## **INTRODUCTION**

According to the Section 187(2)(b) of the Labor Relations Act 66 of 1995, a termination based on age is fair if the employee has reached fair or agreed age of retirement for the persons employed in that capacity.

[Company Name] has adopted the general retirement age of [X] years but recognizes the need to retain certain employees who performed exceptionally with high skills and productivity beyond the age of [X] Years. It accordingly allows employee extensions according to the rules of the relevant retirement funds.

## **PURPOSE**

The purpose of this policy is to set out the procedures followed by [Company Name] for effecting employee's retirement upon reaching the age of superannuation and provide advice and guidelines related to the retirement.

## **SCOPE**

This retirement policy is applicable to all the regular full-time and part-time employees of the company.

## **PRINCIPLES**

- Retiring employees must be given at least one year's notice of whether or not they will be granted an extension beyond retirement, to allow for planning.
- The criteria and processes for providing extensions beyond retirement must be fair, consistent, and transparent.
- For all recommendations or decisions, all evaluation panels or committees must provide thorough justifications.

**The Pension Book** Karen Ferguson, Kate Blackwell, 1996-05 Every pension plan has its fine print Using case studies from the Pension Rights Center Ferguson and Blackwell show what everyone in a private plan needs to know how and when their pension will vest how much their benefit will be and whether it is adjusted for inflation Is the plan overfunded or underfunded Will it survive should the company change hands or go bankrupt And what happens in the event of death or divorce Each chapter tackling these subjects is followed by a What to Do section in which the authors demonstrate point by point how we can take charge of our retirement future No retirement plan You're not alone Half of all Americans have no plan other than social security and this venerable system never intended to cover all retirement needs typically pays people 40 percent of what they were earning when they worked Or maybe you're in a do it yourself savings plan Increasingly employers are substituting these plans for traditional pensions Again Ferguson and Blackwell provide practical suggestions and reliable advice about the pros and cons of IRAs 401(k)s and the other tax sheltered savings arrangements

**Aging Policy and Politics in the Trump Era** Edward Alan Miller, Pamela Nadash, Michael K. Gusmano, 2020-05-21 The surprise election of Donald J Trump to the presidency of the United States marks a singular turning point in the American republic not only because of his idiosyncratic approach to the office but also because the Republican Party now holds the presidency and both houses of Congress presenting a historic opportunity for change The role of older Americans has been critical in both shaping and reacting to this political moment Their political orientations and behaviors have shaped it through their electoral support for Republican candidates But older Americans stand as highly invested stakeholders in the policy decisions made by the very officials they elected and as beneficiaries of the programs that Republicans have targeted for cuts or elimination This comprehensive volume explores the ways in which Trump administration policies are likely to significantly undermine the social safety net for near elderly and older Americans including long term care housing health care and retirement The authors also explore how the Trump administration might shape politics and political behavior through the policy changes made The response of older voters in upcoming elections to efforts by the Trump administration and its Republican allies in Congress to draw back on the federal government's commitment to programs and policies affecting them will shape the direction of aging policy and politics for years to come This book was originally published as a special issue of the Journal of Aging Social Policy
