Manning Marable

On The Side Of My People A Religious Life Of Malcolm X:

On the Side of My People Louis A. DeCaro, 1996 Recounts the life of Malcolm X places it in the context of Black nationalist religion and describes his conversions to the Black Muslim faith and to orthodox Islam and their effects on his teachings

On the Side of My People Louis A. DeCaro, 1996 The mythic figure of Malcolm X conjures up a variety of images black nationalist extremist civil rights leader hero But how often is Malcolm X understood as a religious leader a man profoundly affected by his relationship with Allah During Malcolm s life and since the press has focused on the Nation of Islam s rejection of integration offering an extremely limited picture of its ideology and religious philosophy Mainstream media have ignored the religious foundation at the heart of the Nation and failed to show it in light of other separatist religious movements With the spirituality of cultic black Islam unexplored and the most controversial elements of the Nation exploited its most famous member Malcolm X became one of the most misunderstood leaders in history In *On the Side of My People* Louis A DeCaro Jr offers the first book length religious treatment of Malcolm X Malcolm X was certainly a political man Yet he was also a man of Allah struggling with his salvation OCoas concerned with redemption as with revolution Drawing on a wide variety of sources including extensive interviews with Malcolm s oldest brother FBI surveillance documents the black press and tape recorded speeches and interviews DeCaro examines the charismatic leader from the standpoint of his two conversion experiences to the Nation while he was in jail and to traditional Islam climaxing in his pilgrimage to Mecca Examining Malcolm beyond his well known years as spokesman for the Nation *On the Side My People* explores Malcolm s early religious training and the influence of his Garveyite parents his relationship with Elijah Muhammad his often overlooked journey to Africa in 1959 and his life as a traditional Muslim after the 1964 pilgrimage In his critical analysis of *The Autobiography of Malcolm X* DeCaro provides insight into the motivation behind Malcolm s own story offering a key to understanding how and why Malcolm portrayed his life in his own autobiography as told to Alex Haley Inspiring and necessary *On the Side My People* presents readers with a Malcolm X few were privileged to know By filling in the gaps of Malcolm s life DeCaro paints a more complete portrait of one of the most powerful and relevant civil rights figures in American history

On the Side of My People Louis A Decaro Jr., 1997-08-01 A groundbreaking study of Malcolm s relationship to Islam This is the best most thorough account we have of Malcolm X as a religious leader Publishers Weekly In *On the Side of My People* Louis A DeCaro Jr offers the first book length religious treatment of Malcolm X Malcolm X was certainly a political man Yet he was also a man of Allah struggling with his salvation as concerned with redemption as with revolution Drawing on a wide variety of sources including extensive interviews with Malcolm s oldest brother FBI surveillance documents the black press and tape recorded speeches and interviews DeCaro examines the charismatic leader from the standpoint of his two conversion experiences to the Nation while he was in jail and to traditional Islam climaxing in his pilgrimage to Mecca Examining Malcolm beyond his well known years as spokesman for the Nation *On the Side My*

People explores Malcolm's early religious training and the influence of his Garveyite parents, his relationship with Elijah Muhammad, his often overlooked journey to Africa in 1959, and his life as a traditional Muslim after the 1964 pilgrimage. In his critical analysis of *The Autobiography of Malcolm X*, DeCaro provides insight into the motivation behind Malcolm's own story, offering a key to understanding how and why Malcolm portrayed his life in his own autobiography as told to Alex Haley. Inspiring and necessary. On the Side My People presents readers with a Malcolm X few were privileged to know. By filling in the gaps of Malcolm's life, DeCaro paints a more complete portrait of one of the most powerful and relevant civil rights figures in American history.

Extreme Virtue Crispin Sartwell, 2012-02-01 Extreme Virtue presents a new and radical approach to the problems of leadership and virtue in public life. Originating in the author's newspaper writing about the Clinton Lewinsky scandal, the book grapples with what has gone wrong in the American political system and describes what we should look for in our leaders. Sartwell argues that the real problem is a pervasive lack of truth in political leaders and that more can be accomplished by straight talk than by polling and focus groups. The book consists of biographical portraits of five great Americans: anarchists Emma Goldman and Voltairine de Cleyre, conservative senator Barry Goldwater, Lakota spiritual leader John Fire, and black nationalist Malcolm X. The author argues that what makes these figures distinctively American is that each shares a suspicion of power and a vision of individual liberation. Despite their distinctive and unique approaches, each person is a model of truth in public life.

A Shepherd in Harlem: The Life and Times of Ezra N. Williams Louis A. DeCaro, Jr., 2011-11-13 The life and times of one of Harlem's leading clergyman in the 20th century. This book frames his personal story in the context of black history, particularly the events and personalities of Harlem. Based upon extensive interviews and detailed research, *A Shepherd in Harlem* provides an intimate look at the subject's life set against the backdrop of the dramatic and often disturbing events in the history of the most famous black community in the western world.

The debate on black civil rights in America Kevern Verney, 2024-01-16 This book examines the historiography of the African American freedom struggle from the 1890s to the present. It considers how and why the study of African American history developed from being a marginalized subject in American universities and colleges at the start of the twentieth century to become one of the most extensively researched fields in American history today. There is analysis of the changing scholarly interpretations of African American leaders from Booker T. Washington through to Barack Obama. The impact and significance of the leading civil rights organizations are assessed, as well as the white segregationists who opposed them and the civil rights policies of presidential administrations from Woodrow Wilson to Donald Trump. The civil rights struggle is also discussed in the context of wider political, social, and economic changes in the United States and developments in popular culture.

Muslim American Politics and the Future of US Democracy Edward E. Curtis IV, 2020-07-28 Reveals the important role of Muslim Americans in American politics. Since the 1950s, and especially in the post-9/11 era, Muslim Americans have played outsized roles in US politics, sometimes as political dissidents and sometimes as

political insiders However more than at any other moment in history Muslim Americans now stand at the symbolic center of US politics and public life This volume argues that the future of American democracy depends on whether Muslim Americans are able to exercise their political rights as citizens and whether they can find acceptance as social equals Many believe that over time Muslim Americans will be accepted just as other religious minorities have been Yet Curtis contends that this belief overlooks the real barrier to their full citizenship which is political rather than cultural The dominant form of American liberalism has prevented the political assimilation of American Muslims even while leaders from Eisenhower to Obama have offered rhetorical support for their acceptance Drawing on examples ranging from the political rhetoric of the Nation of Islam in the 1950s and 1960s to the symbolic use of fallen Muslim American service members in the 2016 election cycle Curtis shows that the efforts of Muslim Americans to be regarded as full Americans have been going on for decades yet never with full success Curtis argues that policies laws and political rhetoric concerning Muslim Americans are quintessential American political questions Debates about freedom of speech and religion equal justice under law and the war on terrorism have placed Muslim Americans at the center of public discourse How Americans decide to view and make policy regarding Muslim Americans will play a large role in what kind of country the United States will become and whether it will be a country that chooses freedom over fear and justice over prejudice

A History of African-American Leadership John White, Bruce J. Dierenfield, 2014-06-11 The story of black emancipation is one of the most dramatic themes of American history covering racism murder poverty and extreme heroism Figures such as Malcolm X and Martin Luther King are the demigods of the freedom movements both film and household figures This major text explores the African American experience of the twentieth century with particular reference to six outstanding race leaders Their philosophies and strategies for racial advancement are compared and set against the historical framework and constraints within which they functioned The book also examines the grass roots of black protest movements in America paying particular attention to the major civil rights organizations as well as black separatist groups such as the Nation of Islam

African American Jeremiad Rev David Howard-Pitney, 2009-09-02 An enduring verbal tradition links African American leaders from Frederick Douglass to Malcolm X to Alan Keyes

Freedom on My Mind Manning Marable, 2003-07-10 *Freedom on My Mind* reveals the richly diverse and complex experience of black people in America in their own words from the Colonial era of Benjamin Banneker to the present world of Kweisi Mfume and Clarence Thomas Personal correspondence excerpts from slave narratives and autobiographies leaflets significant addresses and speeches oral histories and interviews political manifestos and important statements of black institutions and organizations are brought together to form a volume that testifies to the boundless creative potential of black Americans in indefatigable pursuit of the dream of freedom Arranged thematically the selections illustrate the politics of resistance as reflected through gender and sexuality kinship and community work and leisure faith and spirituality They also highlight the contributions of women to black identity history and consciousness and

offer excerpts from the work of some of the finest stylists in the African American canon A general introduction as well as short introductions and bibliographies for each document further enhance the usefulness of the book for students and researchers

Historical Dictionary of the Civil Rights Movement Christopher M. Richardson, Ralph E. Luker, 2014-06-11

The fiftieth anniversary of many major milestones in what is commonly called the African American Civil Rights Movement was celebrated in 2013 Fifty years removed from the Birmingham campaign the assassination of Medgar Evers and the March on Washington and it is clear that the sacrifices borne by those generations in that decade were not in vain

Monuments museums and exhibitions across the world honor the men and women of the Movement and testify to their immeasurable role in redefining the United States

The second edition of *Historical Dictionary of the Civil Rights Movement* is a guide to the history of the African American struggle for equal rights in the United States The history of this period is covered in a detailed chronology an introductory essay and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities significant legal cases local struggles forgotten heroes and prominent women in the Movement This book is an excellent access point for students researchers and anyone wanting to know more about the Civil Rights Movement

African Americans and the Bible Vincent L. Wimbush, 2012-09-01

Perhaps no other group of people has been as much formed by biblical texts and tropes as African Americans From literature and the arts to popular culture and everyday life the Bible courses through black society and culture like blood through veins Despite the enormous recent interest in African American religion relatively little attention has been paid to the diversity of ways in which African Americans have utilized the Bible

African Americans and the Bible is the fruit of a four year collaborative research project directed by Vincent L Wimbush and funded by the Lilly Endowment It brings together scholars and experts sixty eight in all from a wide range of academic and artistic fields and disciplines including ethnography cultural history and biblical studies as well as art music film dance drama and literature The focus is on the interaction between the people known as African Americans and that complex of visions rhetorics and ideologies known as the Bible As such the book is less about the meanings of the Bible than about the Bible and meanings less about the worlds of the Bible than about how worlds and the Bible interact in short about how a text constructs a people and a people constructs a text It is about a particular sociocultural formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general

Thus *African Americans and the Bible* provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed

The Cambridge Companion to Malcolm X Robert Terrill, 2010-05-17

This Companion presents new perspectives on Malcolm X's life and legacy for students of American history

Transnational Blackness M. Marable, 2008-09-29

Black intellectuals in the US have long thought of racism as a global phenomenon This book presents for the first time a full overview of the history critical analysis and theoretical perspectives of key black scholars and activists on the transnational dynamics of modern race and racism

throughout the world **Living Black History** Manning Marable,2006-01-03 Are the stars of the Civil Rights firmament yesterday s news In *Living Black History* scholar and activist Manning Marable offers a resounding No with a fresh and personal look at the enduring legacy of such well known figures as Malcolm X Martin Luther King Jr Medgar Evers and W E B Du Bois Marable creates a living history that brings the past alive for a generation he sees as having historical amnesia His activist passion and scholarly memory bring immediacy to the tribulations and triumphs of yesterday and reveal that history is something that happens everyday *Living Black History* dismisses the detachment of the codified version of American history that we all grew up with Marable s holistic understanding of history counts the story of the slave as much as that of the master he highlights the flesh and blood courage of those figures who have been robbed of their visceral humanity as members of the historical cannon As people comprehend this dynamic portrayal of history they will begin to understand that each day we the average citizen are makers of our own American history *Living Black History* will empower readers with knowledge of their collective past and a greater understanding of their part in forming our future *Diplomatic*

Para-citations Sam Okoth Opondo,2022-02-09 Taking seriously the critical conception of diplomacy as the mediation of estrangement *Diplomatic Para citations* turns to the politics and laws that tie modern diplomacy to colonial cultures and the genres of Man that they privilege In an attempt to read the diplomatic from the African postcolony the book probes the injunction at the center of the law of genre that states that genres are not to be mixed This enables it to investigate the citational recitational forms of knowledge and practices of recognition that reproduce the diplomatic and colonial order of things in the African context Through a reading of literature philosophy and a multiplicity of everyday practices in Africa and its diasporas Sam Okoth Opondo explores amateur diplomatic practices that provide a counterforce to laws that prescribe faithfulness to a norm form while proscribing the mixing of genres *Islam* Cenap Çakmak,2017-05-18 This expansive four volume encyclopedia presents a broad introduction to Islam that enables learning about the fundamental role of Islam in world history and promotes greater respect for cultural diversity One of the most popular and widespread religions in the world Islam has attracted a great deal of attention in recent times particularly in the Western world With the ongoing tensions in the Middle East and a pervasive sense of hostility toward Arab Americans there is ever increasing need to examine and understand Islam as a religion and historical force *Islam A Worldwide Encyclopedia* provides some 700 entries on Islam written by expert contributors that cover the religion from the birth of Islam to the present time The set also includes 16 pages of color images per volume that serve to illustrate the diverse expressions of this important religious tradition Each entry begins with a basic introduction followed by a general discussion of the subject and a conclusion Each entry also features a further readings list for readers In addition to supplying a comprehensive authoritative overview of Islam this work also specifically addresses many controversial related issues including jihad violence in Islam polygamy and apostasy

Conspiracies and Conspiracy Theories in American History Christopher R. Fee,Jeffrey B. Webb,2019-05-24

This up to date introduction to the complex world of conspiracies and conspiracy theories provides insight into why millions of people are so ready to believe the worst about our political legal religious and financial institutions Unsupported theories provide simple explanations for catastrophes that are otherwise difficult to understand from the U S Civil War to the Stock Market Crash of 1929 to the terrorist attacks on the World Trade Center in New York Ideas about shadowy networks that operate behind a cloak of secrecy including real organizations like the CIA and the Mafia and imagined ones like the Illuminati additionally provide a way for people to criticize prevailing political and economic arrangements while for society s disadvantaged and forgotten groups conspiracy theories make their suffering and alienation comprehensible and provide a focal point for their economic or political frustrations These volumes detail the highly controversial and influential phenomena of conspiracies and conspiracy theories in American society Through interpretive essays and factual accounts of various people organizations and ideas the reader will gain a much greater appreciation for a set of beliefs about political scheming covert intelligence gathering and criminal rings that has held its grip on the minds of millions of American citizens and encouraged them to believe that the conspiracies may run deeper and with a global reach **We Are Not What We Seem** Roderick D. Bush,2000 Rewriting Exodus Anna Hartnell,2011-05-06 Exodus as a powerful narrative of liberation has been a central imaginative touchstone in the black American struggle against US racism This book traces the concept in a number of pivotal black thinkers and explores its significance for contemporary America The exodus story is a fitting allegory for the painful experience of exile that disproportionately afflicted African Americans in the aftermath of Hurricane Katrina and it also provides compelling imagery for the triumphant election of Barack Obama in 2008 Building around these themes Anna Hartnell traces the intellectual development of one of the defining narratives of black American thinking on social justice in the United States In placing black America at the centre of the study of US culture Rewriting Exodus suggests new ways of thinking about America s relationship with the Middle East and the wider postcolonial world Hartnell s groundbreaking contribution marks a vital new chapter in American cultural and political history
