Resurrection And Modern Man:

The Gospel and the Modern Man Shailer Mathews, 1912 **Quarterly Review of the Evangelical Lutheran Church**, 1920 *The Lutheran Quarterly*, 1920 **A Modern Man's Theology** Washington Gladden, 1914 An Arthur A. Cohen Reader Arthur Allen Cohen, 1998 A collection of essays all published previously The following deal with antisemitism

Sermons in 1 & 2 Corinthians R. J. Rushdoony, 2023-06-09 Rushdoony's Sermons in First and Second Corinthians are the last of his Biblical commentaries delivered shortly before his passing but it represents a fitting close to his teaching ministry He said Paul's letters are difficult to preach on because they speak to the sins of Christians and with the church at Corinth the long list of sins included division strife injustice immorality doctrinal error and the abuse of the sacraments Despite their many transgressions the apostle Paul still addresses the believers at Corinth as saints and referred to their gathered community as the church of the Lord Jesus Christ They were still Christ's embassy on earth They could still develop into a greater training center for Christian action This is why Paul's letters to the Corinthians are relevant to the church today and it's also why Rushdoony's sermons on these two epistles are invaluable to us now Rushdoony was criticized for his ecclesiology but only because he always saw the greater fact of God's advancing Kingdom and the church as the equipping center for the saints Rushdoony's fresh application of Paul's warnings and admonitions will help Christians pastors and churches to free themselves of the same sins and return to the church as an embassy of the Kingdom THE NEED FOR A GODLY SOCIAL ORDER The church could not hope in time to rule the world if it could not rule itself It was thus very important for Paul to bring the Corinthians back into obedience to God's law among other things The apostle Paul was an envoy to the ekklesia of Jesus Christ those who are called to establish God's Kingdom on earth Therefore the importance of his patience correction and instruction could not be diminished if he were to be faithful to the One who sent him The church is Christ's embassy to earth to reclaim what belongs to Him Against the backdrop of a history filled with hatred for God and hatred of all that is holy our greater calling is the establishing of a godly social order and this commentary by Rushdoony is a welcomed text to help equip us for that great responsibility *The Mass and Modernity* Jonathan Robinson, 2010-11-12 Many in the Church have accepted modernity in their effort to speak to the modern world and not nearly enough attention has been given to trying to disentangle the complex of ideas and half formulated convictions that constitute this mind set which is in fact contrary to Christianity The first aim of this book is to examine the origins and present day influence of modernity and then to argue that there is nothing in the Christian's concern for the modern world that requires accepting this damaging mind set in connection with the highest form of worship the Mass The second aim of the book is to show that the sources of a genuine liturgical renewal are to be found in a heightened sense of the centrality of the Mass and a return to a theology compatible with the Catechism of the Catholic Church Fr Robinson's book is a philosopher's gift to the Catholic liturgy He provides a thoroughly lucid account of the climate of ideas which handicaps the celebration of Catholic

worship in the modern world This is a diagnosis which shows just how far reaching must be the cure Fr Aidan Nichols Author Looking at the Liturgy **Christian Philosophical Theology** Stephen T. Davis,2006-03-16 Christian Philosophical Theology constitutes a Christian philosopher's look at various crucial topics in Christian theology including belief in God the nature of God the Trinity christology the resurrection of Jesus the general resurrection redemption and theological method The book is tightly argued and amounts to a coherent explanation of and case for the Christian world view Although written from a broadly Reformed Protestant perspective and although the author does not avoid controversial topics the aim is to present a merely Christian world view to adapt slightly C S Lewis's famous term That is Stephen T Davis attempts to write as much as possible from the perspective of the broad centre of Christian understanding **Critical Essays on Edward**

Schillebeeckx's Theology Corneliu C. Simut,2010-02-18 This book presents the main teachings of Edward Schillebeeckx widely considered one of the most important Catholic thinkers of the twentieth century Schillebeeckx is known for his radical departure from traditional theology which he saw as no longer relevant to the modern world Because today's world has been shaped by a process of secularization heavily based on reason and progress in science technology economics urbanism etc modern people seek relevant answers to their deep existential questions that can be explained rationally In his quest to foster relevant and meaningful answers for today's world Schillebeeckx changed the traditional metaphysical content of Christian theology into explanations that radically reinterpret traditional Christian doctrines Primarily the supernatural essence of Christianity is given up as irrelevant and is replaced by a natural perspective on the world In Schillebeeckx's thoroughly historical and truly immanent theology God is man's terrestrial future Christ the symbol of universal human values and the Church is identified with the world as those communities which share these universal human values Schillebeeckx is convinced that these explanations emptied of metaphysical content can help today's people understand their existence in a new relevant and meaningful way **Philosophy, Religious Studies, and Myth** Robert A. Segal,2014-07-16 Much of the

theorizing about myth in philosophy and religious studies grows out of efforts to understand the classics and the Bible In the case of the classics the presence of myth has been taken for granted and conclusions reached about Greek and Roman mythology have spurred generalizations about myth In the case of the Bible however the existence of myth has been contested In fact Judaism and Christianity are regularly praised for their nonmythic outlook Conclusions reached about the presence or absence of myth in either the Hebrew Bible or the New Testament have led to generalizations about myth per se Many of the essays in this volume apply theories of myth to classical biblical and ancient Near Eastern cases but in so doing they draw conclusions about the nature of myth itself Those essays that criticize past applications make generalizations as well By no means has all theorizing about myth from philosophy and religious studies centered on the ancient world and this volume contains selections from theories in both disciplines that stem from reflections on the nature of science language knowledge and reality **Hope and Community** Veli-Matti Karkkainen,2017-10-23 The culmination of Karkkainen's

multivolume magnum opus This fifth and final volume of Veli Matti K rkk inen s ambitious five volume systematic theology develops a constructive Christian eschatology and ecclesiology in dialogue with the Christian tradition with contemporary theology in all its global and contextual diversity and with other major living faiths Judaism Islam Buddhism and Hinduism In Part One of the book K rkk inen discusses eschatology in the contexts of world faiths and natural sciences including physical cosmological and neuroscientific theories In Part Two on ecclesiology he adopts a deeply ecumenical approach His proposal for greater Christian unity includes the various dimensions of the church s missional existence and a robust dialogical witness to other faith communities **The Hartford Seminary Record** ,1908 T. Joyner Drolsum,2007-04-01 All scripture is given by inspiration of God and is profitable for doctrine for reproof for correction for instruction in righteousness 2 Tim 3 16 According to this verse the bible is a divinely inspired moral guide However the critical analysis of Scripture that comprises the contents of this book clearly demonstrates that this claim is invalid for a number of reasons For example the multiple contradictions and absurdities contained in the bible confer an unreliability upon it that undermines its function as a guide for anything let alone moral decision making Furthermore many of the ideas it promotes are actually spiritually harmful And unless the misogyny violence intolerance injustice and cruelty can be removed then it is difficult to view the Scriptures as even remotely resembling an unassailable divine guide to ethical conduct Moreover the many errors that it contains including those about the natural world obviates the claim that the bible is divinely inspired In the course of using the verses themselves in discussing such topics as biblical errancy bible based morality the nature of the biblical god the nature of a religion based on the bible and the bible s stance on science nature and truth it will be shown that any belief that it is either divinely inspired or a trustworthy guide to right living is both misguided and delusional In addition the insights of such thinkers as Nietzsche Feuerbach Spinoza Shakespeare Euripides Dostoyevsky Camus Sartre Maugham Augustine Aquinas Twain Chaucer Einstein Freud Ingersoll Mencken and others will be used to illuminate the true character of the bible that it is a far more profane than sacred book **The Harvard Theological Review** ,1922 *Three Keys to Spiritual Renewal* Clark H. Pinnock,1998-03-03 **The Biblical World** William Rainey Harper,Ernest DeWitt Burton,Shailer Mathews,1920 Books for New Testament study By Clyde Weber Votaw v 26 p 271 320 v 37 p 289 352 *The Historical Jesus* Craig A. Evans,2004 Including a range of materials dating from the nineteenth century to the present this comprehensive collection brings together the essential research into the historical reality of Jesus the man his teachings and the acts and events ascribed to him that comprise the foundational story of one of the world s central religions br br The set features a substantial new introduction by the editor in the first volume and a full index in the last and provides work covering all of the key aspects of the field including the recent discussions concerning anti Semitism in early Christianity and the political and ideological filtering of the Jesus story through the Roman empire and beyond [The Stewardship of Faith](#) Kirsopp Lake,1915 *In Our Image* Stephen H. Smith,2016-03-29 The thesis of In Our Image is that the traditional Christian

assertion that God made man in his image Gen 1 26 has been turned on its head by Christian orthodoxy and that it is most often the believer who makes God in his image It is true that the Bible as a whole seems to support the traditional Christian theist view of a God out there who creates mankind according to his will and demands high standards of holiness but a too superficial reading of the text will tend to overlook the significance of myth and symbol thereby missing the point that the Bible is essentially a human document expressing human concerns Holiness although of the essence is not primarily a top down affair imposed or demanded from above but a bottom up one which is created by and lies at the heart of human experience Christian fundamentalists read the Bible with black and white literalism while liberals often reduce religious experience to the merely human Smith here argues for a via media which appeals to the harmonious existence of faith and reason as the chief means of addressing mans modern existential situation

Reasonable Faith (3rd edition) William Lane Craig, 2008-06-09 Perfect as a textbook yet excellent for lay readers this updated edition builds a positive case for Christianity by applying the latest thought to core theological themes J Gresham Machen once said False ideas are the greatest obstacles to the reception of the gospel which makes apologetics that much more important Wanting to engage not just academics and pastors but Christian laypeople and seekers William Lane Craig has revised and updated key sections in this third edition of his classic text to reflect the latest work in astrophysics philosophy probability calculus the arguments for the existence of God and Reformed epistemology His approach that of positive apologetics gives careful attention to crucial questions and concerns including the relationship of faith and reason the existence of God the problems of historical knowledge and miracles the personal claims of Christ and the historicity of the resurrection of Jesus He shows that there is good reason to think Christianity is true As Craig says If you have a sound and persuasive case for Christianity you don't have to become an expert in comparative religions and Christian cults A positive justification of the Christian faith automatically overwhelms all competing world views lacking an equally strong case
