Radios Roger Barr, 1994-01-01 Traces the history of radio from the discovery and harnessing of radio waves to Marconi's development of the wireless from the golden age of radio to the present

Music Radio Morten Michelsen, Mads Krogh, Steen Kaargaard Nielsen, Iben Have, 2018-12-27 Why is music so important to radio This anthology explores the ways in which musical life and radio interact overlap and have influenced each other for nearly a century One of music radio's major functions is to help build smaller or larger communities by continuously offering broadcast music as a means to create identity and senses of belonging Music radio also helps identify and develop musical genres in collaboration with listeners and the music industry by mediating and by gatekeeping Focusing on music from around the world Music Radio discusses what music radio is and why or for what purposes it is produced Each essay illuminates the intricate cultural processes associated with music and radio and suggests ways of working with such complexities

Radio and the Politics of Sound in Interwar France, 1921-1939 Rebecca P. Scales, 2016-02-24 In December 1921 France broadcast its first public radio program from a transmitter on the Eiffel Tower In the decade that followed radio evolved into a mass media capable of reaching millions Crowds flocked to loudspeakers on city streets to listen to propaganda children clustered around classroom radios and families tuned in from their living rooms Radio and the Politics of Sound in Interwar France 1921-1939 examines the impact of this auditory culture on French society and politics revealing how broadcasting became a new platform for political engagement transforming the act of listening into an important if highly contested practice of citizenship Rejecting models of broadcasting as the weapon of totalitarian regimes or a tool for forging democracy from above the book offers a more nuanced picture of the politics of radio by uncovering competing interpretations of listening and diverse uses of broadcast sound that flourished between the world wars

live performances covers such issues as analyzing venue needs and setting up and testing equipment Electric Sounds Steve J. Wurtzler, 2007 Focuses on the innovations in the electronic production and transmission of sound in the 1920s and 30s and their explosive impact on the American mass media especially the radio the phonograph and the cinema *The Roaring Twenties* Thomas Streissguth, 2009 Covers the social political and economic history of the 1920s including developments in science from astrophysics to laboratory science to discoveries and inventions the creation of new professional sports leagues the labor union movement censorship and writers artists and moviemakers This volume captures the complexities of the 1920s **Breaks in the Air** John Klaess, 2022-08-22 In *Breaks in the Air* John Klaess tells the story of rap's emergence on New York City's airwaves by examining how artists and broadcasters adapted hip hop's performance culture to radio Initially artists and DJs brought their live practice to radio by buying time on low bandwidth community stations and building new communities around their shows Later stations owned by New York's African American elite such as WBLS reluctantly began airing rap even as they pursued a sound rooted in respectability urban sophistication and polish At the same time large commercial stations like WRKS programmed rap once it became clear that the music attracted a demographic that was valuable to advertisers Moving between intimate portraits of single radio shows and broader examinations of the legal financial cultural and political forces that indelibly shaped the sound of rap radio Klaess shows how early rap radio provides a lens through which to better understand the development of rap music as well as the intertwined histories of sounds institutions communities and legal formations that converged in the post Civil Rights era Federal Management of the Radio Spectrum United States. Congress. House. Committee on Commerce. Subcommittee on Telecommunications and Finance, 1996 *Tunes for All?* Iben Have, Steen Kaargaard Nielsen, Mads Krogh, Morten Michelsen, 2018-12-31 In ten original essays Danish music and media scholars discuss aspects of music on the radio from the 1920s until today Understanding music radio as a distributed phenomenon or as a multiplicity the authors draw upon anthropology cultural studies and media studies along with sociological and historiographical theory The intention is to further develop interdisciplinary approaches that may grasp the complex interrelations between radio as an institution and as practices on the one hand and music musical practices and musical life on the other The essays examples and cases are all related to the Danish Broadcasting Corporation DR and offer a music radio production perspective They span the period from when broadcast music was only live to today where almost all of it is prerecorded and digitized Some of the essays approach broad topics like early music radio's contributions to the regulation of national centres and peripheries the debates on music radio as mechanical music and the general changes in music repertoires and in the status of the institution's live ensembles Music radio's roles as gatekeeper through automatic music programming are discussed in several articles as are the many ways music genres and radio formats interact Some of the authors turn to detailed analyses at programme level in order to explain aspects of modern music radio and to suggest analytical models The essays come with an introduction consisting of
