Integrative Spirituality Patrick J. Mahaffey, 2018-10-26 In Integrative Spirituality Patrick J Mahaffey elucidates spirituality as a developmental process that is enhanced by integrating the teachings and practices of multiple religious traditions Jungian depth psychology and contemplative yoga In the postmodern world of religious pluralism Mahaffey compellingly argues that each of us must fashion a unique path to wholeness which integrates aspects of life and of the self that have become disconnected and disowned Integrative Spirituality uniquely conjoins four components exemplary religious pluralists from three traditions individuation the forms of contemplative Hindu yoga that have been successfully transmitted to the West and a presentation of two models for integrating psychological growth and spiritual awakening The book presents pioneering practitioners in each field who exemplify how we may fashion our own approach to integrating both spiritual awakening and psychological development and delineates an array of spiritual practices that integrate the somatic psychological interpersonal and spiritual aspects of life Ultimately Mahaffey contends that integrative spirituality is a mode of being that fully embraces the divinity inherent in each of us and in the world Integrative Spirituality will be essential reading for academics and students of Jungian and post Jungian studies transpersonal and Jungian psychology and religious studies and contemplative education It will also be of interest to analytical and depth psychologists in practice and in training and to anyone seeking a greater understanding of spirituality psychological growth religious traditions individuation and contemplative voga Sacred & Delicious Lisa Joy Mitchell, 2025-07-30 Sacred Delicious is an award winning vegetarian cookbook a primer on Ayurveda India's ancient wellness system and a gorgeous food memoir that celebrates the healing power of food Author Lisa Mitchell writes inspiring and clear prose about the power of the Ayurvedic system to sustain good health and reverse chronic health problems recounting her own recovery The book includes 108 recipes and more than 60 full page color photos Most of the dishes include vegan options and all but two are gluten free Only ten of the recipes reflect traditional Indian cooking The rest demonstrate how to apply the balancing principles of Ayurveda and the creative yet subtle use of spices to modern Western cuisines that many Westerners prefer Mitchell shares the Vedic perspective on why food is sacred and how cooks can bring a sacred intention to their kitchen labors to approach food preparation as spiritual practice Traditional blessings for food from various cultures are sprinkled throughout the book In April 2019 Sacred Delicious won silver medals in two prestigious book industry awards competitions the IBPA Benjamin Franklin Awards in the Body Mind Spirit category and the Nautilus Awards in the Food Cooking and Healthy Eating category It also won the cookbook category in the Body Mind Spirit Book Awards and is a finalist in the Foreword INDIES Book of the Year Awards to be announced in Iune **Working From Your Core** Sharon Seivert, 2013-10-28 First published in 1998 This work details a range of
