Searching For An Adequate God

Sara Maitland

Searching For An Adequate God:

Searching for an Adequate God David Ray Griffin, 2000 In this book advocates of both process and free will theism come together for the first time to describe their respective theological perspectives and enter into constructive dialogue with each other Featuring two of today's best philosophers David R Griffin representing process theology and William Hasker representing free will theism as well as theologians interested in both views this volume provides a fully orb'd discussion of these two vital theological positions

What Does God Know and When Does He Know It? Millard J. Erickson, 2006-05-09 At the heart of the recent open theism controversy lies the issue of divine foreknowledge The issues raised involve important matters of faith and practice This intelligent in depth analysis will equip readers at every level from the layperson to the scholar to draw their own conclusions about divine foreknowledge

Evangelism and the Openness of God Vaughn W. Baker, 2012-12-18 In *Evangelism and the Openness of God* Vaughn Baker argues that a dynamic concept of God as articulated in open theism better serves the evangelistic mission of the church than does conventional theology Open theism affirms an ontology of love as opposed to power and it focuses on God's kenosis in creation allowing for the authentic freedom of creation influenced by divine persuasion God's genuine temporal relationship with creation one that is open synergist and non coercive provides a new perspective for evangelistic activity In this volume the author has made a valuable contribution to the integration of new developments in theology and evangelism

God's Absence and the Charismatic Presence Roy D. Kindelberger, 2017-05-17 The author's theological inquiry is intended to raise questions of interpretation within the camp of openness theology and to direct a discussion on the implications of this movement for the charismatic Pentecostal community Open theism or openness theology affirms that the universe is open the future is not settled God is essentially relational love and the risks of love and the threats against it are real The author digs deep into this area of doctrine in order to question how far openness theology is willing to go Is it only the future that is open to God or are there perhaps unknown aspects to the past and present as well What does God know about sin and when does he know it Is it possible for God to be totally absent from a person's life or even from an entire nation If God can be absent can he also be exceptionally present in the lives of believers What would the divine presence and the charismata spiritual ministries look like in an open universe

Sharing in God's Presence Roy D. Kindelberger, 2018-10-05 Sharing in God's Presence means far more than getting saved and experiencing God's blessing in our lives As believers his presence becomes a very personal part of who we are and what we do God actually shares himself with us The language that we use often fails to capture the depths of God's nature penetrating ours the fullness of his Spirit permeating our hearts and the innermost infusion of his presence in our lives But the truth couldn't be more intimate The person who is joined to the Lord is one spirit with him 1 Corinthians 6:17 This book is an invitation to share in God's presence by allowing God to share himself with you God wants everyone to share in his embrace As we accept our responsibility for prayer ministry and even revival we share in the very precious dynamic of give

and response that is involved in an intimate walk with Jesus Christ For a general readership this book is a reworking of material from the second half of the author's academic work *God's Absence and the Charismatic Presence* **In Search of the Common Good** Dennis McCann, Patrick D. Miller, 2005-02-04 Biblical scholars and theologians search for the meaning of the common good for our time *Reformed and Always Reforming (Acadia Studies in Bible and Theology)* Roger E. Olson, 2007-10-01 The community of evangelicals sometimes seems so broad as to defy definition but theological conservatism has been one consistent marker Now says theologian Roger Olson postconservatism is moving beyond conventional battles against liberalism and heresy to posit a dynamic and realistic approach While conservatives strive to preserve tradition and protect orthodoxy postconservatives urge openness to doctrinal reform without abandoning orthodoxy Where differences exist between doctrine and Scripture doctrine must be brought into conformity with the Word Postconservatives want to free evangelical theology from its paradoxical captivity to rationalism and its obsession with facts so that it may recognize truth in experience and personal knowledge Theologians pastors seminarians and serious thinkers will find many depths to plumb in this exhaustive survey of critics advocates and fellow travelers on the evangelical journey

Remythologizing Theology Kevin J. Vanhoozer, 2010-01-14 The rise of modern science and the proclaimed death of God in the nineteenth century led to a radical questioning of divine action and authorship Bultmann's celebrated demythologizing Remythologizing Theology moves in another direction that begins by taking seriously the biblical accounts of God's speaking It establishes divine communicative action as the formal and material principle of theology and suggests that interpersonal dialogue rather than impersonal causality is the keystone of God's relationship with the world This original contribution to the theology of divine action and authorship develops a fresh vision of Christian theism It also revisits several long standing controversies such as the relations of God's sovereignty to human freedom time to eternity and suffering to love Groundbreaking and thought provoking it brings theology into fruitful dialogue with philosophy literary theory and biblical studies Naming and Thinking God in Europe Today Norbert Hintersteiner, 2007 Is there a new need and place for God talk in Europe The present volume both confirms this and opens up new questions for discussion It shows how different traditions of naming and thinking God in Europe draw on various theoretical and philosophical foundations that are in competition with one another in many ways Due to socio cultural historical and political divides between Eastern and Western Europe these theological traditions often suffer from isolation and mutual misunderstanding Can the inherent tensions and conflicts be understood more adequately While exploring a variety of approaches in Europe on the topic several authors also ask How can God be named and thought in Europe which finds itself in the midst of complex crosscultural and interreligious processes particularly as immigration increases and peoples of non Christian faith traditions name and think God in ways that differ from and sometimes conflict with Europe's dominant religion's and secular culture What function and impact will traditional God talk have in a globalizing Europe as religions such as Islam Hinduism and Buddhism move into the

foreground This volume not only reveals the broad spectrum of its topic but also documents the vivid seeking undertaken by a new generation of European theologians and scholars of religion who openly engage the question of how to live and believe in Europe today facing complex global challenges

The Doctrine of God Veli-Matti Kärkkäinen, 2004-08 A global survey of interpretations of God in Scripture Christian history and contemporary theology with a focus on key God talk issues of the day

A Big-Enough God Sara Maitland, 2014-09-16 A Big Enough God continues the author's literary challenge by offering Christians a path for spiritual journey that encourages belief in a deity that is larger than our imagination Free from the constraints of doctrine or ecclesiology the author comes to her task the joys of revelation armed with a fresh feminist perspective Writing as a Christian and a feminist Maitland approaches the subject of a big enough God that is beyond gender or image but not beyond choice to define theology as the art of telling and listening to stories about the divine If God exists it is as a being which wishes above all to reveal itself in its work and which labors constantly in its relationships with its creations

The Search for Mind-Body Flourishing in Spinoza's Eudaimonism Brandon Smith, 2025-11-04 This book explores the ethical tradition of eudaimonism which considers happiness or flourishing as a partly objective or naturalistic b partly subjective or affective c structurally stable and d the highest good It examines the insights of Aristotle Epicurus the Stoics and Spinoza concerning the respective roles of pleasure virtue and mind and body in living an eudaimonistically happy life Spinoza offers an especially rich account of happiness in opposition to the intellectualism of his fellow eudaimonists through his argument for non reductive mind body identity which entails that flourishing is equally intellectual and physical in nature

The Process Perspective John B. Cobb, Jeanyne B. Slettom, 2020-09-16 Sometimes you just want to know the answer to a question that's been bugging you especially when it comes to that intriguing but sometimes challenging thing called process theology Here at last is exactly the right book with questions written by people like you and answers developed by that best of all process thinkers John B Cobb Jr Whether you plunge right in by reading it straight through or dip into the issues bit by bit you'll find yourself a partner in a deeply engaging conversation

MARJORIE SUCHOCKI author of The Whispered Word A Theology of Preaching and In God's Presence Theological Reflections on Prayer Within these lucid pages one of the great minds of our time speaks with profound clarity Herein lie the Big Questions And these are the answers that changed my life

PATRICIA ADAMS FARMER author of Embracing a Beautiful God After being introduced to the worldview of process thought Christian readers so often ask But how can this worldview be connected with traditional Christian belief and practice The Process Perspective offers a process response to the questions that are truly on people's minds Is God personal Is prayer effective Who was Jesus Why do the innocent suffer It presents a way of thinking about Christian faith and living the Christian life that is a viable alternative to fundamentalism on the one hand and lukewarm liberalism on the other It displays a Christianity with roots and wings Thank you John Cobb

JAY McDANIEL author of Living from the Center Spirituality in an Age of Consumerism In this fresh perspective on faith from a man of faith internationally

renowned process theologian John B Cobb Jr addresses more than thirty questions about God Christ the Bible the church humankind and ethics He seeks to put process ideas into plain language with clear implications for faithful living **The Negro's Church** Benjamin E. Mays,2015-08-04 Benjamin E Mays 1894 1984 was President and Professor Emeritus of Morehouse College **From Divine Timemaker to Divine Watchmaker** R.T. Mullins,2024-10-24 This book offers the most extensive exploration of divine temporality to date It focuses on five main questions First what is time Second how is God responsible for the existence of time Third what does it mean to say that God is temporal Fourth what kind of structure might God give to a time series Fifth what are the implications for theological doctrines such as the Trinity creation providence and life after death The author offers a deep critical engagement with the Christian tradition but also goes beyond to build analytic bridges to Jewish Islamic Hindu and Jainist philosophical theology The book provides an up to date discussion of issues within analytic metaphysics philosophy of time and philosophy of religion and draws on the resources of contemporary systematic historical and biblical theology *God's Greater Glory* Bruce A. Ware,2004-11-11 Though in all things God's Word is the final authority our Christian tradition as inherited from centuries of careful reflection and endeavoring to be true to the teaching of Scripture can greatly enlighten us Nowhere is this blend of respectful listening to the wisdom of the past and faithfulness to the Bible more necessary than in our contemporary reformulations of the doctrine of God's person Bruce Ware believes that while tradition's emphasis on God's metaphysical perfection and His supremacy over the world is correct we must refine our understanding of the way in which He relates to us While retaining the deepest concerns of the historic tradition Ware offers a more rational view of God's dealings with His children a view that is reflected in Scripture's own testimony of Him Ware then applies this concept of real divine exaltation and real divine human relationship to the areas of our prayer life confidence in God and His guidance of us *Suffering and the Search for Meaning* Richard Rice,2014-06-05 Suffering is a deeply personal problem Why is this happening to me Guiding readers through the seven most significant theodicies Richard Rice uses theory and personal stories to help each of us form a response to suffering that is both intellectually satisfying and personally authentic **Divine Control, Human Contingencies and the Problem of Evil** Aku Stephen Antombikums,2025-06-11 This book investigates whether open theism provides a clear and viable response to the problem of evil To better understand open theism classical theism Molinism and process theism are also considered Responses to the problem of evil have traditionally revolved around God's goodness justice and power By contrast this book argues that in order to resolve or better understand the tension between divine sovereignty and human freedom the attributes of God have to be understood as a set Starting from this basis the book examines divine immutability eternity aseity omniscience omnipotence love and creation in order to make sense of the problem of evil The nature of human freedom is also explored Divine Control Human Contingencies and the Problem of Evil is essential reading for all scholars and researchers of the philosophy of religion especially those focusing on the problem of

evil **God Under Fire** Zondervan, 2009-12-15 God Never Changes Or does he God has been getting a makeover of late a reinvention that has incited debate and troubled scholars and laypeople alike Modern theological sectors as diverse as radical feminism and the new open theism movement are attacking the classical Christian view of God and vigorously promoting their own images of Divinity God Under Fire refutes the claim that major attributes of the God of historic Christianity are false and outdated This book responds to some increasingly popular alternate theologies and the ways in which they cast classical Christian theism in a negative light Featuring an impressive cast of world class biblical scholars philosophers and apologists God Under Fire begins by addressing the question Should the God of Historic Christianity Be Replaced From there it explores issues as old as time and as new as the inquest into the openness of God How for instance does God risk relate emotive and change Does he do these things and if so why These and other questions are investigated with clarity bringing serious scholarship into popular reach Above all this collection of essays focuses on the nature of God as presented in the Scriptures and as Christians have believed for centuries God Under Fire builds a solid and appealing case for the God of classical Christian theism who in recent years as through the centuries has been the God under fire **The Doctrine of God** John C. Peckham, 2019-09-05 John C Peckham introduces and engages with major questions about God's nature and how God relates to the world Does God change Does God have emotions Can God do anything Does God know the future Does God always attain what God desires And is God entirely good This textbook provides a clear and concise overview of the issues involved in these and other questions exploring prominent contemporary approaches to the main issues relative to how to conceive of the God world relationship within Christian theology In so doing Peckham surveys a range of live options regarding each of the primary questions briefly considering where each falls within the spectrum of the Christian tradition and providing clear and readily understandable explanations of the technical issues involved The result is a stimulating survey of the most prominent options in Christian theology relative to divine attributes and the God world relationship offered in an accessible format for students Designed for classroom use this volume includes the following features study questions for each chapter suggestions for further reading for each chapter glossary

Eventually, you will agreed discover a further experience and finishing by spending more cash. still when? attain you say you will that you require to acquire those every needs following having significantly cash?
