The Democratic Republic of the Congo, Broken State, Collapse of Law, Human Rights Violations, Veil of Injustice and Constitutional Smokescreens—A Case Study in State Failure: Felix Kaputu, 2024-07-25 For over twenty five years the Democratic Republic of the Congo has been depicted by the media as a nation in turmoil Armed militias and armies ravage villages stealing crops and minerals while proxy wars displace countless citizens Political violence corruption and social insecurity plague the nation leading to a humanitarian crisis where fundamental human rights are routinely violated

This book delves into the harrowing realities of life in Congo where public education and healthcare are in shambles and most people live on less than two dollars a day. Amidst this, political leaders enjoy exorbitant salaries while public servants endure poverty. This empirical research critically examines the gap between the constitutional provisions of human rights and their implementation, presenting stark indicators of a failed state. By analyzing the human rights situation from the Universal Declaration of Human Rights to the current state Constitution, the book reveals the Congo's descent into chaos and calls for accountability for its violations.

After Rape Holly Porter, 2016-12-13 Following the ICC intervention in 2005, northern Uganda has been at the heart of international justice debates. The emergent controversy, however, missed crucial aspects of Acholi realities: that the primary moral imperative in the wake of wrongdoing was not punishment but instead the restoration of social harmony. Drawing upon abundant fieldwork and in-depth interviews with almost 200 women, Holly Porter examines issues surrounding wrongdoing and justice and sexual violence and rape among the Acholi people in northern Uganda. This intricate exploration offers evidence of a more complicated and nuanced explanation of rape and its aftermath, suggesting a reimagining of the meanings of post-atrocity justice whilst acknowledging the role of sex, power and politics in all sexual experiences between coercion and consent. With its wide investigation of social life in northern Uganda, this provocative study offers vital analysis for those interested in sexual and gender violence, post-conflict reconstruction and human rights.

South Sudan's Injustice System Rachel Ibrey, 2019-08-30 An outstanding feat based on in-depth research in a difficult setting, this book uncovers the dysfunctions of law and the bravery of South Sudan's activists struggling for justice. Mark Fathi Massoud, University of California Santa Cruz.

You will come away from the book with a better understanding of the underlying currents of violent conflicts and thus a clearer idea of how they might be handled.
