Saliba,2003-09-27 Discussions of any religion can easily raise passions But arguments tend to become even more heated when the religion under discussion is characterized as new Divisions around the study of new religious movements NRMs or cults or nontraditional or alternative or emergent religions are so acute that there is even controversy over what to call them John Saliba strives to bring balance to these discussions by offering perspectives on new religions from different academic perspectives history psychology sociology law theology and counseling This approach provides rich descriptions of a broad range of movements while demonstrating how the differing aims of the disciplines can create much of the controversy around NRMs The new second edition has been updated and revised throughout and includes a new foreword by noted historian of religion J Gordon Melton For classes in religion or the social sciences or for interested individuals Understanding New Religious Movements offers the most objective introduction possible **Missing Mary** C. Spretnak,2016-06-07 What ever happened to the Virgin Mary in the modern Catholic Church For the past forty years her presence has been radically minimized In a groundbreaking work Charlene Spretnak cuts across the battle lines delineated by the left and the right within the Church to champion the recovery of the full spiritual presence of Mary Spretnak a liberal Catholic asserts that a deep loss ensues for women in particular when Mary s female embodiment of grace and mystical presence is denied and replaced with a strictly text bound version of her as a Nazarene housewife Complete with a striking insert of contemporary Marian art Missing Mary is a deeply insightful reflection on Mary in the modern age **Irfan Faqeer Noor** Muhammad,2021-01-04 Intentionally or otherwise the world today is engulfed in a strange intellectual strife and insoluble mental enigma To overcome this conflict we must take practical steps toward creating a true conception of God in the minds of the people and to impress on their memories the necessity of religion enabling religion and spiritualism to attain once more the preeminence that they previously enjoyed In pursuit of that renaissance of religion Irfan presents the exposition of two secret rare and closely guarded sciences and offers a vivid description of their philosophy The first focuses on knowledge of concentration on the personal name of God Allah centralizing human thought and occult spiritual energies on one point to attain willpower and spiritual strength The second invokes the inmates of the graves calling on departed souls for wisdom Irfan demonstrates that humanity s worldly life is not everything rather there is a world after death and dying is just a part of life It seeks to remove the fear of death and reveal it to be a beloved entity Written by Faqeer Noor Muhammad in the early twentieth century this spiritual study provides a valuable compendium and unique record of religion spiritualism and the secrets of Sufiism
