## **Nurturing Development Aid And Cooperation In Todays Changing World:**

*Aid* John Degenbol-Martinussen, Poul Engberg-Pedersen, 2003 This is the most comprehensive and up to date analysis of the global aid scene  
*Development Cooperation and Emerging Powers* Sachin Chaturvedi, Thomas Fues, Elizabeth Sidiropoulos, 2012-05-10 The current framework of development cooperation is dominated by the experiences of industrialized countries But emerging economies have begun to accelerate their own development programmes and attempts to bring them into existing aid models have been met with caution and reservation This expert topical volume explores the development policies of Brazil China India Mexico and South Africa analysing how South South cooperation has evolved and where it differs from traditional development cooperation This vital new collection brings together first hand experience from these countries to provide a forward looking analysis of the current global architecture of development cooperation and of the possible convergence of traditional and emerging development actors  
**The World Bank and Social**

**Transformation in International Politics** David Williams, 2012-08-21 In the 1990s the World Bank changed its policy to take the position that the problems of poverty and governance are inextricably linked and improving the governance of its borrower countries became increasingly accepted as a legitimate and important part of the World Bank's development activities This book examines why the World Bank came to see good governance as important and evaluate what the World Bank is doing to improve the governance of its borrower countries David Williams examines changing World Bank policy since the late 1970s to show how a concern with good governance grew out of the problems the World Bank was experiencing with structural adjustment lending particularly in Sub Saharan Africa The book provides an account of the early years of the World Bank and traces the increasing acceptance of the idea of good governance within the Bank through the 1990s while systematically relating the policies of good governance to liberalism The author provides a detailed case study of World Bank lending to Ghana to demonstrate what the attempt to improve governance looks like in practice Williams assesses whether the World Bank has been successful in its attempts to improve governance and draws out some of the implications of the argument for how we should think about sovereignty for how we should understand the connections between liberalism and international politics This book will be of interest to students and scholars of international relations politics economics development and African studies  
**Partnerships for Global Ecosystem Management** Ismail

Serageldin, Joan Martin-Brown, 1999 The theme for the fifth annual Environmentally and Socially Sustainable Development Conference was the scientific legal and economic requirements of global ecosystem management This volume presents readings and examines the outcomes from this conference The objectives were to engage external experts and Bank managers and staff to provide a unique opportunity for major professional groups to interact on the requirements to link scientific economic and legal solutions for global ecosystem management at the country level and to promote understanding as to how best practice and innovations can be used for shared ecosystem management in sustainable development planning
