Secrets Truth Destiny:

Secrets of the Truth Gary Scrimnger,2010-08-04 It does not matter who or what you are As long as you are a normal thinking human being it is clear Unless we change something our future is shrouded in calamity Whether it be self destructionnuclear or otherwise religious apocalypse who knows maybe chemical bacterial viral or some natural disaster bound to annihilate earthwe are here now in this time and we have the capacity to impact change and affect the future as no other earthly being that we are aware of is capable of doing The window of opportunity is staring us in the face and we dont see it grasp it or realize it for we are too preoccupied with the current system of survival and control You do not have to acquire this book to discover its mission for the clue lies within all of us as to what we are to do about this condition We all want and desire change but each and every one of us feels disempowered disenfranchised and incapable of affecting the world around us That is so by design and intent And the answer to this condition lies within us and is brought to the fore by the many spiritual and religious belief systems we so dearly cling to but we do not practice it If you have now figured it out then bring your force into action because that is exactly what this book isa means to expose uncover and mobilize the forces within and around us And in so doing create a destiny closest aligned to what the Creator intended for all of us and our futures

The Secret Revelation of John Karen L. King,2009-02-28

Lost in antiquity rediscovered in 1896 and only recently accessible for study The Secret Revelation of John offers a firsthand look into the diversity of Christianity before the establishment of canon and creed Karen L King offers an illuminating reading of this ancient text a narrative of the creation of the universe and humanity and a guide to justice and salvation said to be Christ s revelation to his disciple John Freeing the Revelation from the category of Gnosticism to which such accounts were relegated King shows how the Biblical text could be read by early Christians in radical and revisionary ways By placing the Revelation in its social and intellectual milieu she revises our understanding of early Christianity and more generally religious thought in the ancient Mediterranean world Her work helps the modern reader through many intriguing but confusing ideas in the text for example that the creator god of Genesis a self described jealous and exclusive god is not the true Deity but a kind of fallen angel or in an overt critique of patriarchy unique in ancient literature the declaration that the subordination of woman to man was an ignorant act in direct violation of the holy height In King s analysis the Revelation becomes not strange but a comprehensible religious vision and a window on the religious culture of the Roman Empire A translation of the complete Secret Revelation of John is included [The Mystery and Painful Truth about Life Here and After Death](#) Christian Uchenna Ngozi,2014-06-24 No one knows about that day or hour not even the angels in heaven nor the Son but only the Father As it was in the days of Noah so it will be at the coming of the Son of Man For in the days before the flood people were eating and drinking marrying and giving in marriage up to the day Noah entered the ark and they knew nothing about what would happen until the flood came and took them all away That is how it will be at the coming of the Son of Man Two men will be in the field one will be taken and the other left Two women will be grinding with a hand mill one will be taken and the other left Therefore keep watch because you do not know on what day your Lord will come But understand this If the owner of the house had known at what time of the night the thief was coming he would have kept watch and would not have let his house be broken into So you also must be ready because the Son of Man will come at an hour when you do not expect him Matthew 24 36 44 This is truly an exposition of spiritual truths hidden and avoided for the ages exposing us to the surprise that awaits everyone at the boundary between physical life and eternity This will bring life and spiritual revolution to everyone who can read irrespective of age Whoever wishes to evade hell and not be deceived by its perverted concepts
