Restructuring And Managing The Enterprise In Transition:

Restructuring and Managing the Enterprise in Transition Roy L. Crum, Itzhak Goldberg, 1998-01-01 A wide gap still exists between Western concepts and their application in the ex socialist countries during transition Most Western models in financial management make assumptions about the efficiency and stability of markets and the signals that can be obtained and also assume that traditional accounting information is available and can be used for management purposes A new paradigm is needed to manage the finance function in a transition economy experiencing hyperinflation since standard assumptions are not valid in most ex socialist countries This book describes the adaptations of financial techniques as it reviews standard financial concepts and tools adjusts them when necessary to the unique conditions in the ex socialist enterprises and then presents the restructuring context and some strategies that are based on the application of these tools

The Middle-Income Trap in Central and Eastern Europe Yaman Kouli, Uwe Müller, 2023-11-10 Since the 1990s the economic development of Central and Eastern Europe has maintained high economic growth rates seemingly leading to an era of prosperity This very positive vision of future economic success linked to current political backlash and a long history of economic adversity is a thin veil of the economic way west for so called transition countries The Middle Income Trap in Central and Eastern Europe examines the reality of the diminishing marginal utility of further international investments alongside the pitfalls of higher government spending to cultivate innovation which ultimately makes foreign capital less attractive In this volume authors from diverse disciplinary perspectives reflect on current debates surrounding the developmental bottlenecks in East Central Europe Their common goal is to analyze the manner of socio economic transformation question of the relevance and impact of the middle income trap and identify possible ways to escape it

Global Enterprise Transitions Yi-chen Lan, Bhuvan Unhelkar, 2005-01-01 This book discusses the process of transitioning an organization to a global one based on Information and Communication Technologies ICT including careful planning execution and monitoring of the organization as it moves into the global market place Provided by publisher **State,**

Labor, and the Transition to a Market Economy Agnieszka Paczyńska, 2015-06-19 In response to mounting debt crises and macroeconomic instability in the 1980s many countries in the developing world adopted neoliberal policies promoting the unfettered play of market forces and deregulation of the economy and attempted large scale structural adjustment including the privatization of public sector industries How much influence did various societal groups have on this transition to a market economy and what explains the variances in interest group influence across countries In this book Agnieszka Paczyńska explores these questions by studying the role of organized labor in the transition process in four countries in different regions the Czech Republic and Poland in eastern Europe Egypt in the Middle East and Mexico in Latin America In Egypt and Poland she shows labor had substantial influence on the process whereas in the Czech Republic and Mexico it did not Her explanation highlights the complex relationship between institutional structures and the critical junctures provided by economic crises revealing that the ability of groups like organized labor to wield influence on reform efforts depends to a great extent on not only their current resources such as financial autonomy and legal prerogatives but also the historical legacies of their past ties to the state This new edition features an epilogue that analyzes the role of organized labor uprisings in 2011 the protests in Egypt the overthrow of Mubarak and the post Mubarak regime *Entrepreneurship in*

Post-Communist Countries Jovo Ateljević, Jelena Budak, 2018-05-21 This volume analyzes the barriers to as well as new drivers for entrepreneurial development in post communist countries The contributors present various country studies mainly in the Balkans region and investigate entrepreneurial behavior and best practices financial instruments factors for the success of small and medium sized companies and related policy implications The book will appeal to scholars policymakers and professionals interested in entrepreneurial obstacles and challenges in the countries of the Balkans region **Rural**

Adaptation in Russia Stephen K. Wegren, 2022-05-19 The current dominant approach to Russian peasant behaviour emphasizes rural resistance to reform in broad terms and to the introduction of market forces in particular Bringing together some of the finest scholars on rural Russia this groundbreaking volume examines this perception with an analysis of both

historical and contemporary patterns of rural adaptation in Russia Four articles included analyze peasant responses in the post Soviet era and focus on the relationship between poverty and rural adaptation the social origins of private farmers in southern Russia and Ukraine response patterns by large farms formerly collective and state farms household adaptation using a standardized set of criteria This fascinating book gives an illuminating picture of the ways in which peasants respond to new environmental conditions and stimuli created by reform The substantive material included draws on fieldwork and survey data collected from rural Russia from the Stolypin reforms in the pre Soviet era and collectivisation of agriculture during the 1930s in the Soviet era This book was previously as a special issue of The Journal of Peasant Studies

Globalization Ashish Vaidya, 2005-12-19 This work is a comprehensive collection of cutting edge scholarship on the economic international business political legal and environmental ramifications of globalization one of the hottest topics of the day International trade is as old as nations During the last five decades however advances in technology and transportation have changed the scope and method of international trade Disputes rage about the effects of these changes advocates for different positions offer argument but little factual or theoretical analysis Globalization offers all the information readers need to sort out the arguments Written with the highest degree of scholarship intended for college students or working professionals the encyclopedia provides both introductory material to broad economic legal political and environmental theory and in depth analysis of how theory interacts with practice in the framework of global trade A trader in New York can in a matter of seconds execute a billion dollar currency transaction in Hong Kong What does this transaction mean to New Yorkers to residents of Hong Kong and to the rest of the world This book gives readers the tools to answer those questions China's State Enterprise Reform John Hassard, Jackie Sheehan, Meixiang Zhou, Jane

Terpstra-Tong, Jonathan Morris, 2007-06-11 Based on extensive original research this book provides a comprehensive overview of the current status of state enterprise reform in China Chinese State Enterprise Reform considers the relationship between public ownership and public enterprises and the historical evolution of China's economic reform programme since 1978 including assessments of the Contrast Responsibility System which operated from the early 1980s to the early 1990s and the Group Company Experiments which began in the 1990s It discusses the relations between workers managers and the state in post Dengist China the implications of the reform programme for human resources management in state enterprises the nature of labour representation and organization under state capitalism and the problems of surplus labour and reemployment *Slovenia* Mojmir Mrak, Matija Rojec, Carlos Silva-Jauregui, 2004-01-01 Thirteen years after independence from the former Socialist Republic of Yugoslavia Slovenia has become one of the most advanced transition economies in Central and Eastern Europe and will become a member of the EU in May 2004 This publication examines the country's recent political and socio economic history its transition to a market economy and the challenges that lie ahead It includes contributions from Slovenia's president a former vice prime minister the current and previous ministers of finance the

minister of European Affairs the current and former governors of the Bank of Slovenia as well as from leading development scholars in Slovenia and abroad Assisting Russia's Transition Gianni Zanini,2002-01-01 This evaluation assesses the development effectiveness of the World Bank's lending and non lending assistance to the Russian Federation since 1991 a 10 year period of tumultuous political economic and social change This report concludes that an assistance strategy concentrating on analytical and advisory services with limited financial support for Russia would have been more appropriate than one involving large volumes of adjustment lending **Management** ,2005 *Management in Transitional Economies* Vincent Edwards,Gennadij Polonsky,Danijel Pucko,Malcolm Warner,Ying Zhu,2005-02-25 This is a comparative study examining the past present and future of management in the transitional economies of East and Central Europe Russia the People's Republic of China and Vietnam **Global Monetary and Economic Convergence** Gusztáv Báger,Miklós Szabó-Pelsóczy,2018-12-21 Published in 1998 Global convergence has many aspects The first part of this volume deals with European convergence the second with convergence especially between Eastern and Western Europe The third part with practical and the fourth with theoretical issues related to Global Convergence The last part juxtaposes Hayekian and Triffinian economic thought The first of these the Hayekian relies exclusively on the profit motive of the only arbiter of the economic decision making The Triffinian thought insists that satisfactory balances can be brought about only through racial negotiation among market participants within countries and on a global scale The Hayek Triffin juxtaposition gains particular importance at a time when capital mobility labour and social mobility have reached hitherto new levels on a global scale and this challenges social coherence This difference will put social coherence under unusual stress The solution of the problems created will be the greatest challenge to economic social and political statemanship during the 21st century **The Importance of New Technologies and Entrepreneurship in Business Development: In The Context of Economic Diversity in Developing Countries** Bahaaeddin Alareeni,Allam Hamdan,Islam Elgedawy,2021-03-12 This book introduces the students researchers and practitioners into the subject and enabling technologies and applications pertaining to of technology entrepreneurship and business development through research articles case studies etc It is primarily intended for academic purposes for learners of computer Science management accounting and information systems disciplines economics entrepreneurship Publishing chapters in the book is new innovative idea to spread the book in the Middle East and Arab countries and make the book achieve more sales As many students in all levels graduates and undergraduates in addition to research professionals are not able to get sufficient resources because of the language concern
