## **Nun On Leave:**

The Existential Self in Society Joseph A. Kotarba, Andrea Fontana, 1987-07-28 The Existential Self in Society explores the ways in which we experience and shape our individuality in a rapidly changing social world Kotarba and Fontana have gathered eleven original essays that form an exciting contribution and an ideal introduction to the emerging field of existential sociology

**Contemporary Coptic Nuns** Pieternella van Doorn-Harder, 1995 A rare and engaging encounter with Egyptian cloistresses Contemporary Coptic Nuns reveals a world rarely seen by outsiders the world of nuns who worship and serve as part of the largest community of indigenous Christians in the Middle East One of the few people unaffiliated with the Egyptian Coptic Orthodox Church to observe these women Pieternella van Doorn Harder offers a compelling portrait of the nuns who devote their lives to this conservative faith Van Doorn Harder traces the current vitality of the Coptic monastic tradition to a church wide renaissance of the mid twentieth century She credits Coptic mother superiors with harnessing the revival s energy to usher in an era of expanded opportunity for Egyptian Christian women At that time they transformed convents into centers of Coptic faith and culture and began providing pastoral educational and medicinal services to the community In depicting the nuns daily lives van Doorn Harder describes their work their role in the Coptic resurgence their influence on the Coptic laity and their position in the larger Islamic society In presenting their spiritual lives she attests to the vigor of their prayer fasting and devotions as well as to their spiritual gifts which include clairvoyance intercession and healing

Stripping the Veil Marjorie Elizabeth Plummer, 2022-03-31 Protestant nuns and mixed confessional convents are an unexpected anomaly in early modern Germany According to sixteenth century evangelical reformers theological positions outlined in their publications and reform minded rulers institutional efforts monastic life in Protestant regions should have ended by the mid sixteenth century Instead many convent congregations exhibiting elements of traditional and evangelical practices in Protestant regions survived into the seventeenth century and beyond How did these convents survive What is a Protestant nun How many convent congregations came to house nuns with diverse belief systems and devotional practices and how did they live and worship together These questions lead to surprising answers Stripping the Veil explores the daily existence ritual practices and individual actions of nuns in surviving convents over time against the backdrop of changing political and confessional circumstances in Protestant regions It also demonstrates how incremental shifts in practice and belief led to the emergence of a complex often locally constructed devotional life This continued presence of nuns and the survival of convents in Protestant cities and territories of the German speaking parts of the Holy Roman Empire is evidence of a more complex lived experience of religious reform devotional practice and confessional accommodation than traditional histories of early modern Christianity would indicate The internal differences and the emerging confessional hybridity blending and fluidity also serve as a caution about designating a nun or groups of nuns as Lutheran Catholic or Reformed or even more broadly as Protestant or Catholic during the sixteenth

century **Rebellious Nuns** Margaret Chowning, 2006 Nuns are hardly associated with rebellion and turmoil However convents have often been the scenes of conflict and the author has discovered documents that allow an intimate look at two crises that destroyed a convent in Mexico Chowning highlights the complicated dynamics of having committed your life to God and community **Medieval English Nunneries c. 1275 to 1535** Eileen Power, 2019-11-21 Eileen Power's *Medieval English Nunneries c. 1275 to 1535* offers a groundbreaking exploration of the socio economic and spiritual lives of English nuns during a transformative period in medieval history Power meticulously examines a wealth of primary sources blending rigorous historical analysis with vivid narrative flair to illuminate the complex roles that nunneries played in their communities Through her discerning lens she captures the tensions between monastic life and the encroaching influences of the Reformation situating the nuns not merely as passive agents but as active participants in contextual power dynamics particularly in the face of an evolving England Eileen Power a pioneer in the field of women's history and medieval studies draws on her extensive academic background and personal passion for uncovering women's stories often overlooked in traditional historiography Her commitment to enriching the understanding of medieval women is evident in her relentless pursuit of archival research and her efforts to weave these narratives into the broader historical tapestry of the era Power's scholarship often reflects her progressive views on women's agency providing context to her focus on nunneries as vibrant social structures rather than mere religious refuges This book is essential for historians scholars and readers interested in medieval studies women's history and religious life Power's eloquent prose and meticulous research make her findings accessible encouraging readers to reconsider the roles of women in history *Medieval English Nunneries* is not just a scholarly resource it is a compelling narrative that invites readers to engage with the past in profound and meaningful ways

Charles Dudley Warner,Hamilton Wright Mabie,Lucia Isabella Gilbert Runkle,George Henry Warner,1897      **Daily Life**  
**Depicted in the Cantigas de Santa Maria** John E. Keller,Annette Grant Cash,2021-10-21 The hundreds of illuminated  
miniatures found in the Cantigas de Santa Maria sponsored by King Alfonso X 1252-84 reveal many vistas of daily life in  
thirteenth century Spain No other source provides such an encyclopedic view of all classes of medieval European society  
from kings and popes to the lowest peasants Men and women are seen farming hunting on pilgrimage watching bullfights in  
gambling dens making love tending silkworms eating cooking and writing poetry to name only a few of the human activities  
represented here Combining keen observation of detail with years of experience in the field John Keller and Annette Grant  
Cash bring to life a world previously little explored      **The Escaped Nun** Josephine M. Bunkley,1855      United States  
Coast Pilot U.S. Coast and Geodetic Survey,1913
