Motive Clauses In Hebrew Law Biblical Forms And Near Eastern Parallels Dissertation Series:

Motive Clauses in Hebrew Law Rifat Sonsino, 1980 A History of Ancient Near Eastern Law (2 vols) Raymond Westbrook, 2003-08-01 The first comprehensive survey of the world's oldest known legal systems this collaborative work of twenty-two scholars covers over 3,000 years of legal history of the Ancient Near East. Each of the book's chapters represents a review of the law of a particular period and region e.g. the Egyptian Old Kingdom by a specialist in that area. Within each chapter the material is organized under standardized legal categories e.g. constitutional law family law that make for easy cross-referencing. The chapters are arranged chronologically by millennium and within each millennium by the three major politico-cultural spheres of the region Egypt Mesopotamia and Anatolia and the Levant. An introduction by the editor discusses the general character of Ancient Near Eastern Law **Jewish Law Annual** Bertrand Jackson, 1987-03 First Published in 1987 Routledge is an imprint of Taylor Francis an informa company **The Oxford Handbook of Christianity and Law** John Witte (Jr.), Rafael Domingo, 2024 This volume tells the story of the interaction between Christianity and law historically and today in the traditional heartlands of Christianity and around the globe. Sixty new chapters by leading scholars provide authoritative and accessible accounts of foundational Christian teachings on law and legal thought over the past two millennia the current interaction and contestation of law and Christianity on all continents how Christianity shaped and was shaped by core public private penal and procedural laws various old and new forms of Christian canon law natural law theory and religious freedom norms Christian teachings on fundamental principles of law and legal order and Christian contributions to controversial legal issues. Together the chapters make clear that Christianity and law have had a perennial and permanent influence on each other over time and across cultures albeit with varying levels of intensity and effectiveness. This volume defines Christianity broadly to include Catholic Protestant and Orthodox traditions and various denominations and schools of thought within them. It draws on Christian ideas and institutions norms and practices texts and titans to tell the story of Christianity's engagement with the world of law over the past two millennia. The volume also defines law broadly as the normative order of justice power and freedom. The chapters address natural laws of conscience reason and the Bible and positive laws enacted by states churches and voluntary associations. Several chapters focus on Christian engagement with specific types of law canon law family law education law constitutional law criminal law procedural law and laws governing labor tax contracts torts property and beyond. Other chapters take up cutting edge legal issues of racial justice environmental care migration euthanasia and bio technology as well as fundamental legal principles of liberty dignity equality justice equity judgment and solidarity **Old Testament Ethics** Waldemar Janzen, 1994-01-01 Using five different Old Testament stories as paradigms for correct ethical behavior Waldemar Janzen provides a comprehensive way of understanding the ethical message in the Old Testament. The five models of the good life he uses are the holy life the priestly paradigm the wise life the sapiential or wisdom paradigm the just life the royal paradigm the serving and suffering

life the prophetic paradigm and the familial paradigm Janzen demonstrates that all five paradigms are linked because the familial paradigm represents the comprehensive end of all Old Testament ethics

The Alien in Israelite Law Christiana van Houten, 1991-08-01 One of the first systematic and critical reconstructions of the history of the social class of aliens in ancient society this study develops new insights gained from the sociological approach to biblical literature As Israel developed from tribal society to state from state to confessional community and from confessional community to province the identity and legal status of the alien developed in a concomitant way Laws which initially afforded the alien only partial social and cultic inclusion in the pre exilic period eventually required complete equality between the alien and Israelite in the postexilic period

Midrash, Mishnah, and Gemara David Halivni, 2009-06-30 An eminent authority on the Talmud offers here an analysis of classical rabbinic texts that illuminates the nature of Midrash Mishnah and Gemara and highlights a fundamental characteristic of Jewish law Midrash is firmly based on draws its support from Scripture It thus projects the idea that law must be justified The concept David Weiss Halivni demonstrates is at the heart of Jewish law and can be traced from the Bible especially evident in Deuteronomy through the classical commentaries of the Talmud Only Mishnah is like other ancient Near Eastern law apodictic recognizing no need for justification But Midrash existed before Mishnah and its law served as grounding for the non justificatory Mishnaic texts Indeed Halivni argues Mishnah was a deviant form and consequently short lived and never successfully revived a response to particular religious and political conditions after the destruction of the Temple in 70 CE He chronicles the persistence of justificatory Midrash the culmination of its development in Gemara in the fifth and sixth centuries and its continuation down through the ages David Weiss Halivni has given us a lucid and compelling picture of the several modes of rabbinic learning and disputation and their historical relation to one another

Jewish Law Annual (Vol 6) Bertrand Jackson, 2016-12-05 First Published in 1987 This is Volume six of the annual published under the auspices of the Institute of Jewish Law of the Boston University School of Law The symposium on the Philosophy of Jewish Law which forms the main content of both this and the next issue represents a major contribution to an area of investigation which has attracted increasing interest in recent years

Religion and Law Edwin Brown Firmage, Bernard G. Weiss, John Woodland Welch, 1990 The papers presented in this volume were originally presented at a conference entitled Religion and Law Middle Eastern Influences on the West sponsored by the Middle East Center of the University of Utah and the J Reuben Clark Law School at Brigham Young University The conference's aim was to explore the connection between religion especially biblical religion and law in the Ancient Middle East and to trace its development into the present The special status of Islamic law is treated in several articles

Ezekiel the Priest Terry J. Betts, 2005 As one of the most significant figures in ancient Israel the priest had numerous responsibilities the most important of which was the exposition of the Mosaic T r The ministry of Ezekiel a prophetic priest offers a glimpse of how one priest carried out his duties as a custodian of T r Ezekiel the Priest provides the possibility of a deeper understanding of the pastoral ministry of

priests as teachers of God's word during Old Testament times through the example of one ancient Israelite priest Justice and Compassion in Biblical Law Richard H. Hiers, 2009-12-14 The theory and praxis of biblical law in the historical and contemporary landscape of American law and culture is contentious and controversial Richard Hiers provides a new consideration of the subject with an emphasis upon the underlying justice and compassion implicit within Special consideration is given to matters of civil law the death penalty and due process An analysis of various biblical trial scenes are also included The book draws on and in turn relates to three areas of scholarship and concern biblical studies social ethics and jurisprudence legal theory Modern legal categories often illuminate the nature of biblical law for instance by distinguishing between inheritance and bequests or wills a distinction not found in traditional biblical commentaries and by identifying the meaning or function of biblical laws by using such categories as contract and tort law due process equal protection and social welfare legislation Several discussions throughout the book compare or contrast biblical laws with modern Anglo American law or social policies Each chapter begins with two or three relevant quotations one or two from biblical texts and sometimes from one or two relevant latter day sources notably Magna Carta the United States Constitution and writings by Ayn Rand and Robert Bellah Although modern law usually shows greater compassion biblical law often combines concern for both justice and compassion in ways that sometime provide grounds for critiquing modern counterparts Biblica: Vol.63 , **Empirical Models for Biblical Criticism** Jeffrey H. Tigay, 2005-10-21 Modern critical scholarship has concluded that the books of the Hebrew Bible have not reached us in their original form but are the products of lengthy evolution Many of these books are thought to combine the works of more than one author or age and to have undergone considerable revision Tigay and the other contributors use comparisons of various texts from ancient Mesopotamia and post exilic Israel Such comparisons show that the sort of development of biblical literature that nineteenth century critics were led to postulate from close study of the texts alone is characteristic of many ancient Near Eastern texts Empirical Models for Biblical Criticism is of value to scholars interested in the Old Testament as well as religion theology Jewish studies Near Eastern studies and comparative literature **Michal's Moral Dilemma** Jonathan Y. Rowe, 2011-06-21 Michal's Moral Dilemma proposes that attention should be paid to the moral goods that feature in the text before arguing that the family a central feature of Old Testament morality should be understood as a set of practices rather than an institution Jonathan Rowe discusses the use of models of social action to comprehend the social world of the Bible and suggests a modified version of Bakhtin's theory of heteroglossic voices can help readers appreciate how authors present a moral vision by approving some characters actions whilst undermining others The discussion of Michal's moral dilemma adduces anthropological theories and ethnographic data concerning violence lying and the relationship between fathers and daughters Given that the conflicts of moral goods are resolved by characters choosing to act in a certain way Rowe enquires after the author's assessment of each character's moral choices arguing that Michal's loyalty to David and deception of Saul

was counter cultural By approving of her choice the author affirms the importance of loyalty to the Davidic dynasty

Because I Am Compassionate David Nonnenmacher, 2025-10-07 All of the law collections in the ancient world both biblical and cuneiform promoted humanitarian values that is justice for the lawbreaker and mercy for the needy Scriptural passages advocating for the needs of the widow and the orphan for example find parallels within the prologues of their Near Eastern legal contemporaries What is it then that makes the law of the Israelites stand out as righteous among the law collections of the surrounding nations as its author Yhwh claims Deut 4 8 With special attention to the Book of the Covenant Exod 21 23 this study shows how biblical law possesses a unique inherent and innovative humanitarian outlook rooted in the compassionate character of Yhwh as modeled by his actions in the exodus narrative God's proclamation of compassion in Exod 22 26 27 serves as the initial focal point Each subsequent chapter zooms out further in scope Such compassion this study asserts not only establishes the basis for the Book of the Covenant's humanitarian values but also provides the motivation for its readers to live according to its directives

Leviticus Johnson M. Kimuhu, 2008 Whereas many books in this field deal with individual aspects or texts of the study of family laws Leviticus The Priestly Laws and Prohibitions from the Perspective of Ancient Near East and Africa examines extensively biblical texts ancient Near Eastern text and oral traditions from Africa Thus three different cultures converge the world of the Hebrew Bible the world of the ancient Near East and the world of Africa This volume examines in detail the history of the development of ancient laws in general and family laws in particular especially the laws relating to marriages between close relatives Furthermore Johnson M Kimuhu looks at prohibitions and taboos in Africa and the problems they pose with regard to the interpretation and translation of difficult biblical concepts into African languages In that sense Kimuhu provides an example of how to contextualize or integrate African traditions into the study of biblical Hebrew and he also offers insights into the current debate on the study of kinship from the point of view of social cultural anthropology and the Hebrew Bible legal system Teachers students and researchers in biblical studies ancient Near Eastern studies African traditions and social cultural anthropology will find this book helpful in their quest to understand family laws prohibitions and taboos

A History of Ancient Near Eastern Law Raymond Westbrook, Gary M. Beckman, 2003

Stories of the Law Moshe Simon-Shoshan, 2012-04-01 Winner of Honorable Mention in the Jordan Schnitzer Book Awards of the Association for Jewish Studies Moshe Simon Shoshan offers a groundbreaking study of Jewish law halakhah and rabbinic story telling Focusing on the Mishnah the foundational text of halakhah he argues that narrative was essential in early rabbinic formulations and concepts of law legal process and political and religious authority The book begins by presenting a theoretical framework for considering the role of narrative in the Mishnah Drawing on a wide range of disciplines including narrative theory Semitic linguistics and comparative legal studies Simon Shoshan shows that law and narrative are inextricably intertwined in the Mishnah Narrative is central to the way in which the Mishnah transmits law and ideas about jurisprudence Furthermore the Mishnah's stories are the locus around which the Mishnah both constructs and critiques its concept of the rabbis as the ultimate arbiters of Jewish law and practice In the second half of the book Simon Shoshan applies these ideas to close readings of individual Mishnaic stories Among these stories are some of the most famous narratives in rabbinic literature including those of Honi the Circle drawer and R Gamliel's Yom Kippur confrontation with R Joshua In each instance Simon Shoshan elucidates the legal political theological and human elements of the story and places them in the wider context of the book's arguments about law narrative and rabbinic authority Stories of the Law presents an original and forceful argument for applying literary theory to legal texts challenging the traditional distinctions between law and literature that underlie much contemporary scholarship

Polygamy in the Law of Moses Ryan Stephens, 2024-05-15 Polygamy in the Law of Moses argues that the Mosaic Law provides implicit support for polygamy as a licit practice in the Old Testament period This assertion is contrary to the claims of a number of contemporary influential scholars This book examines six key texts Exodus 21 7 11 Leviticus 18 18 Deuteronomy 17 17 21 15 17 22 23 29 and 25 5 10 Each of these key texts are contested by various scholars regarding their implications for understanding polygamy in the Hebrew Bible Ryan J Stephens provides an examination of each of these key texts as well as a critical interaction with and evaluation of counter claims made by scholars Stephens provides clarity to the discussion of polygamy in the Hebrew Bible in support of the view that polygamy was a licit practice in the Old Testament period
