The Lost Mandate of Heaven Geoffrey Shaw, PhD, 2015-10-05 Ngo Dinh Diem the first president of the Republic of Vietnam possessed the Confucian Mandate of Heaven a moral and political authority that was widely recognized by all Vietnamese This devout Roman Catholic leader never lost this mandate in the eyes of the people rather it was removed by his erstwhile allies in the United States government in a coup sponsored by them resulting in his assassination The commonly held view runs contrary to the above assertion by military historian Geoffrey Shaw According to many American historians President Diem was a corrupt leader whose tyrannical actions lost him the loyalty of his people and the possibility of a military victory over the North Vietnamese The Kennedy Administration they argue had to withdraw its support of Diem Based on his research of original sources however including declassified documents of the US government Shaw found a Diem who was up for Mass at 6 30 every morning who was venerated by the Vietnamese as a great leader at all levels of government and society a kind man who did not even like the thought of Communist guerrillas being killed Also according to historical record Diem did not persecute Buddhists on the contrary he did more to preserve and to fund Vietnam's Buddhist heritage than any other Vietnamese leader A candid account of the killing of Ngo Dinh Diem the reasons for it who was responsible why it happened and the disastrous results This book is not a happy read But it is a careful record to set the issue

straight What is particularly agonizing for Americans who read this clearly stated and tightly argued book is the fact that the final Vietnam defeat was not really on battle grounds but on political and moral grounds or even worse on personal grounds of prideful diplomats and reporters The Vietnam War need not have been lost Overwhelming evidence supports it From the Foreword by James Schall S J Professor Emeritus Georgetown University Did I find a veritable Conradian Heart of Darkness Yes I did but it was not in the quarter to which all popular American sources were pointing their accusatory fingers in other words not in Saigon but paradoxically within the Department of State back in Washington DC and within President Kennedy's closest White House advisory circle The actions of these men led to Diem's murder And with his death nine and a half years of careful work and partnership between the United States and South Vietnam was undone From the Preface by Geoffrey Shaw

*Winning the Un-war* Charles V. Peña, 2007 According to President Bush the American people are safer as a result of invading Iraq True Saddam Hussein has been removed from power But al Qaeda the group that planned and carried out the attacks on September 11 remains at large Meanwhile the White House has conceded that Saddam Hussein had nothing to do with the attacks Charles Peña argues that the war in Iraq is but one misstep in the Bush administration's global war on terror Terrorism is simply a tactic however not an enemy Trying to eradicate it is a quixotic quest that does not focus on those responsible for 9/11 Instead the national security strategy should consist of three central elements establishing homeland security against further attacks dismantling the al Qaeda terrorist network and enacting a foreign policy that does not attract new al Qaeda terrorists This approach requires restructuring U.S. forces and ending Cold War era commitments that distract from the current pressing threat It also requires ameliorating the negative consequences of an interventionist U.S. foreign policy which creates incentives and opportunities for terrorists to target the United States If we misdiagnose al Qaeda's motivations or focus military efforts on the wrong targets then we run the risk that the war against the al Qaeda terrorist threat and the radical Islamic ideology it represents will become a broader war against the Islamic world that could last generations and cost countless lives With a foreword by Michael Scheuer the bestselling author of *Imperial Hubris*

**The Indian Rebellion, 1857-1859** Kaushik Roy, 2024-12-30 The Indian Rebellion 1857-1859 A Military History in the Global Context focuses on the military dimension of this conflict in which Indian rebels waged both conventional and unconventional warfare against the British In the summer of 1857 British rule almost disintegrated in north India due to the rebellion of the Indians in the Bengal Army The military mutiny was followed by large scale peasant uprising But by mid 1859 the Indian Rebellion collapsed with the military defeat of the rebels This book is the first one based on archival sources both from India and the United Kingdom dealing with the military history of the mid nineteenth century Indian Rebellion The volume wrestles with the questions of why and how the British won ipso
