Rethink Radical Proposals To Save A Disintegrating World:

Rethink ,1972 *Foresight* Denis Loveridge,2008-08-01 Since the early 1990s interest in foresight has undergone one of its periodic resurgences and has led to a rapid growth in formal foresight studies backed by governments and transnational institutions including many from the United Nations However texts that counterbalance in depth practical experience with an exposition and integration of the m The Communal Experience of the Kibbutz Joseph Blasi,2017-07-28 Joseph Blasi documents and describes the workings of an existing kibbutz society to provide a model for Utopian thinking and clear up confusion concerning Utopian values He details the history and development of Kibbutz Vatik a pseudonym providing a systematic record of kibbutz culture daily life and social arrangements economic cooperation and work politics education and attitudes of community members Despite its advantages as a model Utopia the kibbutz is not a perfect society Having eliminated the most serious forms of social economic political and educational fragmentation and violence the communal group is left with the complicated and mounting problems of keeping a fellowship alive and well Blasi assesses the community's advantages and disadvantages illuminating the interlocking dilemmas that cut across social and political concerns The Communal Experience of the Kibbutz updates our knowledge of kibbutz life in light of recent research It gives a detailed account of the Utopian community in the kibbutz and its activities The special quality of the kibbutz Blasi argues lies not so much in its proven success vis a vis other communal societies but in that it is a communal alternative that most Western peoples can readily visualize as a real option *Human Behavior and Environment* Irwin Altman,Joachim F. Wohlwill,2013-11-11 This is the first in a series of volumes concerned with research encompassed by the rather broad term environment and behavior The goal of the series is to begin the process of integration of knowledge on environmental and behavioral topics so that researchers and professionals can have material from diverse sources accessible in a single publication The field of environment and behavior is broad and interdisciplinary with researchers drawn from a variety of traditional disciplines such as psychology sociology anthropology geography and other social and behavioral sciences and from the biological and life sciences of medicine psychiatry biology and ethology The interdisciplinary quality of the field is also reflected in the extensive involvement of environmental professionals from architecture urban planning landscape architecture interior design and other fields such as recreation and natural resources to name just a few At present the field has a somewhat chaotic flavor with research being carried out by a variety of scholars who publish in a multitude of outlets Many researchers and practitioners are unaware of the state of knowledge regarding a specific topic because of the unavailability of integrated reference materials There are only a handful of books dealing with environment and behavior most of them unintegrated collections of readings with only an occasional systematic analysis of some facet of the field

Doing Families in Hong Kong Kwok-bun Chan,Agnes Ku,Yin-wah Chu,2009-05-20 The annual is a venue of publication for sociological studies of Chinese societies and the Chinese all over the world The main focus is on social transformations in

Hong Kong Taiwan the mainland Singapore and Chinese overseas *Technology and Contemporary Life* P.T. Durbin, 2012-12-06 Nearly everyone agrees that life has changed in our technological society whether the contrast is with earlier stages in Western culture or with non Western cultures Modernization is just one of various terms that have been applied to the process by which we have arrived at the peculiar lifestyle typical of our age whatever the term for the process almost all analysts agree in finding technology to be one of its key ingredients This is the judgment of critics of all sorts anthropologists historians literary figures sociologists theologians Volume 4 in the Philosophy and Technology series brings the perspectives of philosophers to bear on the issue of characterizing contemporary life mainly in high technology societies Some of the philosophers look at the issue directly Others focus on work life or on the living arrangements that surround or condition or offer refuge from work life in technological society Still others reflect on particular technologies especially biotechnology and computer technology that are increasingly affecting both work and family life There is also a paper on the nature of thinking in technologi cal praxis along with two papers on whether it is appropriate to export this sort of thinking to Third World countries and another paper on the issue of responsibility in technology which would have fit better in volume 3 of the series entitled Technology and Responsibility 1987 Finally volume 4 closes with a broad ranging bibliography that takes work and technology as its focus **Environmental Impact Assessment** Ruthann Corwin, 1975 1974 Annual Supplement Joan Schmitz Bergholt, 2013-12-21 **The Couple** Marie Corbin, Marie P. Corbin, 1978 A series of essays on marriage coupling Chapter 8 Homosexual couples Men in love Observations on male homosexual couples by Kenneth Plummer **Fundamentals of Human Geography: Values, relevance & policy** Open University. Media Development Group, 1977 **Pattern-Recognition Transforms** P. S. Moharir, 1992-11-03 Although classical transforms such as the Fourier and Hadamard are discussed this text stresses nonlinear transforms created in our generation Contains a wide selection of transforms that provide features for pattern recognition applications Details the relationships and differences between transforms which are permutation invariant for diverse groups of permutation Includes numerous examples along with geometrical interpretation of computational efficiency *Video Values Education* Marlene Herbert Goldsmith, 1981 Environmentalism Timothy O'Riordan, 1976 **The Communal Future** Joseph R.
