Responses To Cleveland Improving Services For Child Sexual Abuse:

Responses to Cleveland Peter Riches, 1989 **Child Sexual Abuse: Whose Problem?** Sue Richardson, Heather Bacon, 2018-09-26 In Cleveland in 1987 a medical diagnosis of child sexual abuse was made in 127 children resulting in their removal from home. The consequent intense scrutiny and public criticism around the case together with the subsequent Butler Sloss inquiry resulted in the medical evidence being discredited giving rise to a system which relies on children to speak out about their abuse. This book argues that this 1987 crisis continues to shape child protection today resulting in opportunities to protect children being missed. Now re issued with a substantial new introduction and concluding reflections this book provides the only account by key professionals directly involved in the Cleveland cases allowing readers to understand what really took place in Cleveland and why it continues to matter today. It analyses the many failures to address the plight of sexually abused children and makes constructive suggestions for the way forward to provide more effective interventions for children at risk.

Supportive Schools Tony Charlton, 2002-01-04 Using 15 case studies this book highlights the attempts being made by teachers and other professionals to meet the varied needs of pupils in mainstream and special schools. The emphasis is on providing practical examples which illustrate effective intervention strategies for use in particular situations. The case studies explore such diverse areas as disruptive behaviour, dyslexia, child abuse, deafness and epilepsy as well as discussing the wider issues of personal and social education, disability and under achievement.

Creative Responses to Child Sexual Abuse Sue Richardson, Heather Bacon, 2003-01-15 Using attachment theory as a foundation this book addresses in depth the acute practice dilemmas concerning children who despite the climate of increased awareness multi disciplinary cooperation and legislative and procedural change cannot easily be protected. The contributors give guidelines for working with the children.

A Case of Neglect? (1996) Ian Butler, Ian F Shaw, 2018-01-12 Published in 1996 this book advocates and persuasively exemplifies a qualitative sociology of childhood spoken repeatedly through children's voices. After a long period of dormancy interest in the sociology of childhood became a focus of attention and scholarly interest. Developments in practice by professionals working and learning in the fields of welfare, education and youth and community studies have been paralleled by the emergence of specialist courses within sociology degrees. Yet the challenges raised by the sociology of childhood remain marginalised within the social sciences more generally. *A Case of Neglect* provides an accessible reader and review of the field. Heard wherever possible through children's and young people's voices it provides a penetrating insight into their understandings and experiences of their own and adults' worlds. It also provides a readable and absorbing review of qualitative applications in the sociology of childhood and a counter to the common reliance on evidence derived from quantitative approaches. The fieldwork applications range across the often hidden worlds of children's and young people's involvement in prostitution, their experience of abuse, black children's experiences of social services, children's school cultures, naturist children and childlessness. Always arresting and sometimes poignant. A

Case of Neglect works towards a sociology which is both of and for childhood This book was originally published as part of the Cardiff Papers in Qualitative Research series edited by Paul Atkinson Sara Delamont and Amanda Coffey The series publishes original sociological research that reflects the tradition of qualitative and ethnographic inquiry developed at Cardiff The series includes monographs reporting on empirical research edited collections focussing on particular themes and texts discussing methodological developments and issues

Child Sexual Abuse Reported by Adult Survivors is a wide ranging and timely critical history and analysis of legal responses to historical or non recent child sexual abuse NRCSA in England and Wales Ireland and Australia each of which represents an evolving and progressive approach to this important and complex issue The book examines the emergence of NRCSA as a distinctive social political and legal phenomenon in each country and explores the legal responses developed to address its unprecedented challenges Courts and parliaments in each country have reformed existing doctrine and practice and have created new ways of holding state and private actors accountable and new ways of addressing survivors injuries Criminal law tort law public inquiries and state reparations have all been to the forefront of these new legal responses which have transformed law s engagement with NRCSA survivors and understandings of justice itself However despite this undeniable progress the book identifies ways in which the legal responses developed in each country fail to deliver accountability and recognition to NRCSA survivors and argues that such failures betray the law s inherent ambivalence to delivering justice for

these survivors Creating new insights into legal responses to this complex contemporary legal social and political problem this book will be of great interest to academic lawyers political scientists and historians as well as those working on related topics in criminology sociology social policy cultural studies and gender studies **Children Speak** Ian Butler,Howard Williamson,1994 Interviews with young people conducted on behalf of the NSPCC Covers the worst experiences of children and their views on the social welfare help they have or haven't received **ACE Bulletin** ,1989 **British Reports, Translations and Theses** British Library.
