Protecting Global Environment Gc:

Control over Compliance with International Law William E. Butler, 2024-12-09 Of all the Issues on the East West agenda none is more vital to the perestroika processes on the international plane than confidence on all sides that international legal obligations assumed will be wholly complied with Increasingly such confidence requires particular often intrusive machinery to ensure compliance to the satisfaction of the parties concerned The revolution under perestroika is that in East West relations the former prognosts now accept that machinery is required and the deliberations have moved onto the level of why how much and how it can best be accomplished The contributions to the present volume continuing and developing earlier Anglo Soviet symposia on public international law addresses the topic for the first time in a framework that transcends arms control and disarmament

Global Policy Studies Stuart S. Nagel, 1991-06-18 An analysis of international interactions which have been designed to deal with shared policy problems Such problems include pollution trade common property problems health and education This subject crosses the fields of international relations and comparative public policy studies

Protecting, Promoting and Supporting Breastfeeding Mary A. Uyoga, Seema Mhirshahi, Bindi Borg, 2025-03-14 Breastfeeding is widely recognized as the best start to life for all infants and one of the most effective and cost effective investments nations can make for the future health of their community The World Health Organisations recommend exclusive breastfeeding for the first 6 months of life and introduction of nutritionally adequate and safe complementary solid foods at 6 months together with continued breastfeeding up to 2 years of age or beyond Enabling women to breastfeed is key to the sustainable development goals as it improves nutrition ensures food security and reduces inequalities between and within countries Lack of breastfeeding is an important issue with health social and economic implications Infants who do not receive breast milk are more likely to experience infections and poorer health outcomes than breastfed infants In addition there are also health implications for mothers who do not breastfeed

International Environmental Law & Policy Ved Nanda, 2023-09-20 A significant contribution to the field a welcome addition to the growing literature on international environmental law and an important reference for every scholar lawyer and layperson interested in the field Denver Journal of International Law Policy Vol V Emphasizing the human and societal damage caused by corporate actors this provocative book analyzes a broad range of regional and global issues such as air and water quality marine pollution climate change ozone depletion deforestation traffic in hazardous waste and chemicals and loss of biological diversity The text provides readers with an incisive integrated approach to the political economic scientific and technological realities that underlie international environmental law and policy Published under the Transnational Publishers imprint

Protecting People and the Planet Zoe Loftus-Farren, 2010-10 To ensure that responses to global climate changes are effective sustainable and advance global human development security equality and freedom this report proposes that the Conference of Parties mandate a Process within the U N Framework Convention on Climate Change to support states in the

development and implementation of policy This Process to include the full range of stakeholders incl state rep internat human rights and humanitarian agencies and civil soc would make certain that all mitigation and adaptation policies incorp international human rights standards and best practices In so doing this Process would advance the UN s goal to promote peace and security through the protection of human rights

International Environmental Law and Policy for the 21st Century Ved Nanda, George (Rock) Pring, 2012-10-12 A significant contribution to the field and a welcome addition to the growing literature on international environmental law and an important reference for every scholar lawyer and layperson interested in the field

Global Governance of the Environment Afshin Akhtarkhavari, 2010-01-01 This timely book examines the role of environmental principles in changing international environmental law and politics and argues for the importance of integrating environmental principles in the global governance of the environment Afshin Akhtarkhavari includes both theoretical and jurisprudential analyses of the concept of environmental principles as well as detailed case studies to examine their function and role in courts and the differing approaches taken to soft law and regulation in international politics Global Governance of the Environment concludes with succinct and insightful considerations of the role of environmental principles in changing international law and politics This topical book will appeal to researchers academics and students of international environmental law and politics international relations as well as domestic environmental law

Global Environment Outlook 3 United Nations Environment Programme, 2002 Integrating environment and development 1972 2002 State of the environment and policy retrospective 1972 2002 Human vulnerability to environmental change Outlook 2002 32 Options for action

Protecting the Polar Marine Environment Davor Vidas, 2000-11-23 How can we best protect the polar marine environment against pollution Leading scholars on environmental law the law of the sea and Arctic and Antarctic affairs here examine this important question To what extent do existing global instruments of environmental protection apply to the Arctic Ocean and the Southern Ocean Can the arrangements adopted at regional sub regional and national levels provide adequate protection This book examines and compares various levels of regulation in protecting the marine environment of the Arctic and Antarctic with specific attention to land based activities radioactive waste dumping and shipping in ice covered waters Developments since the establishment of the Arctic Council in 1996 and the entry into force of the Protocol on Environmental Protection to the Antarctic Treaty in 1998 are also discussed This is a volume that will appeal to polar specialists and to all those interested in environmental law and policy

Bioremediation for Global Environmental Conservation , 2023-12-06 The global environment has been rapidly deteriorating because of global warming and a large population is facing severe water and food shortages In addition to global warming soil and groundwater contamination by heavy metals such as lead arsenic and chromium due to industrial development and excessive use of pesticides is also rapidly increasing Remediation is necessary for replenishing drinking water and food and remediation using microorganisms bioremediation and plants phytoremediation is one of the most feasible and economical

methods This book deals with strategies for efficient bioremediation and phytoremediation procedures The authors discuss effective remediation technology thus providing important information and new ideas for fighting the deterioration of our global environment
