Therapeutic Community , 1994 **A Culture of Enquiry** Jan Lees, 2004 This volume collects a wide range of papers discussing all aspects of Therapeutic Community TC research An invaluable resource for anyone involved in the field it considers questions of which methods are most appropriate in the TC environment how research studies affect this as well as practical and ethical questions Therapeutic Community for Women Prisoners Elaine Player, Elaine Genders, 2025-09-02 Based upon an extensive empirical study of a democratic therapeutic community for women serving long and medium sentences this book explores the opportunities it provided for restorative rehabilitation In so doing it identifies some of the interconnected ways in which these ambitions are undermined by pervasive yet often tacit assumptions that underly penal policies and practices Drawing on a wealth of data gathered from a study spanning a period of eighteen years at the only democratic therapeutic community for women prisoners in the UK the book highlights how feminist criminology has revealed an invidious history of women s treatment in prison demonstrating how reformist and rehabilitative interventions have reproduced and exacerbated existing states of inequality and oppression Consequently the question explored in this book is whether a proportionate sentence that imposes a loss of liberty is inevitably destined to this fate or whether it can be constructed in ways that are progressive and transformative By identifying and understanding some of the interconnected ways in which progressive efforts have typically been undermined it opens a debate about the insinuation of certain often unspoken assumptions that underly penal policies and practices and the need for their deconstruction It opens an axiomatic debate about how women imprisoned for serious offences might have that loss of liberty interpreted to facilitate a restorative reparative and reintegrative process of rehabilitation informed by principles of social justice This book will be of great interest to students and scholars of criminology feminist studies public policy and human rights It will also be of value to policymakers and practitioners in women s prisons and psychologists and psychiatrists interested in therapeutic communities
