Frank Higley Wood

Rainer Maria Rilke The Ring Of Forms:

Rainer Maria Rilke Frank Higley Wood,1958 Rainer Maria Rilke Frank Wood,1958 *Review of Rainer Maria Rilke : the Ring of Forms* by Frank Wood George C. Schoolfield,1960 *Rainer Maria Rilke* Frank Higley Wood,1958 Rainer Maria Rilke was first published in 1958 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions The German poet Rainer Maria Rilke died in 1926 and interest in his poetry has been mounting ever since The winds of fashion taste or personal bias have shifted several times to affect his audience of readers There have been according to previous Rilke criticism not one but many Rilkes Thus the critics have pointed to the early Rilke and the late Rilke to the Prague poet the Paris poet and the Muzot poet Now in a fresh approach yet one which takes full cognizance of the varying viewpoints and conflicting purposes of earlier criticism Professor Wood carefully examines Rilke s entire poetic output The major concern here is with the poetry itself rather than with the biographical psychological or philosophical questions which have dominated most previous criticism Through a close textual analysis of the poems Professor Wood demonstrates that the whole body of Rilke s writing from beginning to end is thoroughly interrelated and interdependent As he points out many more published materials both posthumous verse and correspondence are available now than in the earlier periods of Rilke s fame a situation which adds significance to this new evaluation In addition to analyzing Rilke s own poetry Professor Wood shows the links between Rilke and such contemporary poets and writers as Gide Proust T S Eliot and Yeats The excerpts quoted from Rilke s poetry are given both in the original German text and in standard English translation *A Study Guide for Rainer Maria Rilke's "Childhood"* Gale, Cengage Learning,2016 A Study Guide for Rainer Maria Rilke s Childhood excerpted from Gale s acclaimed Poetry for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for Students for all of your research needs *The Beginning of Terror* David Kleinbard,1993-02-01 The insights here are of such depth and contain such beauty in them that time and again the reader must pause for breath At last Rilke has met a critic whose insight courage and humanity are worthy of his life and work Leslie Epstein Director Graduate Creative Writing Program Boston University A well reasoned fairly fascinating and illuminating study which soundly and convincingly applies Freudian and particularly post Freudian insights into the self to Rilke s life and work in a way which enlightens us considerably as to the relationship between life and work in original ways Kleinbard takes off where Hugo Simenauer s monumental psycho biography of Rilke 1953 left off He succeeds in giving us a psychic portrait of the poet which is more illuminating and which does greater justice to its subject than any of his predecessors Any reader with strong interest in Rilke would certainly welcome the availability of this study Walter H Sokel Commonwealth Professor of German and English Literatures University of Virginia For beauty is nothing but the beginning of terror which we are just able to bear

and we wonder at it so because it calmly disdains to destroy us

Rilke Beginning with Rilke's 1910 novel *The Notebooks of Malte Laurids Brigge* *The Beginning of Terror* examines the ways in which the poet mastered the illness that is so frightening and crippling in Malte and made the illness a resource for his art Kleinbard goes on to explore Rilke's poetry letters and non-fiction prose his childhood and marriage and the relationship between illness and genius in the poet and his work a subject to which Rilke returned time and again This psychoanalytic study also defines the complex connections between Malte's and Rilke's fantasies of mental and physical fragmentation and the poet's response to Rodin's disintegrative and re-integrative sculpture during the writing of *The Notebooks* and *New Poems* One point of departure is the poet's sense of the origins of his illness in his childhood and particularly in his mother's blind narcissistic self-absorption and his father's emotional constriction and mental limitations Kleinbard examines the poet's struggle to purge himself of his deeply felt identification with his mother even as he fulfilled her hopes that he become a major poet The book also contains chapters on Rilke's relationships with Lou Andreas Salom and Aguste Rodin who served as parental surrogates for Rilke A psychological portrait of the early twentieth century German poet *The Beginning of Terror* explores Rilke's poetry letters non-fiction prose his childhood and marriage David Kleinbard focuses on the relationship between illness and genius in the poet and his work a subject to which Rilke returned time and again

Rilke's Sonnets to Orpheus Hannah Vandegrift Eldridge, Luke Fischer, 2019 Written in three weeks of creative inspiration Rainer Maria Rilke's *Sonnets to Orpheus* 1923 is well known for its enigmatic power and lyrical intensity The essays in this volume forge a new path in illuminating the philosophical significance of this late masterpiece Contributions illustrate the unique character and importance of the Sonnets their philosophical import as well as their significant connections to the *Duino Elegies* completed in the same period The volume features eight essays by philosophers literary critics and Rilke scholars which approach a number of the central themes and motifs of the Sonnets as well as the significance of their formal and technical qualities An introductory essay co-authored by the editors situates the book in the context of philosophical poetics the reception of Rilke as a philosophical poet and the place of the Sonnets in Rilke's oeuvre Above all this volume's premise is that an interdisciplinary approach to poetry and more specifically to Rilke's Sonnets can facilitate crucial insights with the potential to expand the horizons of philosophy and criticism Essays elucidate the relevance of the Sonnets to such wide-ranging topics as phenomenology and existentialism hermeneutics and philosophy of language philosophy of mythology metaphysics Modernist aesthetics feminism ecocriticism animal ethics and the philosophy of technology

Reading Rilke's Orphic Identity Erika M. Nelson, 2005 *Studies in Modern German and Austrian Literature* publishes research and scholarship devoted to German and Austrian literature of all forms and genres from the eighteenth century to the present day The series promotes the analysis of intersections of literature with thought society and other art forms such as film theatre autobiography music painting sculpture and performance art

The Concise New Makers of Modern Culture Justin Wintle, 2008-11-28 A Who's Who of Western culture

from Woody Allen to Emile Zola. Containing four hundred essay style entries and covering the period from 1850 to the present, *The Concise New Makers of Modern Culture* includes artists, writers, dramatists, architects, philosophers, anthropologists, scientists, sociologists, major political figures, composers, film makers, and many other culturally significant individuals and is thoroughly international in its purview. Next to Karl Marx is Bob Marley, with John Ruskin is Salman Rushdie, alongside Darwin is Luigi Dallapiccola. Deng Xiaoping rubs shoulders with Jacques Derrida, as do Julia Kristeva and Kropotkin. With its global reach, *The Concise New Makers of Modern Culture* provides a multi-voiced witness of the contemporary thinking world. The entries carry short bibliographies and there is thorough cross-referencing as well as an index of names and key terms.

Allegories of Reading Paul De Man, 1979-01-01. This important theoretical work by Paul de Man sets forth a mode of reading and interpretation based on exemplary texts by Rousseau, Nietzsche, Rilke, and Proust. The readings start from unresolved difficulties in the critical traditions engendered by these authors and they return to the places in the text where those difficulties are most apparent or most incisively reflected upon. The close reading leads to the elaboration of a more general model of textual understanding in which de Man shows that the thematic aspects of the texts, their assertions of truth or falsehood as well as their assertions of values, are linked to specific modes of figuration that can be identified and described. The description of synchronic figures of substitution leads by an inner logic embedded in the structure of all tropes to extended narrative figures or allegories. De Man poses the question whether such self-generating systems of figuration can account fully for the intricacies of meaning and of signification they produce. Throughout the book, issues in contemporary criticism are addressed analytically rather than polemically. Traditional oppositions are put in question by a rhetorical analysis which demonstrates why literary texts are such powerful sources of meaning yet epistemologically so unreliable. Since the structure which underlies this tension belongs to language in general and is not confined to literary texts, the book starts out as practical and historical criticism or as the demonstration of a theory of literary reading leads into larger questions pertaining to the philosophy of language. Through elaborate and elegant close readings of poems by Rilke, Proust's *Remembrance*, Nietzsche's philosophical writings, and the major works of Rousseau, de Man concludes that all writing concerns itself with its own activity as language and language, he says, is always unreliable, slippery, impossible. Literary narrative, because it must rely on language, tells the story of its own inability to tell a story. De Man demonstrates beautifully and convincingly that language turns back on itself, that rhetoric is untrustworthy. Julia Epstein, *Washington Post Book World*. The study follows out of the thinking of Nietzsche and Genette among others yet moves in strikingly new directions. De Man's text, almost certain to be endlessly provocative, is worthy of repeated re-reading. Ralph Flores, *Library Journal*. Paul de Man continues his work in the tradition of deconstructionist criticism which begins with the observation that all language is constructed; therefore, the task of criticism is to deconstruct it and reveal what lies behind. The title of his new work reflects de Man's preoccupation with the unreliability of language. The contributions that the book

makes both in the initial theoretical chapters and in the detailed analyses or deconstructions of particular texts are undeniable Caroline D Eckhardt World Literature Today *Encyclopedia of Literary Modernism* Paul Poplawski,2003-12-30 Modernism is still widely acknowledged as perhaps the most important and influential artistic and cultural phenomenon of the 20th century Written by expert scholars from around the world and covering hundreds of different topics in a clear incisive and critical manner this reference maps the complex field of modernism in a fresh and original way The principal focus of the book is on English language literary modernism and the period 1890 1939 yet many entries extend beyond those parameters to include important precursors and successors of the movement The book also covers the crucial European and interdisciplinary dimensions of modernism and provides complementary comparative perspectives from countries and regions not usually included in traditional accounts of the subject Entries cite works for further reading and the volume closes with a selected general bibliography **Myths Of The Greeks And Romans** Michael Grant,2011-12-30 Myths of the Greeks and Romans is an essential guide to ancient literature The myths told by the Greeks and Romans are as important as their history for our understanding of what they believed thought and felt and of what they expressed in writing and visual art Mythology was inextricably interwoven with the entire fabric of their public and private lives This book discusses not only the purely fictional myths fairy tales and folk tales but the sagas and legends which have some historical grounding This is not a dictionary of stories rather a personal selection of the most important and memorable Michael Grant re tells these marvellous tales and then explores the different ways in which they have appeared throughout literature It is an inspiring study filled with quotations from literary sources which gives the reader a fascinating exposition of ancient culture as well as an understanding of how vital the classical world has been in shaping the western culture of today *Nietzsche and Modern Literature* Keith M. May,1990-06-12 Nietzsche s work has greatly influenced twentieth century ideas and culture but four European writers may be regarded as particularly Nietzschean Keith May discusses parallels between Nietzsche and these four authors emphasizing order of rank in Yeats the qualities of Rilke s Angels as compared with those of the overman Mann s explorations of the spiritual territory beyond good and evil and Lawrence s treatment of will to power Wittgenstein's Vienna Allan Janik,Stephen Toulmin,2023-11-14 This is a remarkable book about a man perhaps the most important and original philosopher of our age a society the corrupt Austro Hungarian Empire on the eve of dissolution and a city Vienna with its fin de si cle gaiety and corrosive melancholy The central figure in this study of a crumbling society that gave birth to the modern world is Wittgenstein the brilliant and gifted young thinker With others including Freud Viktor Adler and Arnold Schoenberg he forged his ideas in a classical revolt against the stuffy doomed and moralistic lives of the old regime As a portrait of Wittgenstein the book is superbly realized it is even better as a portrait of the age with dazzling and unusual parallels to our own confused society Allan Janik and Stephen Toulmin have acted on a striking premise an understanding of prewar Vienna Wittgenstein s native city will make it easier to comprehend both his work and our own problems This is an

independent work containing much that is challenging new and useful New York Times Book Review New Makers of Modern Culture Justin Wintle, 2016-04-22 New Makers of Modern Culture will be widely acquired by both higher education and public libraries Bibliographies are attached to entries and there is thorough cross referencing *A World of Local Voices* Klaus Martens, Paul Duncan Morris, Arlette Warken, 2003 The present volume contains papers and poems presented at Saarland University's international conference A World of Local Voices Poetry in English Today October 22-23 1999 and the Day of International Poetry October 24 1999 both organised by the university's Department of North American Literature and Culture The conference set out to explore how the modernist tendency towards overarching concepts and a poetry of ideas is slowly being superseded by a more modest poetry of place which at the same time seems to be loosely subsumed within the unifying medium of English in its various forms The Day of International Poetry was meant to put into operation some of the poetic issues discussed during the conference by asking poets from several English speaking countries Canada India Jamaica and the USA to contribute their individual voices to an international reading of poetry This volume comprises critical contributions which deal with the interplay of aesthetic cultural and political forces in contemporary poetry The common reference of this collection is poetry written in varieties of the English language including translations The essays show awareness of the current critical debates concerning postcolonialism and intercultural literary relations while also suggesting new paradigms of critical understanding based on the analyses of individual poetic expression As a supplement selected poets and translators have submitted individual poetic texts with accompanying commentaries **Policing and the Poetics of Everyday Life** Jonathan M. Wender, 2008 A former police sergeant draws on philosophy literature and art to reveal the profound indeed poetic significance of police citizen encounters An Anthology of German Poetry from Hölderlin to Rilke in English Translation Angel Flores, 1965 **The Writer's Task from Nietzsche to Brecht** Hans Reiss, 1978-06-17 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1959 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December

Getting the books **Rainer Maria Rilke The Ring Of Forms** now is not type of inspiring means. You could not isolated going similar to books gathering or library or borrowing from your connections to door them. This is an totally simple means to specifically acquire lead by on-line. This online proclamation Rainer Maria Rilke The Ring Of Forms can be one of the options to accompany you as soon as having extra time.

It will not waste your time. acknowledge me, the e-book will extremely circulate you extra thing to read. Just invest little get older to gain access to this on-line revelation **Rainer Maria Rilke The Ring Of Forms** as with ease as review them wherever you are now.
