April Carter

Nye Bevan And The Mirage Of British Socialism:

Nye Bevan and the Mirage of British Socialism John Campbell, 1987 *Aneurin Bevan and the Mirage of British Socialism* John Campbell, 1987 *The Formulation of British Defense Policy Towards the Middle East, 1948-56* David R Devereaux, 1990-11-19 **A Green History of the Welfare State** Tony Fitzpatrick, 2017-03-16 Environmental problems particularly climate change have become increasingly important to governments and social researchers in recent decades. Debates about their implications for social policies and welfare reforms are now moving towards centre stage. What has been missing from such debates is an account of the history of the welfare state in relation to environmental issues and green ideas. *A Green History of the Welfare State* fills this gap. How have the environmental and social policy agendas developed? To what extent have welfare systems been informed by the principles of environmental ethics and politics? How effective has the welfare state been at addressing environmental problems? How might the history of social policies be reimagined? With its lively chronological narrative, this book provides answers to these questions. Through overviews of key periods, politicians and reforms, the book weaves together a range of subjects into a new kind of historical tapestry, including social policy, economics, party politics, government action and legislation, and environmental issues. This book will be a valuable resource for students and scholars of environmental policy and history, social and public policy, social history, sociology, and politics. *The Great Alliance* Jim Phillips, 1996 Reappraising the character of Britain's most successful Labour government, the author provides a study of the Great Alliance between the Labour Party and the trade unions during the post-war period. It reveals that the failure of Attlee's government to support the demands of the workers for increased wages and work security in favour of the demands of the financial markets undermined the popularity of the Labour Party that had swept them to power in 1945.

The Labour Party, Housing and Urban Transformation Phil Child, 2024-05-16 *The Labour Party Housing and Urban Transformation* explores how the urban transformation of Britain between 1945 and 1970 was understood politically by the Labour Party. Placing the Labour Party at the centre of the discussion, the book covers the most extensive period of state-led urban change in British history, from the end of the Second World War to the decline of high modernism in the late 1960s. Taking a particular focus on housing to explore the implementation of modernist ideas to drive a far-ranging process of urban transformation in Britain, it challenges conventional understandings of Labour's urban legacy and puts political ideas at the heart of twentieth-century change. Utilising a breadth and range of material, including two distinct sets of archival sources, published secondary material, national legislation, and Housing Acts, and various case studies, Child moves seamlessly between the national picture and its local impacts. It also draws from sources which had a crucial influence on political thinking throughout the mid-twentieth century to understand how urban transformation represented for Labour a political vision of the future. A timely contribution both to urban history and to the history of post-war Britain, it challenges existing interpretations of modernism, connects urban change to the political ideas that drove it, and allows us to comprehend the

state of urban Britain today **Attlee's Labour Governments 1945-51** Robert Pearce, 2006-04-07 The Labour governments of 1945-51 are among the most important and controversial in modern British history and have been the focus of extensive research over the last fifteen years. In this study Robert Pearce makes the results of this research available in a concise and accessible form whilst encouraging students to formulate their own interpretations. He looks at the main political personalities of the period, sets their work in the context of Labour history since 1900 and examines their domestic, foreign and imperial achievements.

Peace Movements: International Protest and World Politics Since 1945 April Carter, 2014-09-11 There is a long tradition of opposition to war and organized peace campaigns date from 1815. Since 1945, however, modern weapons technology has threatened world-wide destruction and has stimulated widespread protests. This book sketches in the background of thinking about peace and resistance to war before 1945 and then examines how public opposition to nuclear weapons and testing grew in the 1950s and early 1960s. Later chapters cover the major resurgence of nuclear disarmament campaigns in the 1980s. The book also looks at how peace protest has spread from its origins in North America and North West Europe to embrace many parts of the world. Opposition to nuclear testing has indeed been particularly strong in Japan, Australia, New Zealand and the Pacific islands. The period 1945 to 1990 was dominated by the Cold War between the USA and USSR and the role of the Soviet-sponsored World Peace Council caused difficulties for independent peace groups in the West. During the 1980s the emergence of autonomous peace activity in a number of East European countries and even on a very small scale in the USSR itself transformed the possibilities for East-West co-operation between citizens to urge disarmament and political change. A chapter examines these developments. Opposition to all forms of militarism has spread in the last 30 years. This book charts the struggles to extend the right to conscientious objection to military service and draft resistance to particular wars, for example in Southern Africa and Israel. It also looks in some detail at the growing opposition to the war in Vietnam. The recent protests against the Gulf War are surveyed briefly in an epilogue.

Health and Society in Twentieth Century Britain Helen Jones, 2014-01-14 Few things tell us more of a nation's general well-being than the development of the life expectancy of its citizens, the rising standards of health that they come to demand and how evenly that improvement is shared throughout society. Helen Jones examines the record of twentieth-century Britain in these respects. She has much heartening progress to record, yet stark inequalities remain. Her book is thus both a review of and contribution to the current debates over gender, class and ethnic inequalities in standards of health in Britain today.

The Labour Party and the Planned Economy, 1931-1951 Richard Toye, 2003 An exploration of Labour's 1931 pledge to create a planned socialist economy and the reasons for its failure to do so. In the general election of 1931 the Labour Party campaigned on the slogan 'Plan or Perish'. The party's pledge to create a planned socialist economy was a novelty and marked the rejection of the gradualist evolutionary socialism to which Labour had adhered under the leadership of Ramsay MacDonald. Although heavily defeated in that election, Labour stuck to its commitment. The Attlee government

came to power in 1945 determined to plan comprehensively Yet the aspiration to create a fully planned economy was not met This book explores the origins and evolution of the promise in order to explain why it was not fulfilled RICHARD TOYE lectures in history at Homerton College Cambridge Political Power and Democratic Control in Britain David Beetham, Stuart Weir, 2002-09-11 Democratic Institutions and Practices is the second study carried out under the Democratic Audit of the UK This volume explores the formal institutions and processes of the liberal democratic state including the executive elections parliament and the civil service *Britain, The Commonwealth and Europe* A. May, 2015-12-22 Britain's loss of its empire and its turn to Europe are the two most striking features of its foreign policy in the thirty years after 1945 The contributors to this book examine the connection between the two processes Utilizing a range of sources the authors challenge conventional interpretations of the connection and in doing so raise important questions about the nature motivation and effects of British policy **Devolution and social citizenship in the UK** Greer, Scott L., 2009-01-21 Most of the expansive literature on social citizenship follows its leading thinker T H Marshall and talks only about the British state often referring only to England But social citizenship rights require taxation spending effective public services and politics committed to them They can only be as strong as politics makes them That means that the distinctive territorial politics of the UK are reshaping citizenship rights as they reshape policies obligations and finance across the UK This timely book explores how changing territorial politics are impacting on social citizenship rights across the UK The contributors contend that whilst territorial politics have always been major influences in the meaning and scope of social citizenship rights devolved politics are now increasingly producing different social citizenship rights in different parts of the UK Moreover they are doing it in ways that few scholars or policymakers expect or can trace Drawing on extensive research over the last 10 years the book brings together leading scholars of devolution and citizenship to chart the connection between the politics of devolution and the meaning of social citizenship in the UK The first part of the book connects the large and largely distinct literatures on citizenship devolution and the welfare state The empirical second part identifies the different issues that will shape the future territorial politics of citizenship in the UK intergovernmental relations and finance policy divergence bureaucratic politics public opinion and the European Union It will be welcomed by academics and students in social policy public policy citizenship studies politics and political science *In search of social democracy* John Callaghan, Nina Fishman, Ben Jackson, Martin McIvor, 2017-05-26 The search for social democracy has not been an easy one over the last three decades The economic crisis of the 1970s and the consequent rise of neo liberalism confronted social democrats with difficult new circumstances tax resistant electorates the globalisation of capital and Western deindustrialisation In response a new bout of ideological revisionism consumed social democratic parties But did this revisionism simply amount to a neo liberalisation of the Left or did it propose a recognisably social democratic agenda Were these ideological adaptations the only feasible ones or were there other forms of modernisation that might have yielded greater strategic dividends for the Left Why did some

social democratic parties feel it necessary to take their revisionism much further than others In search of social democracy brings together prominent scholars of social democracy to address these questions Focusing on the social democratic heartland of Western Europe although Australia and the United States also figure in the analysis it gives the first detailed assessment of how the new social democratic revisionism has fared in government The book begins by considering the underlying causes of the end of social democracy's golden age and the magnitude of the challenges faced by social democratic parties after the 1970s It then proceeds to examine detailed case studies of how particular social democratic parties responded to this changed political terrain Finally it contributes to a broader conversation about the future of social democracy by considering ways in which the political thought of third way social democracy might be radicalised for the twenty first century The contributors offer a variety of perspectives some are sceptical of social democracy's prospects others more sanguine some supportive of the performance of social democratic parties in government others bitingly critical But they are united by the conviction that the themes addressed in this book are crucial to understanding the current politics of the industrialised world and in particular to determining the feasibility of more egalitarian and democratic social outcomes than have been possible so far in the era of neo liberalism An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence

The Postwar Moment Isser Woloch, 2019-01-22 An incisive comparative study of the development of Post World War II progressive politics in the United States Britain and France After the end of World War II Britain France and the United States were faced with two very different choices return to the civic order of pre war normalcy or embark instead on a path of progressive transformation In this ambitious and original work Isser Woloch assesses the progressive agendas that crystalized in each of the three allied democracies tracing their roots in the interwar decades their development during wartime the struggles to establish them after the war's end and the mixed outcome in each country A fellow of the Guggenheim Foundation the National Endowment for the Humanities and the Institute for Advanced Study at Princeton Woloch is a highly regarded scholar who adds the United States to a discussion that is usually focused solely on Europe His enlightening work successfully argues that the postwar moment deserves a more prominent place in the history of progressive politics

Social Orders and Social Classes in Europe Since 1500 M. L. Bush, 2014-07-15 This pioneering survey evaluates the notions of class and order throughout European history since 1500 After a general theoretical section on the concept of orders and class the book provides discussions and case studies of the nobility the clergy the middle classes and the rural and urban proletariat The studies are drawn from all over Europe from early modern Castile to late Tsarist Russia Contributors include Peter Burke Stuart Woolf A A Thompson and Joseph Bergin

A Treatise on Social Theory Walter Garrison Runciman, 1997-08-28 In this concluding volume of his trilogy on social theory W G Runciman applies to the case of twentieth century English society the methodology distinguishing reportage explanation description and evaluation and theory of the preceding two volumes Volume III shows how England's capitalist mode of

production liberal mode of persuasion and democratic mode of coercion evolved in the aftermath of the First World War from what they had been since the 1880s but then did not in turn evolve significantly following the Second World War The explanation rests on an analysis of the selective pressures favouring some economic ideological and political practices over others in an increasingly complex environment neither predictable nor controllable by policy makers This is supported by a graphic account of the changes themselves and how they were experienced by different segments of English society

The People's Peace Kenneth O. Morgan, 2021-07-29 The People's Peace Britain since 1945 is the first comprehensive study by a professional historian of British history from 1945 to the present day It examines the transformation of post war Britain from the planning enthusiasm of 1945 to the rise of New Labour Its themes include the troubles of the British economy public criticism of the legitimacy of the state and its instruments of authority the co existence of growing personal prosperity with widespread social inequality and the debates aroused by decolonization and Britain's relationship to the Commonwealth the US and Europe Changes in cultural life from the puritanical austerity of the 1940s through the permissiveness of the 1960s to the tensions and achievements of recent years are also charted Using a wide variety of sources including the records of political parties and the most recently released documents from the Public Records Office Kenneth Morgan brings the story right up to date and draws comparisons with the post war history of other nations This penetrating analysis by a leading twentieth century historian will prove invaluable to anyone interested in the development of the Britain of today

The Wilson Governments 1964-1970 Reconsidered Glen O'Hara, Helen Parr, 2014-01-02 This book provides a fascinating reassessment of our view of the Wilson governments of 1964-1970 This new text draws on newly available sources across the range of British government and for the first time looks at the whole range of political and state activity This critical appraisal provides a fascinating case study of British government in action in this key period of British History This book was previously published as a special issue of the leading journal Contemporary British History It is an excellent resource for students of governance foreign policy economics and social policy

Design and Cultural Politics in Postwar Britain Patrick Maguire, Jonathan Woodham, 1997-01-01 Nine essays and a collection of documents intended as a working tool for students of the post war period and in particular of design within the period They discuss the textiles pottery and furniture industries in terms of the shifts in meaning and location during the transition from highly controlled wartime production to the more market based structure that would become characteristic after the immediate reconstruction Among the specific topics are the place of the exhibition in the history of design patriotism politics and production adapting utility furniture to peace time production and aesthetic idealism and economic reality Distributed in the US by Books International The CiP data shows the main title as Popular Politics and Design in Post War Britain Annotation copyrighted by Book News Inc Portland OR

Nye Bevan And The Mirage Of British Socialism Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Nye Bevan And The Mirage Of British Socialism PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge

promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Nye Bevan And The Mirage Of British Socialism PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Nye Bevan And The Mirage Of British Socialism free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Nye Bevan And The Mirage Of British Socialism Books

1. Where can I buy Nye Bevan And The Mirage Of British Socialism books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
