Dionysius and the City of Rome Beatrice Poletti, 2023-10-15 In *Dionysius and the City of Rome* Portraits of Founders in the Roman Antiquities Beatrice Poletti examines Dionysius of Halicarnassus' description of figures traditionally regarded as the founders of the political and religious institutions of Rome She considers the function of each of them in the narrative development of the Roman Antiquities to show how Dionysius portrayed legendary Roman characters for an empire-wide Greek-speaking audience and how such portraits served his historiographical and pedagogical aims The literary work of Dionysius represents a milestone in the contemporary discourse about Greek and Roman identities Dionysius composed a history of Rome from the aftermath of the Trojan War to the outbreak of the First Punic War aiming to reconcile Greek intellectual opposition to Rome with Roman domination by demonstrating that the Romans were originally Greek and lived by Greek moral principles He also

intended his history as exemplary by offering his readers models of good leadership through his characters The author contextualizes Dionysius effort within the cultural and political climate of Augustan Rome to illustrate the extent of contemporary influences on Dionysius project

Numa's Vision Nicholas Michels,1899 *Unburied Bodies* James R. Martel,2018-11-16 The human body is the locus of meaning personhood and our sense of the possibility of sanctity The desecration of the human corpse is a matter of universal revulsion taboo in virtually all human cultures Not least for this reason the unburied corpse quickly becomes a focal point of political salience on the one hand seeming to express the contempt of state power toward the basic claims of human dignity while on the other hand simultaneously bringing into question the very legitimacy of that power In *Unburied Bodies Subversive Corpses and the Authority of the Dead* James Martel surveys the power of the body left unburied to motivate resistance to bring forth a radically new form of agency and to undercut the authority claims made by state power Ranging across time and space from the battlefields of ancient Thebes to the streets of Ferguson Missouri and taking in perspectives from such writers as Sophocles Machiavelli Walter Benjamin Hannah Arendt James Baldwin Judith Butler Thomas Lacqueur and Bonnie Honig Martel asks why the presence of the abandoned corpse can be seen by both authorities and protesters as a source of power and how those who have been abandoned or marginalized by structures of authority can find in a lifeless body fellow accomplices in their aspirations for dignity and humanity
