Sedona 2001 And Beyond:

Sedona 2001 and Beyond Holly Ahlberg, 1998-10 Beyond 2012: Catastrophe or Awakening? Geoff Stray, 2009-05-21

An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar s Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna s timewave zero and Maurice Cotterell s sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date *Pilgrimage beyond the Officially Sacred* Michael A. Di Giovine, Jaeyeon Choe, 2020-06-09 *Pilgrimage beyond the Officially Sacred* Understanding the Geographies of Religion and Spirituality in Sacred Travel examines the many ways in which pilgrimage engages with sacredness delving beyond the officially recognized and often religiously conceived pilgrimage sites As scholarship examining the lived experiences of pilgrims and tourists has demonstrated pilgrimage need not be religious in nature nor be officially sanctioned rather they can be hyper meaningful voyages set apart from the everyday profane life in a word they are sacred Separating the social category of religion from the sacred this volume brings together a multidisciplinary group of scholars employing perspectives from anthropology geography sociology religious studies theology and interdisciplinary tourism studies to theorize sacredness its variability and the ways in which it is officially recognized or condemned by power brokers Rich in case studies from sacred centers throughout the world the contributions pay close attention to the ways in which pilgrims central authorities site managers locals and other stakeholders on the ground appropriate negotiate shape contest or circumvent the powerful forces of the sacred Delving beyond the officially sacred this collective examination of pilgrimages both well established and new religious and secular authorized and not presents a compelling look at the interplay of secular powers and the transcendent forces of the sacred at these hyper meaningful sites Providing a blueprint for how work in the anthropology and geography of religion and the fields of pilgrimage and religious tourism may move

forward Pilgrimage beyond the Officially Sacred will be of great interest to an interdisciplinary field of scholars The chapters were originally published as a special issue in *Tourism Geographies* *Beyond Vengeance, Beyond Duality* Sylvia Clute, 2010-05-01 We are in trouble Our social financial and religious institutions are crumbling Our criminal justice system is a prime example of society's dysfunction More than 1 in 100 Americans are now in jail Taxes now finance the incarceration of 1 in 53 of adults in their 20s There are now 2.3 million people locked up in the U.S. the same number of prisoners in Russia and China combined The U.S. accounts for 5 percent of the world's population and 25 percent of the world's prisoners What courtroom veteran and law professor Sylvia Clute saw on a daily basis was all too often the miscarriage of justice Because of her legal background Clute focuses on legal horror stories to demonstrate her underlying thesis The crisis in our legal system is merely symptomatic of a rot found in each of our institutions It is rooted in a philosophy of dualism that pits us against one another It is rooted in a philosophy that fails to recognize the oneness or unity of all life Clute unfolds her argument for applying the philosophy of non-duality to not only our criminal justice system but to all social relationships She explores the roots of dualist thinking in the religious traditions of the world and offers the hope that if individuals and societies can move beyond dualistic thinking we will create a society that is truly just and authentically caring Part social policy part metaphysics this is a book for all who are looking for a new model for individual and societal relationships *Religion beyond its Private Role in Modern Society* Wim Hofstee, A. van der Kooij, 2013-09-12 The volume *Religion beyond its Private Role in Modern Society* aims at contributing to the debate on the distinction between public and private spheres with regard to the role of religion in modern societies This issue which is inherent to many conceptions regarding social order modernity freedom of conscience and the changing role and function of religion is discussed not only from a social scientific but also from a historical and philosophical point of view The articles dwell on several aspects of the role of religion in different societies in modern times and the overall theme is explored from the perspective of various religious traditions and groups both institutional and non-institutional It turns out that the distinction made is difficult to maintain Contributors include Bart Labuschagne Linda Woodhead Niek Brunsveld Dick Douwes Mohammed Ghaly Heleen Murre van den Berg David Novak Alexandros Sakellariou Matthew Tennant Bruno Verbeek Ernestine G. E. van der Wall William Arfman Stef Aupers Jeroen Boekhoven Meerten B. ter Borg and Kees de Groot **Beyond Blaming -- Revised**, *First Light and Beyond* D. A. Jenkins, 2015-07-28 Amateur astronomers who have been disappointed by the results of an observing session can take comfort in the guidance of this book which advises how to still gain useful experience in seemingly failed nights at the telescope In a world with imperfect seeing conditions incredible observing sessions are often mixed with less inspiring ones discouraging the amateur observer This book is designed to minimize subsequent disappointment for astronomers who encounter a few bad observing sessions helping novice observers take something worthwhile away each and every time they go out under the night sky regardless of the observations that were originally planned Almost every observer remembers his

first sight of ringed Saturn hanging in the blackness of space Practitioners agree that there is something special about visual observing Real time observations at the eyepiece can provide fleeting yet intense feelings that connect us with the universe in unique ways But when expectations aren't met at the eyepiece there are other ways to profit from the practice of astronomy These rewards though less showy are well worth cultivating This is a book that will help the reader see what constitutes a successful visual observing session It explains the nature of the objects that the observer is seeing and advises how best to use their equipment There are many hints and tips about how best to locate recall and record observations including suggestions for trips to areas where there are dark skies and to public observatories Amateur astronomy is a journey from the urban backyard all the way to dark rural skies and with this guide the journey can be smooth

Nothing Personal: Seeing Beyond the Illusion of a Separate Self Nirmala, 2010-01-16 Advaita and nondual teachings are about finding the Truth This Truth is not a dogma that you study it is the Truth about life the Truth about who you really are This Truth is discovered not learned It is discovered through sincerely inquiring Who am I What you discover is that who you are has nothing to do with self images or roles and everything to do with what you experience when you ask this question What you discover is that who you think of yourself as is just that a thought And beyond that thought is a great Mystery an experience of nothingness which is your true nature Nothing Personal leads you to the experience of your true nature and helps you explore its depth Through exposition questions and dialogues it brings you to a place of realization of the Truth you are that spacious Awareness in which everything appears including your thoughts and feelings Your thoughts and feelings do not define you but merely appear within Consciousness along with everything else This Consciousness is who you are Nothing Personal offers a gentle and persistent guide to seeing the underlying truth of your ultimate nature In this concisely edited collection of satsang talks and dialogues you are invited to honor the limitless love that is your true nature and to enjoy the sweet richness that is revealed when you give this Truth your undivided attention From the introduction Unlike most books this one is not meant to add to your knowledge or understanding It is about the Truth that cannot be spoken or written Although the Truth cannot be contained in this or any other book each word written here is intended to point you toward that Truth Many of the words and ideas may seem paradoxical or contradictory because what they point to is larger than our conceptual frameworks Many questions are asked which are not answered anywhere in the book Find out what the experience is like to ask yourself these questions even if they leave you emptier of knowledge and understanding In this emptying you just may discover what you are looking for The Truth is revealed when we allow ourselves to not know so I invite you to set aside all that you know for the time being and allow yourself to look with innocent eyes at what the words are attempting to unveil Take the time to experience the unspoken truth in each section before moving on to the next Resist the temptation to read these words with your mind which is likely to rush right past the Truth Allow the words to sink into your heart and reveal the truth of who you are

Teaching Communication across Disciplines for Professional Development,

Civic Engagement, and Beyond Joanna G. Burchfield, April A. Kedrowicz, 2023-05-22 In *Teaching Communication Across Disciplines for Professional Development* Civic Engagement and Beyond contributors discuss topics inherent in merging communication across disciplines including challenges and opportunities teaching and research communication and student identity future directions and the transformative possibilities of teaching communication across disciplines A cross disciplinary approach provides an avenue for the integration of a broad education that prepares students for global citizenship and civic engagement Ultimately this book argues that positioning communication as a theoretically rich process of social interaction and meaning with attention to rhetorical sensitivity can expand the vision of communication across the disciplines The increased demand for communication expertise opens opportunities for exploration growth community development and cross disciplinary alliances Scholars of communication English and education will find this book of particular interest

I David R. Hawkins, MD/PHD, 2014-03-03 Experience spiritual enlightenment and personal transformation from world renowned author psychiatrist clinician spiritual teacher and researcher of consciousness David R Hawkins M D Ph D This book combines consciousness studies with transpersonal psychology providing an accessible gateway into the deeper dimensions of self and reality It concludes the presentation of a long predicted major advance in critical human knowledge It explains and describes the very substrate and essence of consciousness as it evolved from its primordial appearance as life on earth on up through evolution as the human ego and hence to the ego's transcendence as the spiritual Reality of Enlightenment and the Presence of Divinity It completes the description of the evolution of human consciousness from the level of approximately 800 to its peak experience at 1 000 which historically has been the ultimate possibility in the human domain This is the realm of the mystic whose truth stems solely from the radical subjectivity of divine revelation The text of the material is taken from lectures dissertations and dialogues with students visitors and spiritual aspirants from around the world who have different spiritual and religious backgrounds and varying levels of consciousness On the referenced Scale of the Levels of consciousness which calibrates the levels of Truth from 1 to 1 000 Power versus Force calibrates at 850 The Eye of the I at 980 and the final volume of the trilogy I calibrates at a conclusive 999 8 The uncommon clarity and lucidity with which the highly evolved subject matter is presented facilitates understanding As with the reading of Power versus Force or The Eye of the I the reader's level of consciousness increases measurably as a consequence of exposure to this material itself which is presented from a powerful field of exposition Conflict is resolved within the mind of the student by means of recontextualization which solves the dilemma Argument and adversity are resolvable by identifying the positionalities of the ego which are the basis of human suffering Some Chapters Include The Process Spiritual Purification The Ego and Society Spiritual Reality Realization The Realization of Divinity The Radical Reality of the Self The Mystic The Levels of Enlightenment The Nature of God The Obstacles Transcending the World The Emotions Mind Considerations Karma The Final Doorway The Transcendence The Inner Path No Mind The Way of the Heart The

Consumption and Spirituality Diego Rinallo, Linda M. Scott, Pauline Maclaran, 2013 This book sheds light on the consumption of spiritual products services experiences and places through state of the art studies by leading and emerging scholars in interpretive consumer research marketing sociology anthropology cultural and religious studies The collection brings together fresh views and scholarship on a cultural tension that is at the centre of the lives of countless individuals living in postmodern societies the relationship between the material and the spiritual the sacred and the profane The book examines how a variety of agents religious institutions spiritual leaders marketers and consumers interact and co create spiritual meanings in a post disenchanted society that has been defined as a supermarket of the soul

Consumption and Spirituality examines not only religious organizations but also brands and marketers and the way they infuse their products services and experiences with spiritual meanings that flow freely in the circuit of culture and can be appropriated by consumers even without purchase acts From a consumer perspective the book investigates how spiritual beliefs practices and experiences are now embedded into a global consumer culture Rather than condemning consumption the chapters in this book highlight consumers agency and the creative processes through which authentic spiritual meanings are co created from a variety of sources local and global and sacred and profane alike

People Who Don't Know They're Dead Gary Leon Hill, 2025-09-12 In *People Who Don't Know They're Dead* Gary Leon Hill tells a family story of how his Uncle Wally and Aunt Ruth Wally's sister came to counsel dead spirits who took up residence in bodies that didn't belong to them And in the telling Hill elucidates much of what we know or think we know about life death consciousness and the meaning of the universe When people die by accident in violence or maybe they're drunk stoned or angry they get freeze framed Even if they die naturally but have no clue what to expect they might not notice they're dead It's frustrating to see and not be seen It's frustrating not to know what you're supposed to do next It's especially frustrating to be in someone else's body and think it's your own That's if you're dead If you're alive and that spirit has attached itself to you well that's a whole other set of frustrations Wally Johnston a behavioral psychologist first started

working with a medium in the 70s to help spirits move on to the next stage Some years after that Ruth Johnston an academic psychiatric nurse who d become interested in new consciousness and alternative healing began working with Wally to clear spirits who weren t moving on These hitchhikers had attached themselves to the auras of living relatives or strangers in an attempt to hold on to a physical existence they no longer need Through her pendulum Ruth obtains permission from the higher self of both hitchhiker and host to work with them Then Wally speaks with them gently but firmly to make sure they know they are no longer welcome to inhabit the bodies and wreak havoc on the lives of the living Hill has woven this fascinating story with the history and theory of what happens at death with particular emphasis on the last 40 years and the work of such groundbreaking thinkers as Elmer Green Raymond Moody William James Aldous Huxley Edith Fiore Martha Rogers Mark Macy Elisabeth Kubler Ross Bruce Lipton and a host of others whose work helps inform our idea of what it is to live and to die As it turns out our best defense against hitchhikers is to live consciously And our best chance of doing that is by paying attention and staying open to possibilities *Lodging, Restaurant and Tourism Index* ,2001 **Tourism,**

Pilgrims and Pilgrimages as Peacemakers in Christianity, Judaism and Islam Antón M. Pazos,2016-04-08 Pilgrimages can be analysed as acts of conflict such as the Crusades or also as platforms for relationship building and rapprochement between religions With a set of contributions from leading experts in the field this book explores the concept of pilgrimage in Christianity Judaism and Islam Some specific examples of pilgrimages that helped to strengthen links between different religions or civilisations are

explored ranging from Europe to Asia and from the Middle Ages to the twentieth century Even though every pilgrimage that is investigated here has helped to link different worlds the case studies show that this relationship rarely led to a better inter understanding Nowadays peaceful coexistence seems to be its greatest achievement
