Resisting Racism And Xenophobia:

Resisting Racism and Xenophobia Faye Venetia Harrison, 2005 Faye V Harrison's collection of essays focuses on the intersections between race gender sexuality class and nationality that exert a huge influence on human rights conflicts around the world Using compelling examples the authors illustrate the central premise that understanding the dynamics of these intersections has important implications for effectively confronting oppression and constructing positive change Investigating conflicts in Europe the Americas Asia Africa and Australia they also reflect upon political concerns and anxieties worldwide that have grown out of the catastrophe of 9 11 The contributors comprise an internationally diverse group of anthropologists and human rights activists concerned with global culturally diverse gendered experiences This anthology will be valuable to instructors human rights workers and applied professionals in anthropology gender studies ethnic studies and international human rights

We Resist Cynthia Levine-Rasky, Lisa Kowalchuk, 2020-05-21 The 2016 US presidential election exposed rising xenophobic and nationalist sentiment within the United States and other democratic countries As populist movements grow democratic freedoms erode *We Resist* demonstrates that the things we often take for granted safety family employment health a promising future are under attack and we must fight to preserve these resources before it's too late We are currently witnessing the dismantlement of social programs growing disinterest in international cooperation and the devaluation of evidence based knowledge This disturbing shift in politics is leading to increased national security measures violations to basic human rights and widening social and economic inequalities The rise of far right populism brings with it intolerance of ethnic sexual and all other minority groups and a rejection of democratic society *We Resist* gathers the compelling perspectives of scholars and activists who are deeply embedded within political and community struggles who participate in policy decisions and who are engaged in research that advances those struggles An essential and timely book *We Resist* confronts the problems we face as a human community and impels a cross sectoral movement to defend our rights and revitalize the common good

Convivial Cultures in Multicultural Cities Alina Rzepnikowska, 2019-09-20 The large scale migration brought about by the expansion of the EU over a decade ago led to migration from less ethnically diverse countries to multicultural and super diverse societies This book examines the complex encounters between Polish migrant women and local populations in Manchester and Barcelona with attention to the ways in which difference is negotiated and managed through everyday practices of conviviality which help to overcome hierarchies and create elements of sameness Illustrating how cultural differences may become important resources for interaction that facilitates positive relationships *Convivial Cultures in Multicultural Cities* draws on the narratives of Polish migrant women to shed new light on everyday social relations between migrant women and local populations including settled ethnic minorities and other migrants In doing so it contributes to our understanding of the positional nature of racial identification and complicates our ideas of whiteness and privilege

Urban Violence, Resilience and Security Glass, Michael R., Seybolt,

Taylor B.,Williams, Phil,2022-01-13 Written in a comprehensive yet accessible style *Urban Violence Resilience and Security* investigates the diverse nature of urban violence within Latin America Asia and Africa It further analyzes how regular and irregular governing mechanisms can provide human security despite the presence of chronic violence Class Interruptions

Robin Brooks,2021-12-20 As downward mobility continues to be an international issue Robin Brooks offers a timely intervention between the humanities and social sciences by examining how Black women s cultural production engages debates about the growth in income and wealth gaps in global society during the late twentieth and early twenty first centuries Using an interdisciplinary approach this innovative book employs major contemporary texts by both African American and Caribbean writers Toni Morrison Gloria Naylor Dawn Turner Olive Senior Oonya Kempadoo Merle Hodge and Diana McCauley to demonstrate how neoliberalism within the broader framework of racial capitalism reframes structural inequalities as personal failures thus obscuring how to improve unjust conditions Through interviews with authors textual analyses of the fiction and a diagramming of cross class relationships Brooks offers compelling new insight on literary portrayals of class inequalities and division She expands the scope of how the Black women s literary tradition since the 1970s has been conceptualized by repositioning the importance of class and explores why the imagination matters as we think about novel ways to address long standing and simultaneously evolving issues *Pregnancy and Birth* Karen O'Donnell,2024-08-30 Pregnancy is a period of time that institutes great change in the lives of those who are pregnant Regardless of whether a pregnancy concludes with the birth of a live child or not there are experiences that are common for many people who are pregnant Yet as a site of theological reflection pregnancy is underrepresented This landmark book seeks to begin the conversation within theology about pregnancy the positive and negative experiences and the potential for pregnancy to be understood theologically Chapters consider a number of avenues in this exploration from early pregnancy loss to trauma in labour from adoption to the end of reproductive years at the onset of menopause Throughout this book seeks to understand the resources that theology brings to the experiences of pregnancy as well as the situations of oppression and underrepresentation that currently exist Allowing for intersections of race parenting childlessness and disability this book approaches pregnancy from different theological perspectives in order to complexify the theological response and engagement as well as produce constructive resources for both the academy and the church Contributors include Chine McDonald Julie Gittoes Margaret Kamitsuka and Rachel Muers **Participatory Visual and Digital Research in Action** Aline Gubrium,Krista Harper,Marty Otañez,2016-07-01 This collection of original articles a companion to the authors *Participatory Visual and Digital Methods* illustrates how innovative visual and digital research techniques are being used in various field projects in health care environmental policy urban planning education and youth development and heritage management settings These methodologies produce rich visual and narrative data guided by participant interests and priorities key tools for collaborative work The 16 chapters include digital storytelling PhotoVoice community based

filmmaking participatory mapping and GIS and participatory digital archival research provide a portfolio of model research projects for researchers who wish to collaborate on community based studies will appeal to an audience across social science heritage health education and social service fields An open access companion website will allow readers to view the research products presented in each contributor s chapter

Sustaining Life Theodore Powers, 2020-03-20 An ethnographic account of the South African AIDS movement and activists From the historical roots of AIDS activism in the struggle for African liberation to the everyday work of community education in Khayelitsha *Sustaining Life* tells the story of how the rights based South African AIDS movement successfully transformed public health institutions enabled access to HIV AIDS treatment and sustained the lives of people living with the disease Typical accounts of the South African epidemic have focused on the political conflict surrounding it Theodore Powers observes but have yet to examine the process by which the national HIV AIDS treatment program achieved near universal access In *Sustaining Life* Powers demonstrates the ways in which non state actors from caregivers to activists worked within the state to transform policy and state based institutions in order to improve health based outcomes He shows how advocates in the South African AIDS movement channeled the everyday experiences of poor and working class people living with HIV AIDS into tangible policy changes at varying institutional levels revealing the primacy of local action for expanding treatment access In his analysis of the transformation of the state health system Powers addresses three key questions How were the activists of the movement able to overcome an AIDS dissident faction that was backed by government power How were state health institutions and HIV AIDS policy transformed to increase public sector access to treatment Finally how should the South African campaign for treatment access inform academic debates on social movements transnationalism and the state Based on extended participant observation and in depth interviews with members of the South African AIDS movement *Sustaining Life* traces how the political principles of the anti apartheid movement were leveraged to build a broad coalition that changed national HIV AIDS policy norms and highlights how changes in state society relations can be produced by local activism

The Punishment Monopoly Pem Davidson Buck, 2019-11-22 Examines the roots of white supremacy and mass incarceration from the vantage point of history Why asks Pem Davidson Buck is punishment so central to the functioning of the United States a country proclaiming liberty and justice for all *The Punishment Monopoly* challenges our everyday understanding of American history focusing on the constructions of race class and gender upon which the United States was built and which still support racial capitalism and the carceral state After all Buck writes a state to be a state has to punish bottom line that is what a state and the force it controls is for Using stories of her European ancestors who arrived in colonial Virginia in the seventeenth and eighteenth centuries and following their descendants into the early nineteenth century Buck shows how struggles over the right to punish backed by the growing power of the state governed by a white elite made possible the dispossession of Africans Native Americans and poor whites Those struggles led to the creation of the low wage working classes that capitalism

requires locked in by a metastasizing white supremacy that Buck's ancestors with many others defined as white helped establish and manipulate Examining those foundational struggles illuminates some of the most contentious issues of the twenty first century the exploitation and detention of immigrants mass incarceration as a central institution Islamophobia white privilege judicial and extra judicial killings of people of color and some poor whites The Punishment Monopoly makes it clear that none of these injustices was accidental or inevitable that shifting our state sanctioned understandings of history is a step toward liberating us from its control of the present *Caribbean and Southern* Helen A. Regis, 2006-01-01 Ranging across the colonial and postcolonial eras of the American South and the Caribbean the six essays in this volume take a fresh look at the regions transnational linkages With their focus on border zones hybridity and creolization the essays challenge our notions about the cultural and economic trajectories of the African diaspora in this part of the world For instance was the movement of slaves seeking freedom in the United States always south to north Or was the movement of slaves in bondage always westward from Africa to the Caribbean or the Americas One consequence of the work presented in this volume is an expansion of the physical borders of the Caribbean southern sphere to include for example the Chesapeake Bay area Lesser known populations such as the Black Seminoles also gain heightened visibility Runaway slaves who first allied themselves with Florida Indians the Black Seminoles later migrated to the Bahamas Other topics covered include foodways environmental justice and Caribbean tourism and religious or celebratory traditions of Vodou Jonkonnu and Rocks

Human Rights, Race, and Resistance in Africa and the African Diaspora Toyin Falola, Cacee Hoyer, 2016-10-04 Africans and their descendants have long been faced with abuse of their human rights most frequently due to racism or racialized issues Consequently understanding shifting conceptualizations of race and identity is essential to understanding how people of color confronted these encounters This book addresses these issues and their connections to social justice discrimination and equality movements From colonial abuses or their legacies black people around the world have historically encountered discrimination and yet they do not experience injustice opaquely The chapters in this book explore and clarify how Africans and their descendants struggled to achieve agency despite long histories of discrimination Contributors draw upon a range of case studies related to resistance and examine these in conjunction with human rights and the concept of race to provide a thorough exploration of the diasporic experience Human Rights Race and Resistance in Africa and the African Diaspora will appeal to students and scholars of Ethnic and Racial Studies African History and Diaspora Studies

Gendering Global Transformations Chima J. Korieh, Philomina E Okeke-Ihejirika, 2008-11-19 This book employs gender as a category of analysis to capture the various ways men and women relate in society and the structures that define these relationships and place boundaries on them It presents alternative conceptual and theoretical approaches that tease out the nuances of gender as mediated by culture race and identity in a globalizing world

Unwinding Of The Globalist Dream, The: Eu, Russia And China Steven Rosefielde, Masaaki Kuboniwa, Satoshi

Mizobata, Kumiko Haba, 2017-11-14 This collection of essays documents and investigates the conflicts in Europe Russia and China that sparked populist revolts against the established globalist order in the European Union It shows that the populist surge was not an anomaly It was a reflection of the internal contradictions of globalism that sparked nationalist resentment inside the EU and backlashes against Western soft power aspirations in Russia and China The idealist rhetoric of the globalist dream was persuasive It lulled many into believing that the movement should not and could not be stopped until the 2008 global financial crisis started the dream to unwind The essays in this volume show that globalism is not dead but will have to reinvent itself to revive *Outsider Within* Faye Venetia Harrison, 2008 Envisioning new directions for an inclusive anthropology [Encyclopedia of Global Studies](#) Helmut K. Anheier, Mark Juergensmeyer, 2012-03-09 With all entries followed by cross references and further reading lists this current resource is ideal for high school and college students looking for connecting ideas and additional sources on them The work brings together the many facets of global studies into a solid reference tool and will help those developing and articulating an ideological perspective Library Journal The Encyclopedia of Global Studies is the reference work for the emerging field of global studies It covers both transnational topics and intellectual approaches to the study of global themes including the globalization of economies and technologies the diaspora of cultures and dispersion of peoples the transnational aspects of social and political change the global impact of environmental technological and health changes and the organizations and issues related to global civil society Key Themes Global civil society Global communications transportation technology Global conflict and security Global culture media Global demographic change Global economic issues Global environmental and energy issues Global governance and world order Global health and nutrition Global historical antecedents Global justice and legal issues Global religions beliefs ideologies Global studies Identities in global society Readership Students and academics in the fields of politics and international relations international business geography and environmental studies sociology and cultural studies and health **The SAGE Handbook of Cultural Anthropology** Lene Pedersen, Lisa Cliggett, 2021-03-31 The SAGE Handbook of Cultural Anthropology is the first instalment of The SAGE Handbook of the Social Sciences series and encompasses major specialities as well as key interdisciplinary themes relevant to the field Globally societies are facing major upheaval and change and the social sciences are fundamental to the analysis of these issues as well as the development of strategies for addressing them This handbook provides a rich overview of the discipline and has a future focus whilst using international theories and examples throughout The SAGE Handbook of Cultural Anthropology is an essential resource for social scientists globally and contains a rich body of chapters on all major topics relevant to the field whilst also presenting a possible road map for the future of the field Part 1 Foundations Part 2 Focal Areas Part 3 Urgent Issues Part 4 Short Essays Contemporary Critical Dynamics *Theory in Social and Cultural Anthropology* R. Jon McGee, Richard L. Warms, 2013-08-28 Social and cultural anthropology and archaeology are rich subjects with deep connections in the social and physical sciences Over the past 150

years the subject matter and different theoretical perspectives have expanded so greatly that no single individual can command all of it. Consequently both advanced students and professionals may be confronted with theoretical positions and names of theorists with whom they are only partially familiar if they have heard of them at all. Students in particular are likely to turn to the web to find quick background information on theorists and theories. However, most web-based information is inaccurate and/or lacks depth. Students and professionals need a source to provide a quick overview of a particular theory and theorist with just the basics: the who, what, where, how, and why. In response, SAGE Reference is publishing the two-volume *Theory in Social and Cultural Anthropology: An Encyclopedia*. Features/ Benefits: Two volumes containing approximately 335 signed entries provide users with the most authoritative and thorough reference resource available on anthropology theory both in terms of breadth and depth of coverage. To ease navigation between and among related entries, a Reader's Guide groups entries thematically, and each entry is followed by Cross References. In the electronic version, the Reader's Guide combines with the Cross References and a detailed Index to provide robust search and browse capabilities. An appendix with a Chronology of Anthropology Theory allows students to easily chart directions and trends in thought and theory from early times to the present. Suggestions for Further Reading at the end of each entry and a Master Bibliography at the end guide readers to sources for more detailed research and discussion.

International Encyclopedia of Men and Masculinities

Michael Flood, Judith Kegan Gardiner, Bob Pease, Keith Pringle, 2007-08-07. The *International Encyclopedia of Men and Masculinities* offers a comprehensive guide to the current state of scholarship about men, masculinities, and gender around the world. The Encyclopedia's coverage is comprehensive across three dimensions: areas of personal and social life, academic disciplines, and cultural and historical contexts and formations. The Encyclopedia examines every area of men's personal and social lives as shaped by gender, covers masculinity politics, the men's groups and movements that have tried to change men's roles, presents entries on working with particular groups of boys or men, from male patients to men in prison, incorporates cross-disciplinary perspectives, and examinations of men, gender, and gender relations. It gives comprehensive coverage of diverse cultural and historical formations of masculinity and the bodies of scholarship that have documented them. The *Encyclopedia of Men and Masculinities* is composed of over 350 free-standing entries written from their individual perspectives by eminent scholars in their fields. Entries are organized alphabetically for general ease of access but also listed thematically at the front of the encyclopedia for the convenience of readers with specific areas of interest.

Theologising with the Sacred 'Prostitutes' of South India Eve Rebecca Parker, 2021-03-22. In *Theologising with the Sacred Prostitutes of South India*, Eve Rebecca Parker theologises with the Dalit women who, from childhood, have been dedicated to village goddesses and used as sacred sex workers. Parker uses ethnographic, anthropological, theological, hermeneutical, and historical research and analysis in order to critically engage with the lived religiosity and daily struggles of the dedicated women known as devadās. In doing so, she works towards an Indecent Dalit Liberation Theology that challenges systems of

oppression and cultures of impunity including casteism sexism classism and a history of socio political and religious marginalisation The result is a profound theologising of struggle and resistance with the sexual narratives of the oppressed

It Came from Something Awful Dale Beran, 2025-06-25 How 4chan and 8chan fuel white nationalism inspire violence and infect politics The internet has transformed the ways we think and act and by consequence our politics The most impactful recent political movements on the far left and right started with massive online collectives of teenagers Strangely both movements began on the same website an anime imageboard called 4chan.org It Came from Something Awful is the fascinating and bizarre story of sites like 4chan and 8chan and their profound effect on youth counterculture Dale Beran has observed the anonymous messageboard community's shifting activities and interests since the beginning Sites like 4chan and 8chan are microcosms of the internet itself simultaneously at the vanguard of contemporary culture politics comedy and language and a new low for all of the above They were the original meme machines mostly frequented by socially awkward and disenfranchised young men in search of a place to be alone together During the recession of the late 2000s the memes became political 4chan was the online hub of a leftist hacker collective known as Anonymous and a prominent supporter of the Occupy Wall Street movement But within a few short years the site's ideology spun on its axis it became the birthplace and breeding ground of the alt right In It Came from Something Awful Beran uses his insider's knowledge and natural storytelling ability to chronicle 4chan's strange journey from creating rage comics to inciting riots to according to some memeing Donald Trump into the White House
