### **Transmedia Storytelling and the New Era of Media Convergence in**

**Higher Education** Stavroula Kalogeras, 2014-06-25 Stories whether they are fact or fiction popular or not are a proven method of pedagogy In the age of media convergence and with the advancement of technology stories have morphed into new forms however their core purpose remains the same which is to pass on knowledge and information The internet with its inherent interactivity and story with its inherent capacity to engage can lead to innovative and transformative learning experiences in media rich environments This book focuses on web based Transmedia Storytelling Edutainment TmSE as an

andragogical practice in higher education Story is at the forefront of this investigation because narrative is the basis for developing entertainment media franchise that can be incorporated into pedagogical practice The propulsion of this analysis consists of practice based research through narrative inquiry and an e module case study presented on multimedia storytelling in the classroom A Transmedia Storytelling Framework is provided for creating screenplays for cross media projects and for analyzing their appropriateness in education Additionally a hypertext screenplay which allowed students to dig deeper into the story word and to build more knowledge is evaluated for its use in higher education Since screenplays are by nature writing for the screen it is believed that the more visual the input the more likely it is to be memorized and recalled A link to The Goddess Within screenplay is available for download on the right hand side of this page *Cartelisation, Convergence or Increasing Similarities?* Henrik Enroth, Magnus Hagevi, 2018-03-02 It is often suggested that political parties are becoming increasingly alike and that party politics has turned into an elite affair where political professionals collude to further their self interest rather than work to represent the interests of their constituents In recent decades this diagnosis has been famously associated with Richard Katz and Peter Mair s cartel party theory Yet so far this controversial thesis has not been subjected to systematic empirical scrutiny nor has its conceptual and normative underpinnings been properly considered In this volume a group of political scientists with different specialisations take on this task focusing empirically on the Swedish party system which the originators of the cartel party theory have suggested is especially conducive to the formation of party cartels Collecting new and unique qualitative and quantitative data the volume casts serious doubt on the validity of the cartel party theory as an explanation for party system change [A Justice-Based Approach for New Media Policy](#) Amit M. Schejter, Noam Tirosh, 2016-12-04 In this book distributional justice theories developed by John Rawls and Amartya Sen are applied to the governance of today s media proposing a fresh and innovative assessment of the potential role for media in society Three case studies describe the utilization of new media by marginalized communities in Israel Ethiopian immigrants the Bedouin and Palestinians and set the stage for media policy scholars teachers and students to discuss an analytic framework for media policy that is fresh different innovative and original Departing from the utilitarian principles that dominate Western liberal regimes and that have led to the proliferation of media systems in which control is concentrated in the hands of the few this work proposes an alternative that focuses on redistributing power and voice
