Responses To Rembrandt:

Responses to Rembrandt Anthony Bailey, 1994 In 1968 a group of Dutch scholars known as the Rembrandt Research Project feeling that the master's oeuvre was inflated began to take Rembrandt to task The group's members traveled around the world subjecting Rembrandt to intense scrutiny they x-rayed paintings examined the rendering of lace hands and signatures counted threads of warp and woof Paintings long considered Rembrandt's started to fall Then in 1984 one of the members of the Project suggested in print that The Polish Rider might be next Perhaps this painting one of the world's masterpieces wasn't a Rembrandt after all but the work of a lesser known pupil Willem Drost Rembrandt, Reputation, and the Practice of Connoisseurship Catherine B. Scallen, 2004 Annotation Elizabeth A Kaye specializes in communications as part of her coaching and consulting practice She has edited Requirements for Certification since the 2000-01 edition

Ukraine, the Middle East, and the West Thomas M. Prymak, 2021-05-15 For decades Ukrainian contacts with the outside world were minimal impeded by politics ideology and geography But prior to the Soviet period the country enjoyed diverse exchanges with on the one hand its Islamic neighbours the Crimean Khanate and the Ottoman Empire and on the other its central and western European neighbours especially Poland and France Thomas Prymak addresses geographical knowledge international travel political conflicts historical relations with religiously diverse neighbours artistic developments and literary and language contacts to smash old stereotypes about Ukrainian isolation and tell a vivid and original story The book treats a wide range of subjects including Ukrainian travellers in the Middle East from pilgrims to the Holy Land to political exiles in Turkey and Iran Tatar slave raiding in Ukraine the poetry of Taras Shevchenko and the Russian war against Imam Shamil in the High Caucasus Ukrainian themes and the French writers Honoré de Balzac and Prosper Mérimée Rembrandt's mysterious painting today titled The Polish Rider and Ilya Repin's legendary painting of the Zaporozhian Cossacks writing their satirical letter mocking the Turkish sultan Drawing together political and cultural history languages and etymology and folklore and art history Ukraine the Middle East and the West is an original interdisciplinary study that reintroduces Ukraine's long overlooked connections beyond Eastern Europe *A Corpus of Rembrandt Paintings IV* Ernst van de Wetering, 2010-07-19 Volume IV of *A Corpus of Rembrandt Paintings* deals uniquely with the self-portraits of Rembrandt In a clearly written explanatory style the head of the Rembrandt Research Project and Editor of this Volume Ernst van de Wetering discusses the full body of work of paintings and etchings portraying Rembrandt He sets the different parameters for accepting or rejecting a Rembrandt self-portrait as such whilst also discussing the exact working environment of Rembrandt and his apprentices This workshop setting created a surroundings where apprentices could be involved in working on Rembrandt paintings making it more difficult to determine the hand of the master Van de Wetering who is one of the Rembrandt experts of our day and age goes down to great detail to explain how the different self-portraits are made and what techniques Rembrandt uses also giving an overview of which paintings are to be attributed to the Dutch Master and

which not In the additional catalogue the self portraits are examined in detail In clear and accessible explanatory text the different paintings are discussed larded with immaculate images of each painting Details are shown where possible as well as the results of modern day technical imaging like X radiography This work of art history and art research should be part of every serious art historical institute university or museum Nowhere in the art history have all Rembrandt s self portraits been discussed in such detailed and comparative manner by an authority such as Ernst van de Wetering This is a standard work for decades to come *The Primacy of the Image in Northern European Art, 1400-1700* Debra Cashion, Henry Luttikhuisen, Ashley West, 2017-08-21 The Primacy of the Image in Northern Art 1400 1700 Essays in Honor of Larry Silver is an anthology of 42 essays written by distinguished scholars on current research and methodology in the art history of Northern Europe of the late medieval and early modern periods Written in tribute to Larry Silver Farquhar Professor of the History of Art at the University of Pennsylvania the topics are inspired by Professor Silver s renowned scholarship in these areas Early Netherlandish Painting and Prints Sixteenth Century Netherlandish Painting Manuscripts Patrons and Printed Books D rer and the Power of Pictures Prints and Printmaking and Seventeenth Century Painting Studies of specific artists include Hans Memling Albrecht D rer Hans Baldung Grien Hieronymus Bosch Pieter Bruegel Hendrick Goltzius and Rembrandt *Philosophy of Mind* Ian Ravenscroft, 2005 Philosophy of Mind A Beginner s Guide provides the most accessible introduction to the philosophy of mind Specifically aimed at beginning students with no background knowledge in the subject Ravenscroft brings together all of the basic concepts and major theories The text is supported by many pedagogical aids including chapter summaries a glossary further reading suggestions and self assessment questions **Rembrandt's Passion Series** Simon McNamara, 2015-05-13 Rembrandt s Passion Series is the name given to five paintings of similar size and format executed over a six year time frame 1633-39 The works were commissioned by Frederick Hendrick Prince of Orange and Stadtholder of the United Provinces for his gallery at The Hague Although each of the paintings depicts a traditional scene from the Passion of Christ they do not form anything like a complete Passion Cycle Seven years later Hendrick ordered a further two works of the same size and format of subjects from the Nativity of Christ Six of the seven paintings now hang in the Alte Pinakothek Munich As the works were executed between Rembrandt s well documented early Leiden period and his rapid rise to prominence as a portraitist in Amsterdam the works have not attracted the scholarly attention they might although the commission was undoubtedly the most prestigious of the young Rembrandt s career Rembrandt s Passion Series is the first monograph to focus solely on this important group of paintings by the most famous artist of the Dutch Golden Age In it Simon McNamara traces the history of the commission by way of extant documentation places the works in a seventeenth century Dutch religious milieu and shows how the series is both reflective of contemporary theological exegesis and embedded in theoretical artistic debates of the age The book also highlights the extraordinary nature of the self images seen in three of the paintings and discusses the legacy of the series in later graphic works by

Rembrandt and in paintings by his pupils In doing so Rembrandt's Passion Series presents a series of unifying factors both stylistically and thematically for the works that allows the Passion Series to be properly and finally called a series **The Ashgate Research Companion to Dutch Art of the Seventeenth Century** Wayne Franits, 2017-07-05 Despite the tremendous number of studies produced annually in the field of Dutch art over the last 30 years or so and the strong contemporary market for works by Dutch masters of the period as well as the public's ongoing fascination with some of its most beloved painters until now there has been no comprehensive study assessing the state of research in the field As the first study of its kind this book is a useful resource for scholars and advanced students of seventeenth century Dutch art and also serves as a springboard for further research Its 19 chapters divided into three sections and written by a team of internationally renowned art historians address a wide variety of topics ranging from those that might be considered traditional to others that have only drawn scholarly attention comparatively recently *Rembrandt's Reading* Amy Golahny, 2003 Though Rembrandt's study of the Bible has long been recognized his interest in secular literature has been relatively neglected In this volume Amy Golahny uses a 1656 inventory to reconstruct Rembrandt's library discovering anew how his reading of history contributed to his creative process In the end Golahny places Rembrandt in the learned vernacular culture of seventeenth century Holland painting a picture of a pragmatic reader whose attention to historical texts strengthened his rivalry with Rubens for visual drama and narrative erudition *Brain and Art* Idan Segev, Luis M.
