confronted by the claims of postmodernity which seem to reverse the whole equation to say that certainty and objectivity are chimeras. What is truth? Pilate asked and postmodernity at least as caricatured by its opponents responds: There's no such thing. Gerard Mannion in *Ecclesiology and Postmodernity* addresses the situation of the church in a postmodern world. The fundamental changes in human society and culture wrought by the twentieth century require the church to consider its response in the twenty-first century. What is the church's moral vision? how does its practice look? what is the nature of its aspiration toward holiness in our times? Mannion believes that since Vatican II the Catholic Church has been in a kind of limbo awaiting a vision of its own life for the future. Rather than focusing on specific controversies, Mannion offers concrete suggestions about how the church can create a better harmony between its own self-understanding, its ecclesiological vision, and its day-to-day life, its ecclesial practice.

Gerard Mannion PhD, educated at King's College Cambridge University and New College Oxford University, is Associate Professor of Ecclesiology and Ethics in the Department of Theology and Religious Studies at Liverpool Hope University, UK. He is also the director of Church In Our Times Centre for the Study of Contemporary Ecclesiology, co-director of the Applied Ethics Initiative at Liverpool Hope, co-chair of the AAR American Academy of Religion Ecclesiological Investigations Program Unit, and co-ordinator of the Ecclesiological Investigations International Research Network. Mannion is the author of *Schopenhauer, Religion and Morality* and co-editor of *Readings in Church Authority: Gifts and Challenges for Contemporary Catholicism*, both published by Ashgate in 2003, and co-editor of the forthcoming volumes *The Routledge Companion to the Christian Church* and *Catholic Social Justice: Theological and Practical Explorations*.

The Many Marks of the Church William Madges, Michael J. Daley, 2006. One holy, catholic and apostolic church: these marks have distinguished orthodox Christianity since the fifth century. Today, however, the church is known by many other characteristics, e.g. it is prayerful, intellectual, catechetical, biblical, ecological and sacramental. In this timely book, William Madges and Michael Daley invite over forty authors and theologians to reflect on both the traditional and contemporary marks of the Church. Back cover.

W. E. B. Du Bois and the Sociology of the Black Church and Religion, 1897-1914 Robert A. Wortham, 2017-11-30. W. E. B. Du Bois is the founding figure of the sociological study of the Black Church. His discussion of the six functions of Philadelphia's Black Church in *The Philadelphia Negro* (1899) represented an early example of a functional analysis of a religious group. In *The Negro Church* (1903) he integrated the findings from religious census data, denominational statistics, small area surveys, ethnographic fieldwork, and historical studies to paint a picture of the vibrant role the Black Church played in the African American community. Du Bois discusses the Black Church in three of the essays included in *The Souls of Black Folk* (1903), other sociological essays, and several Atlanta University Conference annual reports. Additionally, Du Bois' perspective on the Black Church and the role of religion in the African American community can be gleaned from various poetic works, prayers, and editorials. *W. E. B. Du Bois and the Sociological Study of the Black Church and Religion, 1897-1914* showcases a representative sample of classic studies on the Black Church and religion.

Towards an Ethical Framework for Poverty reduction , Peter Singer and Christian Ethics Charles C. Camosy, 2012-04-12 Interaction between Peter Singer and Christian ethics to the extent that it has happened at all has been unproductive and often antagonistic Singer sees himself as leading a Copernican Revolution against a sanctity of life ethic while many Christians associate his work with a culture of death Charles Camosy shows that this polarized understanding of the two positions is a mistake While their conclusions about abortion and euthanasia may differ there is surprising overlap in Christian and Singerite arguments and disagreements are interesting and fruitful Furthermore it turns out that Christians and Singerites can even make common cause for instance in matters such as global poverty and the dignity of non human animals Peter Singer and Christian ethics are far closer than almost anyone has imagined and this book is valuable to those who are interested in fresh thinking about the relationship between religious and secular ethics

The Holy Spirit and Public Life Mark J. Cartledge, 2022-04-04 *The Holy Spirit and Public Life* offers a masterful analysis of the intersections between pneumatology and public theology as well as contemporary Christianity and secular society Examining issues from race to domestic violence with compassion as well as critical rigour Mark J. Cartledge one of the UK's leading authorities on the Pentecostal Charismatic Movement skilfully anchors his argument in both the biblical text and insight and empirical data from the contemporary world His deep appreciation of the many ways in which the Christian faith inspires and empowers transformative social engagement will motivate and mould the rising commitment

among Pentecostals and Charismatics to live the gospel in the public square in the power of the Spirit Finally Cartledge proposes that the church engage with society by being truthful with love This posture provides the integrating center for the life of the church and its mission in the world The Catholic Bible, Personal Study Edition Jean Marie Hiesberger, 2006-12
