**State and Society in Transition** J. Little, 1997-02-24 Using a variety of documentary sources including hundreds of petitions letters and reports to the government Little traces the complex relationship between community life and government regulation He reveals that at the same time development of responsible government was leading to increasingly centralized authority at the provincial level a persistent sense of localism was forcing the state to decentralize its new institutions at the community level The local population of this largely American settled corner of Quebec Little shows clearly exerted an important influence on the evolution of the education legal social welfare and municipal systems State and Society in Transition makes a major contribution to the study of state formation in the recently unified province of Canada by taking into account not only the dialectical process between the centre and periphery but also the impact of institutional reform on social and economic development in general

**Railways of Southern Quebec** John Derek Booth, 2008-08 Railways of Southern Quebec Volume II continues the study begun in Railways of Southern Quebec Volume I of various railway companies that operated in Quebec south of the St Lawrence River The featured railways illustrate the many diverse elements of 19th century railway construction Also covered are aspects of the railway network rationalization resulting from railways having lost their transportation primacy to cars and trucks Volume I dealt with the earliest railways in southern Quebec including the St Lawrence and Atlantic later Canadian National s Grand Trunk New England line to Portland as well as railways lying west of the Richelieu River in southern Quebec Volume II focuses on the central Eastern Townships with the histories of the Waterloo and Magog Railway the Missisquoi and Black Rivers Valley Railway and the Orford Mountain Railway Also covered are other associated lines including the Canadian Pacific Railway s Short Line which continued from Megantic Quebec to Saint John New Brunswick through Maine There are overviews of several other railway companies all of which together formed the extensive network of railways that lay south of the St Lawrence River in Quebec Volume III examined the history of the Quebec Central Railway Operating in the eastern and

**Fashioning the Canadian Landscape** John Irvine Little, 2018-04-13 Interpretations of Canada's emerging identity have been largely based on a relatively small corpus of literary writing and landscape paintings overlooking the influence of the British and American travel writers who published hundreds of books and articles that did much to fix the image of Canada in the popular imagination In *Fashioning the Canadian Landscape* J I Little examines how Canada much like the United States came to be identified with its natural landscape Little argues that in contrast to the American identification with the wilderness sublime however Canada's image was strongly influenced by the picturesque convention favoured by British travel writers This amply illustrated volume includes chapters ranging from Labrador to British Columbia some of which focus on such notable British authors as Rupert Brooke and Rudyard Kipling and others on talented American writers such as Charles Dudley Warner Based not only on the views of the landscape but on the racist descriptions of the Indigenous peoples and the romanticization of the Canadian folk Little argues that the national image that emerged was colonialist as well as colonial in nature
