and their religious historical influence **Relics of the Christ** Joe Nickell,2007-03-16 Religious relics defined as either portions of or

objects connected with the body of a saint or other holy person are among the most revered items in the world Christian relics such as the Holy Grail the True Cross and the Lance of Longinus are also the source of limitless controversy Such items

have incited people to bloodshed and some say have been a source of miracles Relics inspire fear and hope among the faithful and yet are a perennial target for skeptics both secular and Christian To research the authenticity of numerous

Christian relics Joe Nickell takes a scientific approach to a field of study all too often tainted by premature conclusions In this volume Nickell investigates such renowned relics as the Shroud of Turin the multiple heads of John the Baptist and the

supposedly incorruptible corpses of saints first examining the available evidence and documented history of each item From accounts of true believers to the testimony of the relics alleged fabricators Nickell then presents all sides of each story

allowing the evidence to speak for itself For each relic Nickell evaluates both the corroborating and contradictory bodies of evidence and explores whether the relic and attributed miracles can be reconstructed In addition to his own experiments

Nickell presents findings from the world's top scientists and historians regarding these controversial objects of reverence and in explaining the circumstances under which each case was examined Radiocarbon dating and tests to determine the

validity of substances such as blood or patina indicate a variety of possible origins Nickell even reveals some of the

techniques used to create archaeological forgeries and explains how investigators have exposed them Each relic is a mystery to be solved guided by the maxim extraordinary claims require extraordinary proof Nickell seeks only the truth *An*
