Raging Peace:

Raging Against Cages From Pain to Peace Coraje en contra de las barreras del dolor a la paz Paloma de Pilar, 2021-08-03 This book is written for survivors of traumatic events It is written in a poetic format since the author could not stay in those psychological and emotional spaces for long The book starts with poems dedicated to the loves of my life and mostly to my children so they are aware of my experiences as I was developing into their mother The economic hardships experienced as a young child in addition to the physical violations coupled with severe medical issues in my childhood these experiences left scars on my soul I have carried this story for many years and now can finally tell it without feeling afraid of facing it in retrospect It begins with asking for a witness to the pain and moves to a pledge to my Salvadoran abuelo during his last trip to the U S to see his children in the U S in 1991 His daughter s my mother s forty years of sacrificing her personal happiness to provide a home for us any way she could including allowing herself to bear domestic violence and economic abuse is also represented in these pages The second chapter explores the psychological labor pains of giving birth to my present independent self psychologically tearing down the ghost of memories and reckoning with my buried past life Writing and using the pen as my sword allowed me to conquer those memories and moments in the past where I was helpless to defend myself The memories described here shaped me but they did not break me Setting these memories free like butterflies allowed me to open the cages in my mind setting my true self free I could no longer hold onto them they needed to flutter in freedom as I did I when I let them go The Raging Peace Artemis OakGrove, 1991 **The Pathways to Peace Anger Management Workbook** William Fleeman, 2003-06-05 This anger workbook is unique It is the official guide for Pathways to Peace a program which provides self help anger management and violence prevention instruction for individuals and communities Anger is a drug which often turns into a full blown addiction This pattern of anger abuse is reinforced socially People learn to abuse anger from the examples of parents peers the media The book helps people to unlearn these destructive patterns It shows chronically angry people how to replace their anger habit with peaceful alternatives and respond to their anger triggers in non violent ways This workbook will help the reader Discover how he learned his or her anger pattern Find new nonviolent ways to experience personal power Learn to change abusive and violent behaviors Focus on values and goals that support a nonviolent rage free lifestyle Identify and change negative attitudes and beliefs that keep a person stuck Avoid relapsing back into angry behavior Maintain recovery from chronic anger and rage The workbook is easy to understand Each of the eighteen chapters includes personal stories and questions for the reader *The Missing Peace* John Lee, 2006-06-20 The best kept secret to recovery revealed If you or someone you love is navigating their way through recovery there s one thing that will either be a roadblock or a catalyst on the journey a true holistic understanding of anger Unfortunately most recovery programs don t address or properly understand anger and many times this leads to relapse or a rougher transition even for people who don t consider themselves angry In *The Missing Peace* bestselling author

From Prayers to Players Irwin Brown,2018-09-19 *From Prayers to Players* was written with the hope that black men would see beyond what is obvious with their physical eyes and into the world where the answers really are the spiritual realm It is the realm of the spirit where too many black men are deficient Spiritual deficiencies lead to mental thought deficiencies because right and wrong begin in the spiritual realm Put another way what we hold in our hearts lead to what transpires in our lives Our belief systems are based on negative information perpetuated by our own people Not only is the negative information perpetuated but it is acted upon as truth Our truths are at odds with the truths of the Lord this is to our detriment Our truths have led to and continue to lead to mass incarceration of black men young and old Our truths have led to and continue to lead to the mass murders of black men and teenagers at the hands of other black men and teenagers Our truths have led to and continue to lead to single parent homes and poverty Our truths have led to impregnating black women we do not love and bear children we do not take responsibility for Our truths do not allow us to take responsibility for ourselves but it does allow us to blame other people for our mistakes and shortcomings We fight an enemy physically who is spiritually based therefore we cannot see him the devil *From Prayers to Players* is not a condemnation of black men it is meant to be a spiritual awakening for black men It is not a denial of racism but racism is a flammable liquid that we black men provide a match to Put another way if someone else provides the flammable liquid racism could not ignite without us putting a match to it we are responsibility too Most of our racism is aimed at ourselves our self perception is in agreement with demonic influences A lack of self love leads to a lack of love for others Men through God must be willing to lead and mentor other black men If we mentor men through God black people will follow **The Senate and the League of Nations** Henry Cabot Lodge,1925 My purpose in writing the ensuing pages is to give an account of the opposition and consequent debate which arose in the Senate when that body was asked by President Wilson to give their advice and consent to the Treaty of Versailles containing the Covenant of the League of Nations Page 1
