Retailing Of Financial Services:

Retailing of Financial Services Peter J. McGoldrick, Steven J. Greenland, 1994-01-01 This work examines how to market financial services The first part explores the development of a retail strategy based on the financial and consumer environment It surveys the environmental factors which have created a need for retailing concepts and the ways in which financial institutions employ retail strategies to focus on cost control for example branch rationalization delivery systems such as recent innovations in telephone and postal banking and competitive customer service

Multi-Channel Strategies for Retail Financial Services Patrick Dahmen, 2012-12-06 VII Foreword The retail financial services industry especially the insurance industry is undergoing fundamental changes Prior to and in the aftermath of the deregulation of the insurance industry at the beginning of the 1990 s insurers have continued to focus more on stability and security rather than on efficiency and profitability The capital market crisis the deregulation the gradual break up of the traditionally integrated value chain coupled with the emergence of new players in the market as well technological advancements have all led to a fundamental shake up of the financial services industry Nevertheless the cultural consequences of the regulated period are still visible today in some insurance companies changes in the distribution of financial services can seldom be implemented without the acceptance of its tied agent channel although experience from neighbouring industries for example retail banking clearly illustrates the necessity to align the distribution system with new trends in consumer behaviour i e with the general wish for more convenient shopping opportunities anywhere anytime and in any way Financial services are characterised by a high degree of interactivity with the customer during the entire process of service delivery while information asymmetries arise as a result of the dominance of credence and experience qualities The product financial services therefore goes far beyond its core product e g risk protection it covers all other elements of the customer relationship process

The Art of Better Retail Banking Hugh Croxford, Frank Abramson, Alex Jablonowski, 2005-08-05 This new book on retail banking is both readable and innovative Its analysis is unusually accessible in its style and the book s conclusions and predictions will be rightly thought provoking The customer is gaining real power and this new book s insights on the importance of leadership the need to unleash creativity and to make a bank s IT and people resource work together more effectively for customer satisfaction are important pointers to the shape of future competitive differentiation Sir Mervyn Pedelty Recently retired Chief Executive The Co operative Bank plc smile CIS and Co operative Financial Services A stimulating read A readable and lively book that is always informative sometimes controversial and invariably challenging The authors don t expect readers to agree with it all but the readers will undoubtedly gain some fresh insights and perspectives on the multiple issues facing management in a rapidly changing industry Chris Lendrum CBE Recently retired Vice Chairman Barclays Bank This book is clear enough for the layman and thorough enough for any banker to obtain an excellent sense of the options for successful strategies for their retail businesses The challenges of technology
