

RADIO'S Golden YEARS

Vincent Terrace, a native New Yorker, is a graduate of the New York Institute of Technology and possesses a Bachelor's Degree in Fine Arts. As a writer for his college newspaper, he developed, with friend Bart Pollin, a popular weekly "Television Nostalgia Quiz." It was at this time that he developed the idea for his book, *The Complete Encyclopedia of Television Programs 1947-1979*.

In addition to compiling the media information for *The Great Sky Pictures*, *The Great Gangster Pictures*, *The Great Western Pictures*, and *The Great Science Fiction Pictures*, Mr. Terrace has also written *Television: Series and Pilot Films 1970-1980*.

Terrace was motivated to write *Radio's Golden Years* when he discovered during research a lack of any in-depth reference on the history of radio broadcasts.

Radio's golden years Vincent Terrace, 1981 **Popular Science** , 1975-07 **Lum and Abner** Randal L. Hall, 2007-12-01 In the 1930s radio stations filled the airwaves with programs and musical performances about rural Americans farmers and small town residents struggling through the Great Depression One of the most popular of these shows was Lum and Abner the brainchild of Chester Chet Lauck and Norris Tuffy Goff two young businessmen from Arkansas Beginning in 1931 and lasting for more than two decades the show revolved around the lives of ordinary people in the fictional community of Pine Ridge based on the hamlet of Waters Arkansas The title characters who are farmers local officials and the keepers of the Jot Em Down Store manage to entangle themselves in a variety of hilarious dilemmas The program s gentle humor and often complex characters had wide appeal both to rural southerners who were accustomed to being the butt of jokes in the national media and to urban listeners who were fascinated by descriptions of life in the American countryside Lum and Abner was characterized by the snappy verbal comedic dueling that became popular on radio programs of the 1930s Using this format Lauck and Goff allowed their characters to subvert traditional authority and to poke fun at common misconceptions about rural life The show also featured hillbilly and other popular music an innovation that drew a bigger audience As a result Arkansas experienced a boom in tourism and southern listeners began to immerse themselves in a new national popular culture In Lum and Abner Rural America and the Golden Age of Radio historian Randal L Hall explains the history and importance of the program its creators and its national audience He also presents a treasure trove of twenty nine previously unavailable scripts from the show s earliest period scripts that reveal much about the Great Depression rural life hillbilly stereotypes and a seminal period of American radio
