Rethinking Science As A Career Occasional Paper On Neglected Problems In Science Education:

Rethinking Science as a Career Sheila Tobias, Daryl E. Chubin, Kevin D. Aylesworth, 1995 *To Boldly Go* Peter S. Fiske, 1996 Published by the American Geophysical Union as part of the Special Publications Series If you feel that your years in graduate school have left you ill prepared to cope with the harsh realities of the job market you are not alone In a recent survey of job seekers attending the 1995 spring national meeting of the American Geophysical Union over 60% described the current state of the research job market as bad dismal or hopeless These individuals were not second rate students from lesser schools but excellent young scientists from top notch institutions such as Dartmouth Johns Hopkins Penn State Brown MIT and Princeton Even the most accomplished recent graduates are finding the job market to be tough and getting tougher

Resources in Education ,1998 *Resources in Education* ,1997 *Handbook for Achieving Gender Equity Through Education* Susan S. Klein, Barbara Richardson, Dolores A. Grayson, Lynn H. Fox, Cheris Kramarae, Diane S. Pollard, Carol Anne Dwyer, 2014-05-22 First published in 1985 the Handbook for Achieving Gender Equity Through Education quickly established itself as the essential reference work concerning gender equity in education This new expanded edition provides a 20 year retrospective of the field one that has the great advantage of documenting U S national data on the gains and losses in the efforts to advance gender equality through policies such as Title IX the landmark federal law prohibiting sex discrimination in education equity programs and research Key features include Expertise Like its predecessor over 200 expert authors and reviewers provide accurate consensus research based information on the nature of gender equity challenges and what is needed to meet them at all levels of education Content Area Focus The analysis of gender equity within specific curriculum areas has been expanded from 6 to 10 chapters including mathematics science and engineering Global Diversity Focus Global gender equity is addressed in a separate chapter as well as in numerous other chapters The expanded section on gender equity strategies for diverse populations contains seven chapters on African Americans Latina os Asian and Pacific Island Americans American Indians gifted students students with disabilities and lesbian gay bisexual and transgender students Action Oriented All chapters contain practical recommendations for making education activities and outcomes more gender equitable A final chapter consolidates individual chapter recommendations for educators policymakers and researchers to achieve gender equity in and through education New Material Expanded from 25 to 31 chapters this new edition includes more emphasis on male gender equity and on sexuality issues special within population gender equity challenges race ability and disability etc coeducation and single sex education increased use of rigorous research strategies such as meta analysis showing more sex similarities and fewer sex differences and of evaluations of implementation programs technology and gender equity is now treated in three chapters women s and gender studies communication skills relating to English bilingual and foreign language learning and history and implementation of Title IX and other federal and state policies Since there is so much misleading information about gender equity and education this Handbook will be

essential for anyone who wants accurate research based information on controversial gender equity issues journalists policy makers teachers Title IX coordinators equity trainers women s and gender study faculty students and parents *Thriving in the Knowledge Age* John H. Falk, Beverly K. Sheppard, 2006-04-06 In *Thriving in the Knowledge Age* John Falk and Beverly Sheppard argue that museums require a radically new business model to survive the transition into the knowledge age Only by shifting towards more personalized and community based learning experiences can museums reverse the declining attendance figures of the twenty first century Written to provide clear answers to fundamental questions about the purpose and goals of the museum of the future this visionary book is a must have for museum professionals and trustees
