Christian Ethics as Witness David Haddorff, 2011-01-01 Christian ethics is less a system of principles rules or even virtues and more of a free and open ended responsible witness to God's gracious action to be with and for others and the world Postmodernity has left us with the risky uncertainty of knowing and doing the good It also leaves us with the global risks of political violence and terrorism economic globalization and financial crisis and environmental destruction and global climate change How should Christians respond to these problems This book creatively explores how Christian ethics is best understood as a witness to God's action thereby providing the ethical framework for addressing the various problematic social issues that put our world at risk Haddorff develops the notion of witness through a detailed study of Karl Barth's theological ethics Barth he argues provides a language enabling us to know what a Christian ethics of witness actually looks like in both theory and in practice In correspondence to God's gracious action Christians remain free to think and act in faith hope and love in response to their unique circumstances even in a world at risk In their witness Christians remain confident that God has not abandoned the world but loves and cares for its future

**Christian Ethics, Volume 1** Karl-Heinz

Peschke, 2012-08-21 This recent edition of Christian Ethics Volume I is a thoroughly revised and updated version of fundamental moral theology. As in the previous editions, the author makes himself an interpreter of the demands of Vatican Council II and its request that moral theology be rooted more fully in Holy Scripture. At the same time, account is taken of the new developments in the field of ethics. New issues of actual concern are taken up such as the deontological and teleological conditions of moral norms, the confrontation between conscience and civil or ecclesiastical law, the communal roots of Christian identity, the requirement of liberty and the ethical compromise. The book addresses itself to all who are interested in the moral teaching of the Christian faith and endeavors to be a helpful instrument to this end. Christian Ethics, Issues and Insights
