The Soviet Sixties Robert Hornsby, 2023-01-01 The story of a remarkable era of reform controversy optimism and Cold War confrontation in the Soviet Union Beginning with the death of Stalin in 1953 the sixties era in the Soviet Union was just as vibrant and transformative as in the West The ideological romanticism of the revolutionary years was revived with renewed emphasis on egalitarianism equality and the building of a communist utopia Mass terror was reined in great victories were won in the space race Stalinist cultural dogmas were challenged and young people danced to jazz and rock and roll Robert Hornsby examines this remarkable and surprising period showing that even as living standards rose aspects of earlier days endured Censorship and policing remained tight and massacres during protests in Tbilisi and Novocherkassk alongside invasions of Hungary and Czechoslovakia showed the limits of reform The rivalry with the United States reached perhaps its most volatile point friendship with China turned to bitter enmity and global decolonization opened up new horizons for the USSR in the developing world These tumultuous years transformed the lives of Soviet citizens and helped reshape the wider world

The Dancer Defects David Caute, 2003-09-04 The cultural Cold War between the Soviet Union and the West was without precedent At the outset of this original and wide ranging historical survey David Caute establishes the nature of the

extraordinary cultural competition set up post 1945 between Moscow New York London and Paris with the most intimate frontier war staged in the city of Berlin Using sources in four languages the author of *The Fellow Travellers* and *The Great Fear* explores the cultural Cold War as it rapidly penetrated theatre film classical music popular music ballet painting and sculpture as well as propaganda by exhibition Major figures central to Cold War conflict in the theatre include Brecht Miller Sartre Camus Havel Ionesco Stoppard and Konstantin Simonov whose inflammatory play *The Russian Question* occupies a chapter of its own based on original archival research Leading film directors involved included Eisenstein Romm Chiaruelli Aleksandrov Kazan Tarkovsky and Wajda In the field of music the Soviet Union in the Zhdanov era vigorously condemned modernism formalism and the avant garde A chapter is devoted to the intriguing case of Dmitri Shostakovich and the disputed authenticity of his autobiography *Testimony* Meanwhile in the West the Congress for Cultural Freedom was sponsoring the modernist composers most vehemently condemned by Soviet music critics Stravinsky Schoenberg Hindemith among them Despite constant attempts at repression the Soviet Party was unable to check the appeal of jazz on the Voice of America then rock music to young Russians Visits to the West by the Bolshoi and Kirov ballet companies the pride of the USSR were fraught with threats of cancellation and the danger of defection Considering the case of Rudolf Nureyev Caute pours cold water on overheated speculations about KGB plots to injure him and other defecting dancers Turning to painting where socialist realism prevailed in Russia and the impressionist heritage was condemned Caute explores the paradox of Picasso's membership of the French Communist Party Re-assessing the extent of covert CIA patronage of abstract expressionism Pollock De Kooning Caute finds that the CIA's role has been much exaggerated likewise the dominance of the New York School Caute challenges some recent one-dimensional American accounts of Cold War culture which ignore not only the Soviet performance but virtually any cultural activity outside the USA The West presented its cultural avant garde as evidence of liberty even through monochrome canvases and dodecaphonic music appealed only to a minority audience Soviet artistic standards and teaching levels were exceptionally high but the fear of freedom and innovation virtually guaranteed the moral defeat which accelerated the collapse of the Soviet Union

The Odyssey of Communism Michaela

Praisler, Oana-Celia Gheorghiu, 2021-05-14 This volume looks into the ways in which film has contaminated and re-shaped culture's and the collective unconscious at both local and global levels arguing that our lives have been impacted by the then that we keep revisiting lest we forget It takes the reader from the Berlin Wall to China and from the terror of communist political prisons and labour camps to the rosy image promoted by propaganda A key point throughout the text is its interdisciplinary nature as it brings together literature and film scholars directors sociologists and philosophers whose overall conclusion is that communism lingering in mentalities still needs interrogation Structured along four parts which trace a Homeric or rather Joycean journey to a home metonymised by the long-awaited freedom this book sets out from the gloomiest aspects of totalitarianism in the Romanian Serbian and Soviet Hadeses of traumatic psychological and physical

experiences and of imposed silencing The second part gathers together case studies of films illustrating more optimistic views of communism as spring in the USSR or as a golden age in Romania thus narcotising the communist subjects and preventing them from seeing the actual inferno The third section offers filmic accounts of the aftermaths of communism engaging the readers in a nostalgic process that revisits questions reflects on and remembers communism on a larger world stage The coda rounds up the volume and the journey therein by crossing genre frontiers to written narratives with a cinematic component
