The writing of this paper was assisted by a grant from the Spencer Foundation. The statements made and the views expressed are solely the responsibility of the author.

Over the past three decades, the writings of Ragnar Rommetveit have had a major impact on scholars from several disciplines, as well as continents. For many of us, his writings have been the source of continuing inspiration, and we return to them again and again, each time to find yet one more layer of meaning and insight.

Instead of being a facile and prolific writer, Rommetveit has always been painstaking and meticulous in producing his papers, several of which have never been published and some of which have been destroyed because they did not live up to the standards he set for himself. Modesty has always made him view his efforts as capable of yielding only partial success and as being the source of more questions than answers. While the contributors to this special issue of *Mind, Culture, and Activity* may agree with the latter, we take this to be an accomplishment rather than a shortcoming. The fact that we have chosen to revisit Rommetveit's ideas once again reflects the admiration we have
