### **Restricted Entry Censorship On Trial:**

*Bad Attitude(s) on Trial* Shannon Bell, Brenda Cossman, Lise Gotell, Becki L. Ross, 2017-06-22 *Bad Attitude(s) on Trial* is a critical analysis of pornography in the context of contemporary Canada. The notion that pornography both reflects sexual domination and victimizes women has recently found expression in law in the landmark Canadian Supreme Court decision of *R v Butler* 1992. Many feminists embrace this new law as progressive but in the post Butler years straight mainstream pornography is still flourishing while sexual representations that challenge conventional notions of sexuality such as those centering on gay and lesbian sex and s m sex are the focus of censorship. It is the censorship of sexual others that the authors critique from a legal cultural gay and philosophical standpoint. Lise Gotell examines the intervention of the Women's Legal Education and Action Fund LEAF in the Butler decision and provides an overview of socio legal debates on pornography and censorship. Brenda Cossman examines the Butler decision itself and challenges the dominant reading of this case as a feminist victory. Becki Ross critically examines the expert testimony she delivered in defense of *Bad Attitude* an American lesbian sex magazine seized by police from Glad Day Bookshop in Toronto in 1992. She details the difficulties she encountered in explicating and contextualizing the specificities nuances and complexities of lesbian s m fantasy in a court of law. In the final chapter Shannon Bell advances a conception of pornography that is not distinguishable from philosophy using philosophy to make pornography. *Bad Attitude(s) on Trial* provides a new debate on pornography and feminism. It will be of particular interest to students of both women's and gay and lesbian issues but will also be relevant for scholars of law political science and philosophy as well as for anyone interested in a different provocative view of the Butler decision.

**Restricted Entry** Janine Fuller, Stuart Blackley, 1996 Winner of the 1995 Editor's Choice Lambda Literary Award this is an insiders account of how a small gay and lesbian bookstore took the Canadian government to court in a battle over censorship at the Canada U S border. **Censorship in Canadian Literature** Mark Cohen, 2001-10-09 Cohen critiques Timothy Findley's broad anti censorship position he traces Margaret Atwood's evolution from implicit support for the censorship of pornography in *Bodily Harm* to the rejection of censorship in *The Handmaid's Tale* and he provides the first detailed study of the draft of Margaret Laurence's unfinished novel showing the degree to which her final silence was a result of her censorship ordeal. Finally an analysis of the writing of Beatrice Culleton and Marlene Nourbese Philip shows how different kinds of socio cultural censorship from gate keepers to self censorship silence Native and black Canadian voices. Cohen's re definition of censorship as essentially a practice of judgment takes us beyond the traditional Enlightenment delineation of censorship as an oppressive government practice and the consequent neutralist liberal condemnation of censorship on principle. Since judgment is enmeshed in the fabric of human endeavour censorship is inevitable since censorship is inevitable Cohen concludes debate over whether censorship itself is desirable should give way to a search for censorship practices that are more just. *Censorship in Canadian Literature* is an essential text for scholars of Canadian

literature as well as for anyone concerned with contemporary debates about censorship and civil rights

**Beyond Redistribution** Kevin M. Graham, 2012-07-10 Since the publication of John Rawls's *A Theory of Justice* in 1971 political philosophers in the English speaking world have shared a broad consensus that social justice should be understood as a matter of fair distribution of social resources Many contemporary political philosophers disagree sharply about what would count as a fair distribution of social resources yet agree that if social resources were to be distributed fairly then social justice would exist In *Beyond Redistribution* Kevin M Graham argues that political theories operating on a distributive understanding of social justice fail to address adequately certain forms of social injustice related to race Graham argues that political philosophy could understand race related injustice more fully by shifting its focus away from distributive inequities between whites and nonwhites and toward white supremacy the unfair power relationships that allow whites to dominate and oppress nonwhites *Beyond Redistribution* offers a careful detailed critique of the positions of leading contemporary liberal political philosophers

on race related issues of social justice Graham s analysis of the racial politics of police violence and public education in Omaha Nebraska vividly illustrates why the search for racial justice in the United States must move beyond redistribution
