concept of name vibrations the Numeroscope a numerologist's greatest tool understanding others through numerology using famous figures throughout history as examples and applying this knowledge to your daily life *Vibration (1913)* L. Dow Balliett, 2005-01-01 Ever since the middle of VI Century B C When Pythagoras gave to the ancient Greeks his system of numbers each succeeding generation has been attracted more or less to his theory principally through his grand conception of the Music of the Spheres All the way down the ages each generation has regarded the idea as interesting but fanciful There are some who know it is true As we understand the teaching of the old master all things are in a vibratory condition the higher the rate of vibration the more spirit force an object contains and the more positive it is in its nature the slower the rate of vibration the less force it contains and the more negative it is in its action Everything from a grain of sand to a man is vibrating at its own rate and round its own center which is its keynote As each object seeks its own so everything both great and small has found its place in the great chorus of nature God's choir The Science of Numerology Through the Law of Vibration J.S. Laurie, 1946 *The Everything Numerology Book* Ellae Elinwood, 2011-12-15 How can the number six help soothe your spirit Why does a person whose name begins with the letter U have such a warm smile What do numbers tell you about the person you should marry As readers discover in *The Everything Numerology Book* every number is alive a living energy source flowing from and into infinity that carries both positive and negative characteristics As numerologists know numbers can help us learn more deeply about our own gifts and recognize those we never knew we had Find out what the numbers in your life say about your role in the universe *Numerology* Pari Sagar, 2020-06-23 Like musical notes numbers are the vibration in the universe and have their own tones and frequencies Each number has a specific value that has a cosmic vibration Numerology is the science of numbers in your life that can be used as a powerful tool to explore and discover your own potential and destiny All numbers are important and play a vital role in your universe This book is an opportunity to understand your own personality cultivate your strengths and overcome your weakness Based on her research of past several years numerologist and intuitive reader Pari Sagar also an artist offers a simple guide for those who want to understand numerology and use it to live a more successful life **The Science of Numerology** Walter Brown Gibson, 1927
