Archives and Images, 2004 Theatres of Memory Raphael Samuel, 2012-09-11 When *Theatres of Memory* was first published in 1994 it transformed the debate about what is to be considered history and questioned the role of heritage that lies at the heart of every Western nation's obsession with the past Today in the age of *Downton Abbey* and *Mad Men* we are once again conjuring historical fictions to make sense of our

everyday lives In this remarkable book Samuel looks at the many different ways we use the unofficial knowledge of the past Considering such varied areas as the fashion for retrofitting the rise of family history the joys of collecting old photographs the allure of reenactment societies and televised adaptations of Dickens Samuel transforms our understanding of the uses of history He shows us that history is a living practice something constantly being reassessed in the world around us

Suspended Conversations Martha Langford,2021-10-13 In *Suspended Conversations* Martha Langford shows how photographic albums tell intimate and revealing stories about individuals and families Rather than isolate the individual photograph treat albums as texts or argue that photography has supplanted memory she demonstrates that the photographic album must be taken as a whole and interpreted as a visual and verbal performance that extends oral consciousness Exhibiting a collection of photographic travelogues memoirs thematic collections and family sagas compiled between 1860 and 1960 and held by the McCord Museum of Canadian History this second edition includes a revised and expanded preface along with new photographs of the Notman albums Printed in colour throughout the enhanced material draws out the distinct nuances and details of each album giving them new life to tell their stories Albums are treasured by families collected as illustrations of the past by museums of social history and examined by scholars for what they can reveal about attitudes and sensibilities but when no one is left to tell the tale the intrigue of the album becomes a puzzle a suspended conversation Langford argues that oral consciousness provides the missing key Correlating photography and orality she explains how albums were designed to work as performances and how we can unlock their mysteries A fascinating glimpse of the preoccupations of previous centuries *Suspended Conversations* brings photography into the great conversation of how we remember and how we send our stories into the future

The Memory Artists Jeffrey Moore,2007-04-01 Winner of the Canadian Authors Association Award for Best Novel Noel Burun has synesthesia and hypermnesia he sees words in vibrant explosions of colors and shapes which collide and commingle to form a memory so bitingly perfect that he can remember everything from the 1001 stories of *The Arabian Nights* to the color of his bib as a toddler But for all his mnemonic abilities he is confronted every day with a reality that is as sad as it is ironic his beloved mother Stella is stricken with Alzheimer's disease her memory slowly slipping into the quicksands of oblivion *The Memory Artists* follows Noel helped by a motley cast of friends on his quest to find a cure for his mother's affliction The results are at the same time darkly funny quirkily inventive and very moving Alternating between third person narratives and the diaries of Noel and Stella Jeffrey Moore weaves a story filled with fantastic characters and a touch of suspense that gets at the very heart of what it means to remember and forget and that is a testament to the uplifting power of family and friendship **American Photo** ,2003-11
