Restoration And Eighteenth Century Literature Essays:

His and Hers Ann Messenger, 2021-10-21 Exploring territory seldom visited by feminist scholars Ann Messenger in this new book presents eight studies of literary relationships between men and women writers ranging from the Restoration to the end of the eighteenth century The essays show men and women working together praising and criticizing each other's work borrowing and changing each other's plots and characters recording their different perceptions of their common world From Dryden's praise of Anne Killigrew through Gay's and Lady Mary Wortley Montagu's collaboration on a town eclogue Thomas Southerne's dramatizations of novels by Aphra Behn and Eliza Haywood's version of the Spectator to Cornelia Knight's sequel to Rasselas these relationships demonstrate that men and women writers inhabited the same literary world shared the traditions of the mainstream of English literature Most of the women have since faded from view But Messenger suggests the time has come to rediscover them to reassess their work and to revise the commonly accepted canon of literature accordingly Although most of the studies deal with the way women's writing responds to writing by men the Afterword combats the charge that the women's work is derivative Free of critical jargon and ideological straitjacketing *His and Hers* makes some little known writers available and interesting to specialists and nonspecialists feminists and traditionalists alike while it sheds new light on some of the most familiar figures of the period The Appendix reprints some of the shorter works which have been analyzed in detail and summaries in the text help to compensate for the unavailability of some of the women's books The comparative approach suggests a wide and rich field for further research

Eighteenth-century Literature Alan Dugald MacKillop, 1963 *Cultural Readings of Restoration and Eighteenth-Century English Theater* Deborah Payne Fisk, J. Douglas Canfield, 2010-12-01 Ranging in approach from feminist to historicist the eleven essays in this collection share the culturalist premise that the drama of late Stuart and early Georgian England helped to constitute the dominant ideology of the period The contributors varied approaches allow for the reconsideration of libertinism the politics of sexual desire and other classic issues as well as such newer concerns as the social construction of the first English actresses empiricism as an emergent epistemological discourse cultural anxiety about novelty and repetition and shifting tropes of inherent worth By reading well known works in unexpected ways and focusing on less frequently studied dramatists from Sedley Motteux Pix and Behn to Manley Trotter and Shadwell the contributors also test the limits of

the canon In addition they suggest that earlier critical perceptions perhaps even more than the innate worth of the plays determined the shape of the canon These essays present a different image of Restoration and eighteenth century theater one that reveals how the drama was a site as important for the negotiation of cultural meaning as were novels and verse satires

Willison,1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **Raising Their Voices** Marilyn L. Williamson,1990 **"The" Dress of Words** ,1978 **Heroes of Empire** Richard Frohock,2004-09 Over the past decade literary scholars have become increasingly engaged with colonial studies and have fashioned various points of focus in their investigations of imperialist narratives including the figure of woman cannibalism the romance of the first encounter and the tropicopolitan This book builds on existing work by offering a new focal point the evolution of the British imperial hero in America from Sir Walter Raleigh s Discoverie of Guiana 1596 to James Grainger s The Sugar Cane 1764 with concentration on narratives produced between the year of Cromwell s Western Design 1655 and the British raid on Cartegena 1741 Each individual chapter isolates a distinct type of colonial hero furnishing examples from a wide variety of narratives including some nonfiction essays and tracts but chiefly novels plays and poems Literary History of England George Sherburn,Donald F. in a bevy of full length book reviews critiquing the latest scholarship on long established specialties unusual subjects and broad reevaluations of the period ISSN 1065 3112 Published by Bucknell University Press distributed worldwide by Rutgers University Press Parody, Scriblerian Wit and the Rise of the Novel Przemysław Uściński,2017-03-31 Parody was a crucial technique for the satirists and novelists associated with the Scriblerus Club The great eighteenth century wits Alexander Pope John Gay Henry Fielding Laurence Sterne often explored the limits of the ugly the droll the grotesque and the insane by mocking distorting and deconstructing multiple discourses genres modes and methods of representation This book traces the continuity and difference in parodic textuality from Pope to Sterne It focuses on polyphony intertextuality and deconstruction in parodic genres and examines the uses of parody in such texts as *The Beggar's Opera* *The Dunciad* *Joseph Andrews* and *Tristram Shandy* The book demonstrates how parody helped the modern novel to emerge as a critical and artistically self conscious form **The World of Pope's Satires** Peter Dixon,2022-01-29 First published in 1968 *The World of Pope's Satires* is a stimulating and challenging book showing how the satires written by Pope during the 1730s were not only expressions of his own poetic personality but were also responsive to the habits and attitudes of the age The author considers Pope's uses of some current conversational technique especially that of raillery and of the closely related social ideal of the cultivated gentleman Pope's regard for certain personal attributes and moral values notably hospitality integrity friendship charity and self knowledge is examined in two ways as it expresses itself positively in the satires and as it is defined negatively by his antipathy towards courtly self seeking and hypocrisy contemporary manifestations of acquisitiveness and the pride associated with neo stoicism The final chapter is wide ranging and shows that although Pope is at times representative and therefore limited in his response to the pressures and uncertainties of the age his satires live because of the subtlety of his treatment of such Augustan commonplaces as Order and Balance and the passion and spirit of his writing This will be an interesting read for students of English literature **Survey of English Literature** Louis

wide range of literary and non literary works from the early modern era and British Enlightenment Eighteenth Century English Literature Charlotte Sussman, 2013-04-18 This engaging book introduces new readers of eighteenth century texts to some of the major works authors and debates of a key period of literary history Rather than simply providing a chronological survey of the era this book analyzes the impact of significant cultural developments on literary themes and forms including urbanization colonial and mercantile expansion the emergence of the public sphere and changes in sex and gender roles In eighteenth century Britain many of the things we take for granted about modern life were shockingly new women appeared for the first time on stage the novel began to dominate the literary marketplace people entertained the possibility that all human beings were created equal and tentatively proposed that reason could triumph over superstition ministers became more powerful than kings and the consumer emerged as a political force Eighteenth Century English Literature 1660 1789 explores these issues in relation to well known works by such authors as Defoe Swift Pope Richardson Gray and Sterne while also bringing attention to less familiar figures such as Charlotte Smith Mary Leapor and Olaudah Equiano It offers both an ideal introduction for students and a fresh approach for those with research interests in the period The Concise Cambridge Bibliography of English Literature George Watson, Satire, Comedy and Tragedy Richard C. Raymond, 2023-10-10 The first four chapters of the book provide a close reading of the satiric comic and tragic action of Laurence Sterne s novel in the context of criticism from the twentieth and twenty first centuries Chapter 5 provides a summary of Chapters 1 4 focusing on Sterne s purpose in revising satiric plot structures and in blurring the lines between fiction and autobiography Chapters 6 8 then examine Sterne s themes from Tristram Shandy that inform his letters sermons and other fiction Chapter 9 discusses the international reception of Tristram Shandy and argues for using writing to learn strategies to teach Sterne s greatest novel to undergraduate and graduate students
