Connected Histories Eva Pfanzelter, Dirk Rupnow, Éva Kovács, Marianne Windsperger, 2024-09-23 The World Wide Web WWW and digitisation have become important sites and tools for the history of the Holocaust and its commemoration Today some memory institutions use the Internet at a high professional level as a venue for self presentation and as a forum for the discussion of Holocaust related topics for potentially international transcultural and interdisciplinary user groups At the same time it is not always the established institutions that utilise the technical possibilities and potential of the Internet to the maximum Creative and sometimes controversial new forms of storytelling of the Holocaust or more traditional ways of remembering the genocide presented in a new way with digital media often come from people or groups who are not in the realm of influence of the large memorial sites museums and archives Such private stagings have experienced a particular upswing since the boom of social media This democratisation of Holocaust memory and history is crucial though it is as yet undecided how much it will ultimately reinforce old structures and cultural regional or other inequalities or reinvent them The Digital space as an arbitrary and limitless archive for the mediation of the Holocaust spanning from Russia to Brazil is at the centre of the essays collected in this volume This space is also considered as a forum for negotiation a meeting place and a battleground for generations and stories and as such offers the opportunity to reconsider the transgenerational transmission of trauma family histories and communication Here it becomes evident there are new societal intentions and decision making structures that exceed the capabilities of traditional mass media and thrive on the participation of a broad public

Rosemary Ellen Guiley, author of *The Encyclopedia of Ghosts and Spirits*. The Séance Society Michael Nethercott, 2025-09-23

Engaging, charming, and smart. *The Séance Society* by Michael Nethercott is a fresh take on the traditional mystery genre for readers who love original characters, witty dialogue, and a great whodunit. It's 1956 and Lee Plunkett has taken over the family business as a private investigator despite his reluctance to follow in his father's footsteps. When murder intrudes on a group of ghost seekers, Lee is asked to solve the case by a cop on the verge of retirement. At the urging of his perpetual fiancée Audrey, Lee enlists the help of Mr. O'Nelligan, a scholarly Irishman with a keen eye for solving mysteries. The duo is drawn into a murder investigation involving the Spectrator, a machine designed to communicate with the dead. Soon Plunkett and O'Nelligan are knee-deep in a suspect pool that includes a surly medium, a former speakeasy queen, a mysterious Spanish widow, and a whole slew of eccentric servants. Nethercott's debut sparkles with a mix of W.B. Yeats and Elvis quotations, well-placed red herrings, and an endearing trio of protagonists. *Library Journal*. This clever series opener offers a mid-century take on the traditional drawing room mystery. There is a sweet charm to this mystery ensuring that readers will want to see more from O'Nelligan and Plunkett. *Booklist*. A classically styled Holmesian whodunit. *Publishers Weekly*. *Séance Infernale* Jonathan Skariton, 2018-07-10. Los Angeles 2002. Alex Whitman is hired by an enigmatic collector to locate what could be the first movie ever made. *Séance Infernale*. Its creator Augustin Sekuler is considered by those in the know to be the true inventor of motion pictures, not the Lumière brothers or Thomas Edison. In 1890, Sekuler had boarded a Paris-bound train from Dijon days before he was to present to the world his greatest new invention: a moving picture machine. But he never arrived at Gare de Lyon. He and his moving picture machine vanished, never to be heard from again. When Whitman tracks down what could be fragments of Sekuler's famously lost film, questions are raised about Sekuler, about the fate of him and his invention, and about the film itself. And the stakes become ratcheted up as these riddles lead to a darker, far more dangerous mystery. At once riveting, atmospheric, and filled with vivid historical detail, *Séance Infernale* is a heart-pounding work of mystery and suspense. **Séance Tea Party** Reimena Yee, 2020-09-15. Lora wants to stay a kid forever, and she'll do anything to make that happen, including befriending Alexa, the ghost who haunts her house. A middle-grade graphic novel about growing up that's perfect for fans of *Ghosts* and *Making Friends*. Growing up sounds terrible. No one has time to do anything fun or play outside, or use their imagination. Everything is suddenly so serious. People are more interested in their looks and what others

think about them than having fun adventures Who wants that Not Lora After watching her circle of friends seemingly fade away Lora is determined to still have fun on her own A tea party with a twist leaves Lora to re discovering Alexa the ghost that haunts her house and Lora s old imaginary friend Lora and Alexa are thrilled to meet kindred spirits and they become best friends but unfortunately not everything can last forever Reimena Yee brings to life a story about growing up childhood and what it means to let go A fantastical story following lovable characters as they each realize what it means to be who you are
