Researching The Fragments Histories Of Women In The Asian Context:

Researching the Fragments Carolyn Brewer, Anne-Marie Medcalf, 2000 Imagining Prostitution in Modern Japan, 1850-1913 Ann Marie L. Davis, 2019-03-13 In the winter of 1913 a small crowd gathered on the streets of a famous red light district on the outskirts of Tokyo Curious patrons journalists and onlookers formed a steady procession to see the prostitute Wada Yoshiko and celebrate the release of her new book A Prostitute's Tale divulged inner secrets about her co workers patrons and difficult confinement in a government run syphilis hospital According to the press the author was a literary prostitute a new expert and a compelling version of Japan's new woman Soon widely acclaimed her literary work heralded a growing public desire for inside knowledge about the lived experiences of pleasure workers Wada's success was the product of more than half a century of high stakes conversations about the future of Japan Her fame as an author simultaneously challenged and complemented previous discussions about the role of the female prostitute in the modern nation state However while her perspective was new the information she shared invoked key themes that had proliferated about her in prior decades Since the 1850s when Japan was forced to sign the unequal commercial treaties with the Western imperial powers wide ranging debates had taken place that linked the prostitute to national security and international prestige in imperative new ways Imagining Prostitution in Modern Japan traces the symbol of the prostitute as a project of nation and empire building from the 1850s to 1913 ending one year after the death of the Meiji emperor and coincidentally the year of Wada's publication It untangles how ideas about pleasure work intersected with Japan's transformation into a modern nation according to Western models It asserts that the figure of the prostitute was a powerful symbolic resource that wide ranging interest groups deployed variously to negotiate and define shifting distinctions of status identity and power Each of the debates about the prostitute was in turn central to and mutually constitutive of the emergent social order in Meiji Japan

Women Miners in Developing Countries Martha Macintyre, 2017-05-15 Contrary to their masculine portrayal mines have always employed women in valuable and productive roles Yet pit life continues to be represented as a masculine world of work legitimizing men as the only mineworkers and large mechanized and capitalized operations as the only form of mining Bringing together a range of case studies of women miners from past and present in Asia the Pacific region Latin America and Africa this book makes visible the roles and contributions of women as miners It also highlights the importance of engendering small and informal mining in the developing world as compared to the early European and American mines The book shows that women are engaged in various kinds of mining and illustrates how gender and inequality are constructed and sustained in the mines and also how ethnic identities intersect with those gendered identities Engendering Violence in Papua New Guinea Margaret Jolly, Christine Stewart, Carolyn Brewer, 2012-07-01 This collection builds on previous works on gender violence in the Pacific but goes beyond some previous approaches to domestic violence or violence against women in analysing the dynamic processes of engendering violence in PNG Engendering refers not just to the sex of individual

actors but to gender as a crucial relation in collective life and the massive social transformations ongoing in PNG conversion to Christianity the development of extractive industries the implanting of introduced models of justice and the law and the spread of HIV Hence the collection examines issues of troubled masculinities as much as battered women and tries to move beyond the black and white binaries of blaming either tradition or modernity as the primary cause of gender violence It relates original scholarly research in the villages and towns of PNG to questions of policy and practice and reveals the complexities and contestations in the local translation of concepts of human rights It will interest undergraduate and graduate students in gender studies and Pacific studies and those working on the policy and practice of combating gender violence in PNG and elsewhere

Cultivating Connections Alison Marshall,2014-06-18 In the late 1870s thousands of Chinese men left coastal British Columbia and the western United States and headed east For them the Prairies were a land of opportunity there they could open shops and potentially earn enough money to become merchants The result of almost a decade s research and more than three hundred interviews Cultivating Connections tells the stories of some of Prairie Canada s Chinese settlers men and women from various generations who navigated cultural difference These stories reveal the critical importance of networks in coping with experiences of racism and establishing a successful life on the Prairies

Encyclopedia of Sex and Gender Carol R. Ember, Melvin Ember, 2003-12-31 The central aim of this encyclopedia is to give the reader a comparative perspective on issues involving conceptions of gender gender differences gender roles relationships between the genders and sexuality The encyclopedia is divided into two volumes Topics and Cultures The combination of topical overviews and varying cultural portraits is what makes this encyclopedia a unique reference work for students researchers and teachers interested in gender studies and cross cultural variation in sex and gender It deserves a place in the library of every university and every social science and health department Contents Glossary Cultural Conceptions of Gender Gender Roles Status and Institutions Sexuality and Male Female Interaction Sex and Gender in the World's Cultures Culture Name Index Subject Index Love, Passion and Patriotism Raquel A. G. Reyes, 2008 Love Passion and Patriotism is an intimate account of the lives and experiences of a renowned group of young Filipino patriots the men whose propaganda campaign was a catalyst for the country's revolt against Spain As writers artists and scientists who resided in Europe they were exposed to new ideas Reyes uses their paintings photographs political writings novels and letters to show the moral contradictions inherent in their passionate patriotism and their struggle to come to terms with the relative sexual freedom of European women which they found both alluring and sordid Holy Confrontation Carolyn Brewer, 2001 Shamanism. Catholicism, and Gender Relations in Colonial Philippines, 1521-1685 Carolyn Brewer, 2004 In Shamanism Catholicism and Gender Relations in Colonial Philippines 1521 1685 Carolyn Brewer explores the cultural clash that ensued when Hispanic Catholicism came into contact with Filipino Animism in the sixteenth and seventeenth centuries Brewer explores the way indigenous women were represented in various early modern sources. She writes the female shamans back

into the history of the Philippines and elucidates the processes by which the Christian missionaries reviled and then supplanted them Finally using inquisition documents she reconstructs indigenous gender relationships showing how high class Zambal men and boys collaborated with the Spaniards to banish the shaman women and eradicate their influence Brewer demonstrates the connections between religion ideology and power A meticulously researched book Shamanism Catholicism and Gender Relations constitutes a sustained examination of how contact with Christianity reshaped gender Other Pasts Barbara Watson Andaya, 2000 The historical study of women and roles in the early modern Philippines gender in Southeast Asia has received relatively little attention despite the fact that female autonomy is often cited as a distinguishing feature of the region This pioneering collection brings together a number of international scholars distinguished by their knowledge of relevant primary sources and their willingness to ask new questions and apply new methodologies Often challenging established generalizations the essays highlight the changes and continuities in gender roles Offering both a specialist and comparative perspective the book will appeal to students as well as more senior scholars working on Southeast Asia and will provide a useful supplement for cross cultural courses on women and gender constructions Journal of South Asia Women Studies ,1995 Encyclopedia of Medical Anthropology Carol R. Ember, Melvin Ember, 2003-12-31 Medical practitioners and the ordinary citizen are becoming more aware that we need to understand cultural variation in medical belief and practice The more we know how health and disease are managed in different cultures the more we can recognize what is culture bound in our own medical belief and practice The Encyclopedia of Medical Anthropology is unique because it is the first reference work to describe the cultural practices relevant to health in the world's cultures and to provide an overview of important topics in medical anthropology. No other single reference work comes close to marching the depth and breadth of information on the varying cultural background of health and illness around the world More than 100 experts anthropologists and other social scientists have contributed their firsthand experience of medical cultures from around the world Sanghaya, 2001 A History and Anthropological Study of the Ancient Kingdoms of the Sino-Tibetan Borderland--Naxi and Mosuo Christine Mathieu, 2003 The Naxi and the Mosuo who are officially considered a part of the Naxi are peoples living in northwestern Yunnan Province of China Anthropologist Mathieu investigates the histories of these groups through a reading of textual sources local and imperial historiography oral tradition and religious ceremonial texts Her major objective is to describe the process by which the tribes oriented towards Tibet were transformed into vassal subjects of the Chinese empire She also seeks to elucidate the ethnic relationship between the Naxi and Mosuo Annotation c 2003 Book News Inc Portland OR booknews com The Mosuo --Beyond the Myths of Matriarchy Eileen Rose Walsh, 2001 New Books on Women and Feminism ,2003 **Philippine** national bibliography, 2000 Kinaadman ,2001 <u>Victorious Wives</u> Mulaika Hijjas, 2011 In Victorious Wives Mulaika Hijjas uses tools drawn from literary criticism and gender studies to look at a previously neglected corpus of Malay literature

in a new light The syair of the Riau Archipelago that are the basis of this book six nineteenth century Malay narrative poems are a unique exception in that they allow access to women s imaginative worlds and they provide a significant historical backdrop to anthropological accounts of gender in the Malay world in modern times P 4 of cover Diaspora, 2003
