Speusippus Giulia De Cesaris, 2025-03-25 This volume, the first devoted specifically to Speusippus in English, offers a new picture of Speusippus' philosophy via an in-depth analysis of the testimonia preserved by Aristotle. The book develops a new methodology for understanding the evidence concerning authors of the Early Academy. Speusippus, in particular, providing a fresh assessment of the initial phase of Platonism, which calls into question the long-held view that Speusippus was a distinct outlier among Platonists. By reconstructing discussions within the Academy, looking at Aristotle, especially, we can better understand the presence of Speusippus' doctrinal deviation from or preservation of Plato's doctrine as the effort of a genuine Platonist, the first to reshape his Platonic credentials in the backdrop of Aristotle's critiques. In offering a new reconstruction of the philosophical views of Speusippus, the book provides new points of departure for research on the Early Academy and challenges previous ideas regarding the early development of Platonism. *Speusippus: A Forgotten Voice of Platonism* is of interest to students and

scholars of Speusippus as well as those working on Platonism the Academy and ancient philosophy more broadly
