Katharine Jefferts Schori

Sea Salt Sweat:

Sauna Culture, Sweat and Spirituality Kaarina Kailo, 2025-06-27 This book explores spiritual and sacred practices in Finnish saunas and Native North American sweat lodges through a comparative study. It also sheds light on ancient traditions from Ireland and Galicia tracing their evolution and shared spiritual features. The book further analyzes gendered rituals, woman-centered lifeways and cyclical worldviews rooted in rebirth and regeneration. This book shows how these practices reflect a deep cross-cultural matrix of symbols celebrating Heaven and Earth. It presents the Delaware Sweat Lodge and Big House as prototypes of sacred structures for world renewal and their connections to sauna cultures worldwide. By defining key concepts from patriarchal feminist and Indigenous perspectives, this book challenges normative unquestioned notions of the sacred and the divine. The book's interdisciplinary approach will appeal to students, scholars, and researchers of gender studies, Indigenous studies, cultural studies, religious studies, philosophy, and anthropology interested in a better understanding of how ancient rituals hold ecological significance for addressing today's planetary crises and social imbalances, revealing like-mindedness across diverse faith traditions.

The Sea Richard Hamblyn, 2021-10-13 Sailing across time and geography, the imaginary and the real. *The Sea* chronicles the many physical and cultural meanings of the watery abyss. This book explores the sea and its meanings from ancient myths to contemporary geopolitics, from Atlantis to the Mediterranean migrant crisis. Richard Hamblyn traces a cultural and geographical journey from estuary to abyss, beginning with the topographies of the shoreline and ending with the likely futures of our maritime environments. Along the way, he considers the sea as a site of work and endurance, of story and song, of language, leisure, and longing. By meditating on the sea as both a physical and a cultural presence, the book shines new light on the sea and its indelible place in the human imagination.

The Complete Works of Aristotle, Volume One Aristotle, 2014-09-01 Volume one of the acclaimed Oxford translation of Aristotle's works, now fully revised and expanded. Originally published in twelve volumes between 1912 and 1954, the Oxford translation of Aristotle is universally recognized as the standard English version of the great philosopher's works. This revised edition has been fully updated in the light of modern scholarship while remaining faithful to the substance and vibrancy of the original translation. Now available in two volumes with three new translations and an enlarged selection of Fragments, *The Complete Works of Aristotle* makes the surviving writings of Aristotle readily accessible to a new generation of English-speaking readers.
