Humility in the Writings of Charles Wesley and the Early Church

Fathers/Mothers S T Kimbrough, 2024-09-19 Humility is a central focus of the early church fathers mothers Similarly it is at the heart of Charles Wesley s thought expressed in his poetry sermons and journal For Wesley humility plays an active role in the process of salvation It can but lead to faith he says For the fathers mothers of the early church salvation void of humility is unthinkable For Wesley the words humble and humility pervade almost every aspect of Christian character personality and experience A careful examination of Wesley s writings reveals congruences with and a close relationship to the thought of the early church fathers and mothers on the subject of humility Throughout this study examples from witnesses of the Eastern church emphasize the closeness of their thought with that of Charles Wesley A careful comparative study is made of St Basil the Great s Homily on Humility and Wesley s multiple references to humility in prose and poetry This leads to an interesting response to the question How does one practice humility St Basil says Everything that Christ did was a lesson in humility This study suggests that in the cycle of the Christian year and the liturgical rehearsal of everything that Christ did one learns to practice humility

published here for the first time This book includes a detailed 4 000 year chronology illustrations extensive bibliography and an appendix listing the current canonical patriarchs and autocephalous churches **Material Eucharist** David Grumett,2016-09-22 Material Eucharist interprets the Eucharist through its material elements of bread and wine Drawing upon a rich variety of biblical patristic medieval and modern texts and traditions David Grumett brings together theological reflection and liturgical action and shows their mutual dependence For both theologians and liturgists a central concern is the matter out of which the created order has been made from which issues of community and social justice are inseparable The ingredients of bread and wine anticipate in their harvesting and manufacture the formal church liturgy which is extended back into the world by the transformative priestly action of laypeople Indeed the transforming presence of Christ in the Eucharist as flesh and substance is theologically grounded in his transformative presence in the wider created order as expressed in eucharistic giving and exchange between churches and their wider communities Rooting the Eucharist in materiality suggests its primary context to be the death and resurrection of Christ in the power of the Spirit in which its recipients may share The many aspects of theology and liturgy with which the book deals have large implications for how the Eucharist is understood in a range of academic disciplines and for how it is celebrated in churches today **NPNF1-09.
