Natural Grace:

Natural Grace Matthew Fox, 1997-08-18 The chasm between science and religion has been a source of intellectual and spiritual tension for centuries but in these ground breaking dialogues there is a remarkable consonance between these once opposing camps In Natural Grace Rupert Sheldrake and Matthew Fox show that not only is the synthesis of science and spirituality possible but it is unavoidable when one considers the extraordinary insights they have both come upon in their work Sheldrake who has changed the face of modern science with his revolutionary theory of morphic resonance and Fox whose work in creation spirituality has had a significant impact on people's sense of spirit balance each other with their unique yet highly complementary points of view In these inspired dialogues a variety of ancient topics including ritual prayer and the soul are freed from the past and given new power for the future in the liberated universe Fox and Sheldrake show us

Return to Good and Evil Henry T. Edmondson, 2005-04-05 Return to Good and Evil Flannery O'Connor's Response to Nihilism is a superb guide to the works of Flannery O'Connor and like O'Connor's stories themselves it is captivating provocative and unsettling Edmondson organizes O'Connor's thought around her principal concern that with the nihilistic claim that God is dead the traditional signposts of good and evil have been lost Edmondson's book demonstrates that the combination of O'Connor's artistic brilliance and philosophical genius provide the best response to the nihilistic despair of the modern world a return to good and evil through humility and grace *The Bride of the Lamb* Sergius

Bulgakov, 2001-10-31 Sergius Bulgakov is thought by many to be the twentieth century's foremost Russian Orthodox theologian The Bride of the Lamb is widely regarded as Bulgakov's magnum opus and even more as one of the greatest works ever produced in the modern Orthodox church This book is now available in English thanks to esteemed translator Boris Jakim along with an introduction to Bulgakov and his theological context For readers new to Russian religious thought The Bride of the Lamb presents a fresh approach to Christian doctrine Bulgakov examines issues of ecclesiology and eschatology from a sophiological perspective This distinctive Russian approach based on the doctrine of Sophia the wisdom of God sees the Creator and creation intimately linked as Divine humanity The Bride of the Lamb explores the nature of created beings the relationship between God and the world the role of the church and such eschatological themes as the second coming of Jesus resurrection and judgment and the afterlife *Nature's Primal Self* Nam T. Nguyen, 2011-01-01 The underlying theme

of this book is the analysis of Corrington's ecstatic naturalism as a breakthrough movement that combines the fields of semiotics theology depth psychology and philosophy in a new metaphysics of nature Ecstatic naturalism provides a viable alternative to Peirce's semiotic conception of the self and to Jaspers' existential elucidation of Existenz **Deep Pantheism**

Robert S. Corrington, 2015-12-09 This book is a study in a new form of religious naturalism called Deep Pantheism which has roots in American Transcendentalism but also in phenomenology and Asian thought It argues that the great divide within nature is that between nature naturing and nature natured the former term defined as Nature creating itself out of itself

alone while the latter term defined as The innumerable orders of the World Explorations are made of the connections among the unconscious of nature the archetypes and the various layers of the human psyche The Selving process is analyzed using the work of C G Jung and Otto Rank Evolution and involution are compared as they relate to the Encompassing and the priority of art over most forms of religion is argued for *Nature's Self* Robert S. Corrington,1996 The drama of the unfolding of the spirit Corrington argues is one of the most powerful struggles within the human process The spirit is in and of nature and can never lift the self outside of nature For Corrington s ecstatic naturalism there is no realm of the supernatural only dimensions and orders within nature **Wisdom from Above** Aidan Nichols,2005 Sergei Bulgakov born in Russia in 1871 was one of the principal Eastern theologians of the twentieth century At the age of thirty he was appointed professor of political economy at the University of Kiev After a crisis of faith Bulgakov declared himself an unbeliever in 1888 but in a slow process he moved from Marxism to Idealism and then from Idealism to a rediscovered Orthodoxy By the time of the two Revolutions of 1917 Bulgakov was one of the best known Orthodox theologians in Russia In 1918 he was ordained priest and fled Moscow in danger of imminent arrest Arriving in Paris in 1925 he was to live and work there until his death in 1944 his life inextricably bound up with the Russian theological institute Saint Serge of which he was a founder member and subsequent professor rector and dean In this timely work Aidan Nichols introduces the life and work of Bulgakov and provides a systematic presentation of his dogmatic theology The present book has appeared at exactly the right moment Alike in Russia and in the West we are witnessing a veritable Bulgakov renaissance this is the first comprehensive and systematic survey of his theology in English Bishop Kallistos of Diokleia As research on Bulgakov by Catholics and Protestants as well as Orthodox grows in volume it is a great help to have this authoritative comprehensive guide I hope it will encourage further study and assimilation of one of the most searching and moving as well as one of the most complex of modern theological minds Dr Rowan Williams Archbishop of Canterbury Aidan Nichols OP is an English Dominican of Blackfriars Cambridge He has written thirty books chiefly on aspects of Catholic theology and theological history but also on Eastern Orthodoxy and Anglicanism **Encyclopedia of Catholicism** Frank K. Flinn,2007 Covers the key people movements institutions practices and doctrines of Roman Catholicism from its earliest origins R sum de l diteur
