**City Girls** Valerie J. Matsumoto,2016-12-15 Even before wartime incarceration Japanese Americans largely lived in separate cultural communities from their West Coast neighbors The first generation American children the Nisei were American citizens spoke English and were integrated in public schools yet were also socially isolated in many ways from their peers and subject to racism Their daughters especially found rapport in a flourishing network of ethnocultural youth organizations Until now these groups have remained hidden from the historical record both because they were girls groups and because evidence of them was considered largely ephemeral In her second book Valerie Matsumoto has recreated this hidden world of female friendship and comradery tracing it from the Jazz age through internment to the postwar period Matsumoto argues that these groups were more than just social outlets for Nisei teenage girls Rather she shows how they were critical networks during the wartime upheavals of Japanese Americans Young Nisei women helped their families navigate internment and more importantly recreated communities when they returned to their homes in the immediate postwar period This book will be a considerable contribution to our understanding of Japanese life in America youth culture ethnic history urban history and Western history Matsumoto has interviewed and gained the trust of many now old women who were part of these girls clubs      *After Camp* Greg Robinson,2012-02-07 The tragedy of incarceration has dominated historical studies of Japanese Americans and few have explored what happened in the years that followed A welcome addition to the literature Greg Robinson s insightful study *After Camp* will appeal to historians of immigration the Asian American experience comparative race relations and the twentieth century United States more broadly David K Yoo author of *Growing*

Up Nisei Greg Robinson has boldly and rightfully identified historians neglect of Japanese American experiences after World War II Rather than focusing exclusively on the Pacific Coast *After Camp* offers a nuanced exploration of the competing strategies and ideas about postwar assimilation among ethnic Japanese on a truly national scale The depth and range of Robinson s research is impressive and *After Camp* convincingly moves beyond the tragedy of internment to explain how the drama of resettlement was equally if not more important in shaping the lives of contemporary Japanese Americans Allison Varzally author of *Making a Non White America*

*Becoming American? The Art and*

Identity Crisis of Yasuo Kuniyoshi ShiPu Wang, 2011-05-31 A few short days has changed my status in this country although I myself have not changed at all On December 8 1941 artist Yasuo Kuniyoshi 1889 1953 awoke to find himself branded an enemy alien by the U S government in the aftermath of Japan s attack on Pearl Harbor The historical crisis forced Kuniyoshi an migr Japanese with a distinguished career in American art to rethink his pictorial strategies and to confront questions of loyalty assimilation national and racial identity that he had carefully avoided in his prewar art As an immigrant who had proclaimed himself to be as American as the next fellow the realization of his now fractured and precarious status catalyzed the development of an emphatic and conscious identity construct that would underlie Kuniyoshi s art and public image for the remainder of his life Drawing on previously unexamined primary sources *Becoming American* is the first scholarly book in over two decades to offer an in depth and critical analysis of Yasuo Kuniyoshi s pivotal works including his anti Japan posters and radio broadcasts for U S propaganda and his coded and increasingly enigmatic paintings within their historical contexts Through the prism of an identity crisis the book examines Kuniyoshi s imagery and writings as vital means for him to engage albeit often reluctantly and ambivalently in discussions about American democracy and ideals at a time when racial and national origins were grounds for mass incarceration and discrimination It is also among the first scholarly studies to investigate the activities of Americans of Japanese descent outside the internment camps and the intense pressures with which they had to deal in the aftermath of Pearl Harbor As an art historical book *Becoming American* foregrounds broader historical debates of what constituted American art a central preoccupation of Kuniyoshi s artistic milieu It illuminates the complicating factors of race diasporas and ideology in the construction of an American cultural identity Timely and provocative the book historicizes and elucidates the ways in which minority artists have been and continue to be both championed and marginalized for their cultural and ethnic difference within the twentieth century American art canon

**Unthinking Collaboration** A. Carly Buxton, 2022-03-31 *Unthinking Collaboration* uncovers the little known history of Japanese Americans who weathered the years of World War II on Japanese soil Severed from the country of their birth when the attack on Pearl Harbor abruptly halted all passenger traffic on the Pacific these Nisei faced the years of total war as members of the Japanese populace yet as the target of anti American propaganda and suspicion Whereas their white American counterparts were sequestered by Japanese authorities placed on house arrest or sent home on exchange ships during the war American Nisei in Japan were left to contribute to the war effort alongside their Japanese neighbors as soldiers cryptographers interpreters and in farming and manufacturing When the dust of air raid bombings cleared many such Nisei transitioned into roles in service of the Allied occupation and its goals of democratization and demilitarization As censors translators interpreters and administrative staff they played integral roles in facilitating American Japanese interaction as well as in shaping policies and public opinion in the postwar era Weaving archival data with oral histories personal narratives material culture and fiction *Unthinking Collaboration* emphasizes the heterogeneity of Japanese

immigrant experiences and sheds light on broader issues of identity race and performance of individuals growing up in a bicultural or multicultural context By distancing collaboration from its default elision with moral judgment and by incorporating contemporary findings from psychology and behavioral science about the power of the subconscious mind to influence human behavior author A Carly Buxton offers an alternative approach to history one that posits historical subjects as deeply embedded in the realities of their physical and discursive environment Walking beside Nisei as they navigate their everyday lives in transwar Japan readers unthink long held assumptions about the actions and decisions of individuals as represented in history The result is an ambitious historical study that speaks to readers who are interested in broader questions of race and trust empire building World War II and its legacy on both the Western and Pacific fronts and to all who consider questions of loyalty treason assimilation and collaboration

Spickard, 2009 Since 1855 nearly half a million Japanese immigrants have settled in the United States and today more than twice that number claim Japanese ancestry While these immigrants worked hard established networks and repeatedly distinguished themselves as entrepreneurs they also encountered harsh discrimination Nowhere was this more evident than on the West Coast during World War II when virtually the entire population of Japanese Americans was forced into internment camps solely on the basis of ethnicity

*The Literature of Japanese American Incarceration* Frank Abe, Floyd Cheung, 2024-05-14 An essential volume Hua Hsu *The New Yorker* The collective voice of Japanese Americans defined by a specific moment in time the four years of World War II during which the US government expelled resident aliens and its own citizens from their homes and imprisoned 125 000 of them in American concentration camps based solely upon the race they shared with a wartime enemy A Penguin Classic This anthology presents a new vision that recovers and reframes the literature produced by the people targeted by the actions of President Franklin D Roosevelt and Congress to deny Americans of Japanese ancestry any individual hearings or other due process after the Japanese attack at Pearl Harbor From nearly seventy selections of fiction poetry essays memoirs and letters emerges a shared story of the struggle to retain personal integrity in the face of increasing dehumanization all anchored by the key government documents that incite the action The selections favor the pointed over the poignant and the unknown over the familiar with several new translations among previously unseen works that have been long overlooked on the shelf buried in the archives or languished unread in the Japanese language The writings are presented chronologically so that readers can trace the continuum of events as the incarcerated experienced it The contributors span incarcerated their children born in or soon after the camps and their descendants who reflect on the long term consequences of mass incarceration for themselves and the nation Many of the voices are those of protest Some are those of accommodation All are authentic Together they form an epic narrative with a singular vision of America's past one with disturbing resonances with the American present

**A Life Song Between Two Worlds** Francis Boni, 2013-08 In this revised edition of *A Life Song Between Two Worlds* Dr Francis Boni expands his original book of poetry updating his thoughts on society government and philosophy He seeks to enlighten others on points of views that would be otherwise unconsidered and encourages them to think beyond the words on the page and their own personal experiences His verses reflect the emotional rhythm of the meaning of life and its baffling paradoxes which are hard to resolve or to accept He considers the violence in our society currently still crying for a real tentative or effective solution in an effort to reclaim the calm of years long past Boni's work is poetry of ideas purpose poetry with a message a dynamic blend of ideas expressed in a dialectical relationship in a symbolically and intensely passionate way A Hero's Life There are no

great men But only great challenges That authentic spirits must meet To overcome Not only personal fears But also the  
dreads Of that unknown and unconscious reality Which manifests those challenges Through which they become villains or  
heroes     *Direction* ,1940
